The of hast night.

We find the contents, without exception, entirely unharmed, merely slightly damp, and we feel now in a condition to commence our business again, having every Book perfectly safe.

We shall in a few days require a larger one, and will BURLINGTON COUNTY open you.

Very Respectfully,

JAMES FARLE & SONS.

PHILADELPHIA, August 27, 1869. MESSRS. FARREL, HERRING & Co.
GENTLEMEN: In the year 1856 I unfortunately was in ousiness in the Artisan Building, which was destroyed by fire on the 10th of April. I had then in use what I supposed was a Fire-proof Safe, but upon opening it I ound everything was destroyed, and fire burning therein.
You will recollect, gentlemen, there was several of our safes in that fire, also several in the fire at Sixth

and Commerce streets, the next May, five weeks afterwards, all of which upon being opened proved they were five proof indeed, for I witnessed the opening of e most of them, and in every case the contents w preserved, while safes of other makers were partially or entirely destroyed. I at once concluded to have some-thing that I could depend upon, and purchased one of our safes.
The safe I purchased of you at that time was subjected to a white heat (which was witnessed by several gentle-men that reside in the neighborhood) at the destruction of my Marble Paper factory, 221 Wallace sizest, on the atternoon and evening of the 24th inst. After digging the safe from the rulns, and opening it this morning, I was much pleased to find everything, consisting, of want another of your safes as soon as I can get a place to continue my business in. I could not rest contented o continue my business in.
with any other make of safes.

The arrival of the Alabama at Fernandina,
Florida, on Friday night, is reported by the
Savannah News. The Alabama had four hundred men from New York, who were immediately sent to Cedar Keys to be shipped for Cuba. Two hundred filibusters from Savannah arrived at Baldwin, Florida, on Saturday 27. THE revenue from manufactured tobacco in the Philadelphia Clearing House for the Philadelphia Clearing amounted to \$1,846,678, against an amount for | Sept. 27... the corresponding period of last year of \$280,247. The manufactured tobacco shipped from the State in bond during the six months amounted to 9,492,803 pounds, an excess of 2,091,088 pounds over the corresponding period of 1808. The revenue from tobacco in Virginia for the year beginning March 1st, 1869, is estimated at six times that of the prediction years. amounted to 9,492,863 pounds, an excess of 2,091,088 pounds over the corresponding period of 1868. The revenue from tobacco in Virginia for the year beginning March 1st, 1869, is estimated at six times that of the preceding year.

The Steamer Hornet in Trouble Again.

WILMINGTON, N. C., Oct. 4.—The privateer Hornet, alias Cuba, appeared off Smithville on Saturday evening, flying the Cuban colors. It has been definitely ascertained that she has 200 men and 30 officers aboard, the majority of the latter being ex-Confederates. Her aimament consists of 8 heavy guns.

Yesterday she anchored inside the bar, and sent the engineer and purser to the city to secure a supply of coal, that taken aboard off New York not being adapted to quick movements. Suspicions being soon aroused, the officers, after engaging a supply of coal, returned to the vessel without making arrangements to get the coal aboard. They left this city last night about 12 o'clock for Smithville, thirty-five miles below the city, in small row boats.

Collector of Customs Reemly chartered the steam-tug Alpha this morning at four o'clock, and having placed in the hands of the Deputy United States Commissioner, placed him.

SARATOGA WATER. 322,486 94 1,813 00 6,150 us 413 65 — 116,563 73 SARATOGA, NEW YORK.

The analysis proves that the waters of the Saratoga Star Springs ave a much larger amount of solid substance, richer in kdical ingredients than any other spring in Saratogs, and shows what the taste indicates—namely, that it is the STRONGEST WATER. It also demonstrates that the STAR WATER contains 100 Cubic Inches More of Gas . in a gallon than any other spring. It is this extra amount of gas that imparts to this water its peculiarly sparkling appearance, and renders it so very agreeable to the taste. It also tends to preserve the delicious flavor of the water when bottled, and causes it to uncork with mefferveseence almost equal to Champagne.

Sold by the leading Druggists and Hotels through-JOHN WYETH & BRO., 1412 Walnut Street, Philada, Wholesale Agents.
