

CITY BULLETIN.

ALMOST AN APPALLING DISASTER AT A RAILROAD INTERSECTION.—During the recent season of autumn excursions to seaside resorts, an appalling accident, which very nearly resulted in a couple of hundred fatalities, occurred at the intersection of the Camden and Amboy Railroad tracks across that of the Atlantic City Railroad.

The following are the interesting particulars of the affair in which, it will be seen, the engineer exhibited great presence of mind in a moment of tremendous peril. The train was approaching the place where the Camden and Amboy Railroad track crosses that of the Atlantic City Railroad, the engineer whistled "down break."

On a pleasant morning in midsummer the Old Fellows of Atlantic City, Philadelphia and vicinity, gave an excursion to Atlantic City. There were over two thousand men, women and children in attendance, many of them being the operatives of the mills at Atlantic City. The train was drawn by two first class engines, a locomotive and a passenger train.

The locomotives were backed, and being again fastened to the train, started once more, and arrived at the city by the sea, the excursionists knowing nothing at that time of the narrow escape they had made. A report of the affair, which had furnished the railroad companies, and was intended to stop or slack the speed of all trains upon approaching the intersection, and as long as this regulation is complied with by the officers an accident cannot occur.

ATTACK ON THE REPUBLICAN INVINCIBLES.—The Republican Invincibles made a parade last evening for the purpose of attending the Republican mass-meeting in Philadelphia. When the club reached Twenty-third and Chestnut streets the members were greeted with a shower of bricks and stones, thrown by a gang of ruffians who were concealed in the marble yard. Several members were severely wounded by the flying missiles, and were taken to a neighboring drug store to have their injuries dressed.

THE ELECTION CANVASSERS.—The Division Canvassers appointed by the Board of Aldermen are to meet in their respective sections on Monday morning from 9 A. M. to 2 P. M. for the purpose of placing on the registry lists the names of such qualified voters as have been omitted from the assessment lists. There seems to be an impression that the canvassers are to act as assessors, to place names on the assessment lists. This is a mistake.

CHARGED WITH ROBBERY.—John Lovett, Emma Lovett, Francis Perry and Annie Perry, the Smiths were before Alderman Jones this morning upon the charge of robbery. The prosecutor was Charles Moore, of Doylestown, Pa. The evidence showed that Moore came to the city yesterday and fell in with Maggie Carr. He was taken to Lovett's house, No. 107 G Street, where he got drunk, and remained until after midnight, when he was turned into the street.

ARRESTS DURING A MONTH.—The number of arrests made by the police during the month of September was 3,222. The prisoners were divided among the several districts as follows:

NEW BUILDINGS.—During the month of September 617 permits for the erection of new buildings were issued by the Building Inspectors. The following is the character of the structures to be erected: Four-story dwellings, 7; three-story dwellings, 247; two-story dwellings, 272; boiler-houses, 1; churches, 2; coach-houses, 1; dye-houses, 1; factories, 3; green-houses, 2; ice-houses, 3; offices, 2; sheds, 3; slaughter-houses, 1; shops, 6; stables, 17; stores, 4; warehouses, 4; terraces and additions thereto were issued 93 permits.

THE POLICE AND POLITICS.—By direction of the Mayor the Chief of Police called upon the Lieutenants, at the evening of the reports this morning, and instructed them that the police force must abstain from all political interference at the Registry.

at the meetings of the Canvassers, and at the elections, and that the duties of officers must be confined to the preservation of the public peace and the arrest of those who violate it. The Chief notified the Lieutenants that strict obedience to these instructions will be exacted from the men.

SERIOUS CHARGE.—John Thayer was before Alderman Thomas upon the charge of attempting to commit an outrageous assault upon a little girl thirteen years of age. He met the child in Wistar's woods, near Germantown, a few days ago, and then attempted to assault her.

GRAND REPUBLICAN MEETING.—A grand demonstration of the Republican citizens, in front of the Union League House, is announced for Tuesday evening next. At this course there will be a grand gathering, and broad street, from Chestnut to Walnut, will be crowded with people anxious to show their appreciation of the services of the late President Lincoln.

CHANGE OF TIME.—Attention is called to the change of time of the trains of the West Chester and Philadelphia Railroad Company. According to the new winter arrangement trains will leave this city for West Chester, from the depot at Thirty-first and Chestnut streets, at 7:45 A. M., 11 A. M., 2:30 P. M., 4:15 P. M., 4:40 P. M., 6:15 P. M., and 11:30 P. M.

NEW JERSEY MATTERS.—REPUBLICAN CONVENTION.—The Republican Convention of Camden county was held at the Court House at Camden, yesterday afternoon, for the purpose of nominating a candidate for State Senator.

On taking the chair Mr. Gustis acknowledged the compliment in a very neat and graceful speech, saying that he felt it to be an honor and privilege to be elected to the position of a regular Republican Convention of his own county. The Convention then proceeded to the nomination of a candidate for State Senator. The names of John W. and John B. Bott, of Camden, were called, and each delegation was urged to order by Ralph Lee, Esq., President of the last Convention, and Hon. W. C. Cresswell, of Camden, who was chosen President. Messrs. Richards and Warrington, Vice Presidents, and William H. Booth, Secretary.

Mr. Booth then addressed the Convention in a short and powerful speech, which was brimful of eloquence, sound logic and vigor. He declared that he had no personal ambition, and that he was only in the Convention to do his duty. He urged the Convention to support the Republican party, and to elect a candidate who would be able to defend the rights of the people.

PROCEEDINGS OF CITY COUNCIL.—The city Council of Camden held a stated meeting yesterday afternoon at 7 o'clock. Mr. Stiles presented a petition from citizens in North Ward praying that the sidewalk on Water street, between York and Third streets, should be paved with granite. He also presented a petition from Robert E. Howell in reference to property purchased at a sale for taxes, and asking that the payment of the same be waived.

Mr. Cole called up the report of the Special Committee on the petition of Joseph W. Cooper, for the purpose of amending the act relating to the payment of taxes by the poor. A resolution was passed authorizing and directing the City Solicitor to pay the balance of the tax on the property of the poor, from the track of the Camden and Amboy Railroad.

PARADE.—Last evening the members of the Union League of Camden, headed by the band of the Philadelphia Militia, marched down Chestnut street, and then turned into Market street, where they were met by a large number of people. The parade was very imposing, and the music was well rendered.

CITY NOTICES.

OPENING OF THOMPSON REYNOLDS'S MILLINERY EMPORIUM.—Whoever we see a large concourse of people flowing in the same direction, or standing in the same place, waiting patiently on some object, we naturally infer that there is some great attraction, so irresistibly powerful that people cannot resist the temptation of seeing it for themselves. This we saw forcibly illustrated on yesterday, as we journeyed along Eighth and Vine streets. At the northwest corner of these streets, the beautiful and artistically arranged window of Thompson Reynolds's millinery emporium, we saw at once the great objects of attraction, and our minds were excited at every step. Some of the specimens we saw possess beauty, style and finish that are the highest credit on the manufacturer.
