LATEST CABLE NEWS Destructive Fire at Bordeaux---Thirty Vessels Consumed.

Reported Withdrawal of Minister Sickles'

The Issue Between Turkey and Egypt Settled.

NEW YORK REPUBLICAN CONVENTION

The Excitement in the Gold Board. Special Despatch to the Phila. Evening Bulletin.] NEW YORK, Sept. 29.—The excitement at the Gold Board this afternoon over Smith. Gould Martin & Co.'s refusal to send in their statement, was very intense. Cries were made, "Let's hang them!" "Let's go over and tear down their house!" &c.; but wiser counsels finally prevailed. No doubt there will be a stormy session this evening.

By the Atlantic Cable.

Bordeaux, Sept. 29.—A fire broke out liere last night amongst the shipping, and thirty vessels, laden with petroleum, were destroyed. The loss is heavy, but is unascer-

MADRID, Sept. 29.—It is reported here in official circles to-day that the recent note of Minister Sickles has been withdrawn. CONSTANTINOPLE, Sept. 29.—The mediation Of the great powers of Europe in the matters at issue between Turkey and Egypt has been satisfactory. None of the points presented, Eave one, offered any difficulty.

Southampton, Sept. 29.—The steamer Deutschland, hence yesterday for New York, took 424 000 in specie.

took £24,000 in specie.

From Syracuse. SYRACUSE, N. Y., Sept. 29.—The Republican State Convention was called to order by Hamilton Harris, and elected Dewitt C. Lit-

tlejolin as temporary Chairman.
The consolidation of the New York delegations was announced amid great applause, and the contesting delegations from Kings county were admitted to seats, to vote as one delegation. The Convention, after appointing the usual Committees, took a recess until 3 P. M.

Meeting of the Gold Board. V[Special Despatch to the Phila. Evening Bulletin.] NEW YORK, Sept. 29.—The Gold Board met again at 2 o'clock in executive session. The Committee of Twenty reported all the state-ments in, except those of Smith, Gould, Martin & Co. After an exciting debate, in which the latter firm was severely censured for delay, it was finally resolved that the Committee should proceed to arrange the statement of accounts of those who had settled, leaving out Smith, Gould, Martin & Co., and strike a balance. The board then took a recess until 5 o'clock, when they will probably determine how to acc.

It is stated that Smith, Gould, Martin & Co. were six millions "long" on gold on Friday's

A proposition has been made to sell out the gold of Smith, Gould, Martin & Co. under the rules, the difference between the price and 135 to be divided equally among the members of the Board. Gold is now quoted at 132.

From St. Louis.

St. Louis, Sept. 29.—John Hoag, a German, at Kansas City, a few days ago, very philosophically allowed his wife and children to leave with Charles Munith. Hoag then followed them to Jacksonville, Illinois, and shot them all, the wife twice in the arm, his youngest child in the side, and Munith, it the whollowed the side, and Munith, it they should est child in the side, and Munith in the shoul-

der, and then escaped.

The warehouse and elevator of George W. Schnebly, at Massville, was burned yesterday. The loss is \$15,000 to \$20,000; insurance \$9,000, in Eastern offices. and nearly every head of stock has been run off. In the vicinity of Silver City some mur-

ders have been committed.

The estimated wheat crop of Montana is

CITY BULLETIN.

PAVEMENT FOR WEST GREEN STREET,—An adjourned meeting of the citizens of West Green street was held last evening at the Henry Clay Hall, Coates and West streets, to hear the report of the Committee previously appointed to ascertain and report to them the form of pavement, in their judgment, most desirable. James Otterson, Esq., was called to the chair, and Edward Wrigley acted. as Secretary.

The committee submitted the following

The committee submitted the following report:

To the Cinizens of West Green street: We, the undersigned, the Committee appointed to examine the different kinds of pavements, and to report some one of those for adoption, submit the following:
That the Committee have examined many kinds of pavements in this city; Washington; New York and Brooklyn, and have received proposals from the different parties representing them, and while of these there are some which, being untried by our Northern winters, the Committee might, individually be satisfied to try, yet they do not feel justified in recommending others to do the same at the present time; and as we wish the pavements to be laid this fall, and therefore cannot walk to have a winter's trial, we finally united upon the Alexander Miller wood-pavement, for the following reasons. Because of all wooden pavements the Nicholson has been longest tried and found most serviceable in the Miller pavement, which differs from the Nicholson in those parts in which experience seems to indicate deficiency.

