OCTOBER. Month of the iris hues, and balmy air; When Summer lends its sun with softened When Summer lends its sun with soltened glare, When glowing woodlands everywhere ap-pear, Then art indeed the sunset of the year: Solution and solve and so Then art indeed the sunset of the year: When Summer's tints have from the gardens field, Te blend in opal softness, overhead; And Summer's fragrance, shed from flowers too fair To last on earth, seems lingering in the air. We welcome thee, and all thy bright array, We welcome thee, and all thy bounteou and gaze upon the sunset of the year. The soft blue rivers through the meadows flow, Where bordering forests in the ripples show Their mingling tints; and where smooth

5-2

Blend with the pictured forests, into one. The lofty hills conceal their summits' shapes In blue as soft as hides the purple grapes ; While on their sides the towering evergreen, With many a gayer comrade, scarce is seen. The robins flocking on the wooded hill. Their little crops with autumn berries fill; Then take to flight, no more for us to sing, Intil returning with the welcome spring.

The crows. collecting where the sunlight pours **Ppon** the groves that echo with their "caws," **Join** the bright bluebird, and the noisy jay. **In** chanting praises of the autumn day. Now with the coolness of the days of spring, We feel the warmth that June's bright hours bring, And blended beauties in thy days appear, Until thou art the glory of the year.

Where all is softly bright—serenely gay, Where golden swnlight and soft shadows play; We stand enraptured ! for the days are here, That give the gorgeous sunset of the year. [J. J. B., in the Albion.

the latest conclusions of learned thought, for a conspicuous performer. which Appleton's seems to have a vocation. This aggressive nature of woman makes it

with the sciencing extracts have been prominent in interesting portraits, nowhere else accessible to interesting portraits, nowhere else accessible to the common student, of men prominent in modern research, such as Lecky, Tyndall and Stokes, the British astronomer. Messrs. Ap-pleton have the credit too, in the conduct of this Jdurnal, of doing something towards rais-this Jdurnal, of doing something towards rais-this Jdurnal, of doing something towards rais-the conventions are recognized as an impor-tant political and social force. Even in this

ming the week in which near was reasoning the server of our which near was reasoning and physical decay, fielding, and load of prochaming and in the week as a readius of the week as a readius o the regiment. He has been frequently seen by the militia guard lurking about the new gaol at mseasonable hours in the night; and about seven days ago was at Chester, in a one-horse chair, with a woman of the town. It is supposed said deserter is on board one of the vessels bying below Chester. Whoever apprehends This interesting paper has been reproduced This interesting paper has been reproduced

 The name grave untrue space and the space of eagle on a naystaok. Over her neck and bo-som was folded a lace handkerchief, fastened in front by a bosom-pin rather larger than a copper cent, containing her grandfather's min-ature set in virgin gold. Her airy form was braced up in a satin dress the cleaves set sight braced up in a satin dress, the sleeves as tight has it against woman at least as effectively as an area and the natural skin of the arm, with woman has it against him; and to this end as the natural skin of the arm, with a waist formed by a bolice, worn ontside, whence the skirt flowed off, and was distended at the top of an ample hood. Shees of white kid; with peaked toes and heels of two or three inches elevation, eit. Now for the swain: his hair was sloeked and plentifully belowered, while his mater projected like the hancle of a (skillet. More projected like the hancle of a (skillet. as the projected like the hancle of a (skillet. astater the proj

for such little flaws. It would seem, indeed, as if the legend of the successive ages of man, as we have it in the , ing, as Horace inelegantly calls it, has seldom wanted a representative in the history of man-kind, from Helen of Troy to Isabella of Spain. But war—the only sort of strife in which kind, from here on' hoy sort of storife in which But war—the only sort of strife in which woman does not take, or wish to take, an actual share—is a small part of the strife of humanity. And in almost all other forms of contention woman is at least as active a par-ticipator as man. In the 'contest for domestic pre-eminence and for 'social influence; in the "scramble for amusement and enjoyment; in [J. J. B., in the Albion. NEW PUBLICATIONS. The seventh monthly Part of Appleton's The seventh monthly Part of Appleton's in the fight for distinction or for notoriety; in the struggle to be rich; in the struggle to seem rich by keeping up appearances; m short, in every phase of human contention and competition, from the struggle to get married up to the har order of scientific information, indicating the latest conclusions of learned thought, for a conspicuous performer. The avaletable scores to have a vocation of a conspicuous performer. which Appleton's seems to have a vocation. Information for the people has not, we think, since the day of the Penny Magazine, been so well and judiciously garnered. In connection with the scientific extracts have been published interesting portraits, nowhere else accessible to interesting portraits, nowhere else accessible to ber of new cooks to help us to brew our broth; Stokes, the British astronomer. Messrs. $AP_{entrophilo}$ is the product of this Jdurnal, of doing something towards rais-ing American taste in art. They have selected accellent pictures for reproduction in their paper, such as Melssonier's "Ghallenge," the last introduced to illustrate an interesting historical sketch from the German. The larger pictures are occal and Stite or the German. The larger pictures are occal and Stite or the Could Langer with the ingenuity and bilter of the Atlantic, to show how much the German. The larger pictures are occal sionally artistic, as witness Winslow 'Homer's eartoon of girls fishing on the Sawkill. The success of such a journal is in a sense the cri-terien of American advance in literary taste. We receive a specimen copy of a reprint of a very valuable and scarce old newspaper, published in Thihadelphia on October 31, 17S1. This reprint is in the old style of type them in the original. It is called The Freeman's Journal, and was published in Philadelphia during the week in which news was received of

NEW BOOKS BY THE
