The best by far among the sketches with which The Little Corporal for November is filled, is one by Mrs. H. L. Neall, late of Philadelphia, embodying a study, realistically and almost painfully true, of the Digger Indian as is in California. For the sake of the children's tender ears, however, the details are kilfully made as little repulsive as possible. Could the little ones e will select a passage. of the West receive a better lesson of tolerance nd charity, combined with real instruction in ology, relative to a race of creatures who will be extinct and nearly forgotten when they are grown up, than in this graphic description 'O! what a shudder crept over me when I first saw Dick! He was so dirty and almost naked, and he was eating a nasty mess of grasshoppers and acorns, pounded together, and said, 'um wau-au wau,' every time I spoke to him. He had a bow, rudely made, and some arrows tipped with quartz in h hands, and two cotton-tailed rabbits, which he . kept holding out to mother. The total num-ber so removed is 248. Of the thirty-four known names in this list, only three are names of victims of the massacre, and all efforts to obtain a list of the names of the others have been thus far unsuccessful. Volume 23 contains the records of the graves of 16,675 Union soldiers interred in the national cemeteries at

seven cents (\$245,755 97). The balance, twenty-eight thousand nine hundred and ninety-six dollars and twenty-five cents (\$28,-996'25), being mostly due from insolvent oil companies, will probably never be recovered. I find by comparison, that this balance of old claims, uncollected, is unprecedentedly small. During my term of office there has been cer-tified to me for collection-up to July last, the time of my last quarterly state-ment to the State Treasurer-claims amounting to four hundred and thirty-two thousand five hundred and fifty-one dollars and sixty-seven cents (\$432,551 67). Of these I have collected three hundred and ninety-nine thousand seven hundred and forty-five dollars and seven cents (\$399,745 07). The balance, amounting to thirty-two thousand eight hun-dred and six dollars and sixty cents (\$32,-S06 (0), has been put in suit, but the money may not be made, either on account of the defendants' insolvency or the failure to obtain service. During the last quarter there has been certified to me one hundred and thirty-eight thousand two hundred and fifty-seven dollars

and sixty-five cents (\$138,257 65), nearly all having come to my hands within a month. These have either been paid or suits commenced, all of which are being prosecuted with the utmost peed. In fact, at the present time there is not i this department a single claim which is not as far advanced as the arrangement of the term days of the courts will allow. The entire collection made by me and paid into the State Treasury amounts to nine hundred and there has been collected during the past quarer one hundred and two thousand four hunlred and eighty-eight dollars and thirty-five cents (\$102,488 35). In addition, to the sums collected as above, 1 have recovered in the