First—In dmitting the strips between the blocks.

flose parts in which experience seems to indicate deficiency.

First—In omitting the strips between the blocks, which strips may work to the top of the parenent forcing the gravel from between the blocks, and leaving them unsupported and loose.

Second—The blocks of the Miller have a base surface equal to the top surface of the flooring, from thence diminishing until at the top the block is one inch less in width then the bottom. The two blocks when placed together leaving a space between them which, when filled with concrete, makes an inverted wedge, thus giving a greater stability to the blocks.

Third—The flooring is thicker in the Miller, which must add solidity and durability.

Fourth—In the Miller the blocks and flooring are made of wood, chemically prepared to resist decay. The great objection to wooden pavement has been its decay. Any

must add solidity and durability.

Fourth—In the Miller the blocks and flooring are made of wood, chemically prepared to resist decay. The great objection to wooden pavement has been its decay. Any method by which this can be avoided must, add greatly to its value, for the real wear of the blocks is comparatively slight.

Fifth—The Miller is cheaper, the company agreeing to lay their pavement satisfactorily to the committee for \$\$ 65 per faquer vard; to give bond to keep it in complete repair, without further charge; for five years, and to lay that in front of the churches gratuitously; to take all responsibility in obtaining the money; and offers to treat liberally with the Railway Company for paving between the rails.

The Committee do therefore, of those who were present at our final meeting, unanimously recommend for adoption the Alexander Miller Wood Pavement. Respectfully submitted.

On motion of R. T. Steele, Esq., it was Resolved, That the street be paved from curb to curb, the citizens only to pay to the track, of the railroad; that the same Committee be continued to see that the contracts cover this suggestion; that they superintend the preparation of contracts, bonds, &c., and see that the contracts are satisfactorily compiled with.

It is understood that the Railway Company is to have that portion of the street be-

pany is to have that portion of the street be-tween the rails paved at the same time the other pavement is laid, in order that the whole street may present an elegant and cleanly appearance, and that this kind of

pavement may have a fair trial. THE TRIALS OF POLICEMEN.—The Mayor's Court for the trial of charges against policemen has been in session several times during the present month.

Policeman John Higgins, Twelfth District, was charged with insubordination. He was told by the Sergeant to go on duty on Broad street, and replied that he "would be G—d—if he would go." Sentenced to be dismissed. missed.

Policeman John Kane, Sixth District, was diamissed for intoxication.
Policeman Samuel J. Miller, Twelfth District, was dismissed for assault and battery on Policeman John Higgins. He called Higgins fan Irish s— of a b—" in the Station House, and knocked him down twice while he was

patroling his beat.

Policeman Thomas Trainer, Fifth District, was charged with obtaining money upon pretence of having a man appointed on the police force. Michael McCollin testified that he was an applicant for a position on the police force that met Trainer come time, before the force; he met Trainer some time before the 8th of May last, and was told that he could not get on without spending money; Trainer offered to get him on the force by the follow-ing Saturday night for forty dollars, or return him the money; he gave Trainer twenty dollars, and promised to pay him the balance when appointed; he was not appointed, and frequent calls upon Trainer failed to get him back the twenty dollars. Trainer, in his defence, said: "This gentleman came to me one evening, while on my beat, and offered me evening, while on 'my beat, and offered me thirty dellars to get him on the force; I took twenty of it; I never looked for it, but never be dismissed, and twenty dollars to be deducted from his pay, and to be paid to Mc-

Policeman William H. Kinley, Ninth Policeman John Eagan, Fourth District, for being absent from his beat, neglecting his duty, and appearing at the Station House drunk, was dismissed.

drunk, was dismissed.
Policeman James Canavan, Sixteenth District, was dismissed for disorderly conduct and offering to fight Policeman P. Duross in the Station House.
Policeman Matthews and Substitute Nagle,

Policeman Matthews and Substitute Nagle, Seventh District, were dismissed for entering a tavern while on duty. Foliceman William Murchison, Sixth Dis-trict, charged with insubordination by taking leave of absence after it had been refused by the Sergeant, was sentenced to lose six days

