business notes have a very slow sale on the street.

The foreign exchange market is decidedly firmer, owing to the fall in gold and the increased ease in money. The leading bankers ask 1084 for 60 day bills, and 109 for sight.

The Gold market was heavy during the morning, and the price steadily declined from 130 to 129. The rates paid for carrying were 5.6 and 7 per cent. the opening, but afterwards declined 4 to 2 per cent., in sympathy with the fall in gold.

Southern State securities advanced about 3 per cent. on old Tennessees and declined about 2 per cent. on the new bonds. This was due 2 per cent. on the new bonds. This was due to rumors of an over-issue in the new bonds. North Carolina bonds are steady on the old issue, and heavy and lower on the new. The Lake Shore directors are now in session.
