Dr. Thomas C. Upham's work on Mental Philosophy, published some years since, and homored with several editions, has just been revised and re-formed by its author, and issued in two neat volumes by Harper & Bros. The reatise, in some places condensed and in others enlarged, is not the same as the primary publication; it has received the lights of experience and of additional study, and reveals the ripeness of an older mind. Dr. Upham's philosophy, derived edectically from several of the schools, does not adhere timidly to any of the schools, does not adhere timidly to any of the schools, does not adhere timidly to any of the schools, does not adhere timidly to any of the schools, does not adhere timidly to any of the schools, does not adhere timidly to any of the schools, does not adhere timidly to any of the schools, does not adhere timidly to any of the schools, does not adhere timidly to any of the schools, does not adhere timidly to any of the schools, does not adhere timidly to any of the schools, does not adhere timidly to any of the school have not not to the school have not not to the test of his own mental consciousness.