CHURCH ON FIRE.—About half-past three o'clock this morning, the New Jerusalem Church, on Cherry street, below Twenty-first, was discovered to be on fire. The edifice is two-stories in height, the Sunday-school room, library, &c., being on the first floor, and the place of worship in the second story. The trames originated in the cellar, among some old lumber which had just been put in for kindling wood, and burned through the floor near a door leading from the vestibule to the school-room. The Sunday-school room was pretty well damaged. Connected with it was a small apartment fitted up with shelves, upon which were a large number of yolumes, constituting the church library. There was also a handsome collection of minerals and prepared specimens of natural There was also a handsome collection of minerals and prepared specimens of matural history belonging to Rev. W. H. Benade, a former pastor of the church. This room was entirely burned out, and the contents were destroyed. The damage to the building will amount to about \$800, but the loss by the destruction of the property in the library room cannot be estimated. The church is insured for \$5 (00 in the Franklin). The clurch is constructed to the property of the property in the library room cannot be estimated. The church is insured to the property of th for \$5,000 in the Franklin. The fire has every appearance of having been the work of design, and its origin is being thoroughly investigated by Fire Marshal Blackburn.

FIRE IN THE TWENTIETH WARD.-This morning, about half-past twelve o'clock, a fire broke out in a two-storied frame and stone building on the east side of Darien street, above Poplar, in the Twentieth Ward. The building was entirely destroyed. It was owned by J. R. Eyre. Loss, \$800; no insurance. The structure was occupied by Martin Reichart, cabinet-maker. Loss estimated at \$1,000; no insurance.

The Church of the United Brethren, adjoining, had the rear windows considerably scorched, and the furniture was somewhat The rear portion of the dwelling houses Nos. 18 and 920 North Eighth street were damaged by fire, and the furniture in the houses was injured by water. No. 918 is accupied by water. No. 918 is accupied by the page by the p

James Henderson and 920 by Wm. Reeves. The loss of each is \$400, and is insured. Mrs. Reeves has been ill for several months, and was carried out of the house by policemen.

Several stables on Darien street were slightly scowhed by the heat scorched by the heat.

ALLEGED BURGLARY.—George W. Bower, hailing from Pottstown, was arrested between 12 and 1 o'clock this morning, upon the charge of attempted burglary. The proprietor of a tavern at Twenty-third and Meredith streets heard a noise in the house, and gave the alarm. Bower opened the front door and rushed into the street just in time to be cantured by Police. the street just in time to be captured by Police-man Horan. He had gained access to the house by forcing open the cellar door. He will have a hearing at the Central Station this

In Custopy. James Devlin, the young man who, by the evidence of the Coroner's inquest, was implicated in the killing of Francis C. Arnholt, on Girard avenue, near Thirteenth street, about ten days ago, was arrested, yesterday, by the Eighth District police. He was committed by the Coronor to avoit trial

await trial. AWAIT THAI.

George Breiner, who is also alleged to have been concerned in the affair, surrendered himself to Mayor Fox, at his office, this morning,

Wooden Buildings.—The high constables are now actively engaged in enforcing the ordinance prohibiting the erection of wooden buildings in the city. Yesterday 27 frame houses, standing and in process of erection in the First and Twenty-fifth. Wards, were ordered to be taken down.

dered to be taken down. THERE is no danger, we suppose of Wanamaker's Opening being lost sight of, but let us once more remind our gentlemen readers that to-morrow they have the rarest opportunity of examining the goods and etyles to be fashionably worn this fall and winter. We said our "gentlemen readers," we mean ladies too, for the children's order work for the children's order was to be supposed to the children's order to the children to t the children's and young gents' department i

J. BANKHEAD MAGRUDER, late General of the Confederate army, who was in Mexico during part of Maximilian's career, announces a leekure, on the subject at the Amateurs' Drawing Room, on Saturday evening. The lecture is not political, and it has been received with favor in the West.

RACE AT POINT BREEZE PARK.—A race will take place at Point Breeze Park on Thursday, Sept. 30, mile heats, 3 in 5 to harness, for a purse and stake amounting to \$300. Three entries have been made, and a line trot may be expected.

The special attention of our readers is called to the large sale of new and superior furniture, of the latest and most fashionable styles, direct from the best makers, on Thursday morning at 10 o'clock, at Concert Hall Auction Rooms, 1219 Chestaut street. T. A. McClelland, Auctioneer.

