The Secretary offered a resolution that rule 11th of the By-laws be declared inoperative till Monday next, as follows:—"BULE 11.—Should any member neglect to fulfill his contract on the day it becomes due, after having been duly notified, the party contracting with him may employ one of the officers of the Board to purchase or sell gold, as the case may be, accounting with the member for any surplus, or charging him with any deficiency." He deemed this action important as an injunction restricting the sale of Smith, Martin, Gould & Co.'s gold. "We must proceed to business or we will be wiped out by the Stock Exchange and other Boards. Gold must be bought and sold."

The motion was adopted.

Mr. Ellis, of the firm of Wm. Heath & Co., made a statement of the position of the affairs of that firm. They have purchased for Smith, Gould, Martin & Co. large amounts of gold, under the impression that it would be cleared through the Clearing House. They had made every exertion to deliver the gold; but the firm of Smith, Gould, Martin & Co. are, as yet, unable to receive it. He was asserted by Mr. Smith, their their was death.

The great difficulty is that the Gold Exchange Bank has a large amount of our gold, which we are unable to receive. He believed he could assure the Board that some arrangement would be made by which affairs could be settled.

Mr. Hoyt moved that three processes be adopted for taking away contracts: 1st. Paying off; 2d: Payment of differences; 3d. To let parties receive gold who are able to receive, if not in large quantities, in lots of \$10,000. In this way we will be removed from the incubus of Friday's business.
