Monday. Oct. 4.—The week opened without excitement on the street. No more failures were reported to-day, although there was considerable buying and selling under the rule for the account of tirms whose suspension has been already announced. The stock market was in the main strong, but dull. The Vanderbilt stocks were weak and went off about two per cent., recovering partially towards the close of the day. The outside public are still afraid to enter the market, or too poor to do so, and hence the prevailing duliness. In the afternoon Lake Shore took an upward turn to \$5% on the announcement that the directors had selected decorpe B. Ely for Treasurer in place of Legrand Lockwood. Mr. Ely was formerly Treasurer of the Cleveland. Ashtabula and Paynesville Railway, the noncleus of the Lake Shore consolidated lines. This buoyancy was followed by a reaction, when it was stated that the investigation of the treasurership showed an indebtedness to the company from Bir. Lockwood of nearly two millions of dollars, which amount would be reduced, it was thought, by drawbacks and by Mr. Lockwood's ability to pay fifty cents on the dollar to six or seven thousand dollars. The election of Mr. Ely instead of Mr. Banker gives color to a report that Jay Gould and Daniel Drew have united to render assistence to Lockwood & Co., for the purpose of putfing them in operation again. This will explain the sudden change of front on the part of the Vanderbilt party has tweek. The Erie party seem determined on getting the Lake Shore Road in furtherance of their plan of a through ronte to Cheago. Hence their auxiety to prevent the eventual winding up of Lockwood & Co., which would throw the stock into the Commodore's hands. On the other hand the directors of the Lake Shore who assembled, coday are very conservative in their policy, and while ambitions of a through line are apprehensive of ill results should they affiliate too closely with the Erie party. So stands the matter for the present. The stock market was heavy in its tendency, but was sussessed to the proper warket.