EVERY DAY. Respectfully,

CHARLES STOKES, No. 824 CHESTNUT. Shudder no more at the smell and the taste of physic. The most salubrious purgative, stomachia and alterative ever given to the sick is Dr. Winslow's pleasant flavored Liver and Stomach Lozenge. It renders the process of cure a luxury, and the demand for it is overwhelming.

THE Hirsute Charms of Belles or Beaux are improved by the use of Burnett's Cocoaine.

SUNNYSIDE! SUNNYSIDE!
We claim the following among other improvements:
1. It is so constructed that one-third more of the Heating surface extends into the room, giving that much more additional heat without extra fuel.
2. It is the only warm air first-lack heater in the market. Like the regular built cellar Heater it loses no heat, but confines it all to its legitimate purposes:
3. The fuel magazine is double the usual size, extending from the fire-box to the top-of the stoye, with capacity fortwenty-four hours' supply of coal.
4. The patent double cover for coal.
4. The patent double cover for coal magazine consumes the gas, prevents escape of gas into the room, and makes it impossible for any puffings or explosions to occur. This is an advantage possessed by no other fire-place stove in the market.
6. There are there are clambers, wherein a brisk circulation is kept up, drawing the cold air in the room through heated times into a large Hot air far heated in a reservation of the back of the stove.
6. No side nines are used as the air is heated in a reser-SUNNYSIDE! SUNNYSIDE! through heated these into a large hot are reservoir, at the back of the stove.

6. No side pipes are used, as the air is heated in a reservoir having double radiating flues and bouble rack, supplying large quantities of hot air, without waste of heat or fuel.

7. The Sunnysube utilizes the waste heat so thoroughly that we frequently heat an adjoining room on the first, besides heating the rooms in the second and third stories.

A damper on top of the stove, connected with the hot hir flues, controls the quantity of hot air 're quired for the use of either the upper or lower rooms. All other fire-place stoves are very inconvenien nooms. All other fire-place stoves are very inconvenient in this respect.

9. The Grate is self-cleaning, and no dust can escape 9. The Grate is sen-creaming, and with while shaking it.
10. All parts of this stove are made from the very best materials, and in the most substantial manner, ALL

FIRE-PROOF SAFES.

HERRING'S CHAMPION SAFES.

The Burning of Earles' Art Gallery. FOROM SAW<u>OTO</u>NOM TARIE SHIT

PHILADELPHIA, September 1, 1669. Messrs. FARREL, HERRING & CO GENTLEMEN: We have just examined, with the very greatest satisfaction, our safe, purchased of you some years ago, and which passed through our destructive fire of last niche. yours ago, and which passes among fire of last night.

We find the contents; without exception, entirely un-

harmed, merely alightly damp, and we feel now in a con-dition to commonce our business again; having every Book perfectly safe. Washall in a few days require a larger one, and will

call upon you.

Very Respectfully,

JAMES EARLE & SONS. PHILADELPHIA, August 27, 1809. MESSES, FARREL, HERRING & Co. GENTLEMEN: In the year 1856 I unfortunately was in

husiness in the Artisan Bullding, which was destroyed by fire on the 10th of April. I had then in use what I supposed was a Fire-proof Safe; but upon opening it I found everything was destroyed, and fire burning therein. You will recollect, gentlemen, there was several of your safes in that fire, also several in the fire at Sixth and Commerce streets, the next May, five weeks afterwards, all of which upon being opened proved they were fire proof indeed, for I witnessed the opening of the most of them, and in every case the contents were preserved; while acts of other makers were partially or entirely destroyed. I at once concluded to have some

thing that I could depend upon, and purchased one of our sales.

The safe I purchased of you at that time was subjected to a white heat (which was witnessed by several gentle-men that reside in the neighborhood) at the destruction of my Marble Paper factory, 921 Wallace street, on the afternoon and evening of the 24th inst. After digging the safe from the failns, and opening it this morning, I was much pleased to find everything, consisting of books, papers, money and silverware, all right. I shall want another of your safes as soon as I can get a place to continue my business in. I could not rest contented with any other make of safes. CHARLES WILLIAMS,

Marble Paper Manufacturer. HERRING'S PATENT CHAMPION SAFES, the most reliable protection from fire now known. HER-RING'S NEW PATENT BANKERS' SAFES, com-bining hardened steel and iron, with the Patent Franklinite, or SPIEGEL EISEN, furnish a resistant
