PHILADELPHIA, September 1, 1869. Messrs. FARREL, HERRING & CO., GENTLEMEN: We have just examined, with the very greatest satisfaction, our safe, purchased of you some years ago, and which passed through our destructive fire of last night.

We find the contents, without exception, entirely unharmed, merely slightly damp, and we feel now in a condition to commence our business again, having every book perfectly safe. We shall in a few days require a larger one, and will call upon you.

Very Respectfully, JAMES S. EARLE & SONS. PHILADELPHIA, August 27, 1869. Messrs. FARREL, HERRING & CO., GENTLEMEN: In the year 1856 I unfortunately was in business in the Artisan Building, which was destroyed by fire on the 10th of April. I had then in use what I supposed was a fire-proof safe, but upon opening it I found everything was destroyed, and fire burning therein.

You will recollect, gentlemen, there was several of your safes in that fire, also several in the fire at East Commerce street, the next May, five weeks afterwards, all of which upon being opened proved they were fire-proof indeed, for I witnessed the opening of the most of them, and in every case the contents were preserved, while safes of other makers were partially or entirely destroyed. I am convinced to have something that I could depend upon, and purchased one of your safes.

The safe I purchased of you at that time was subjected to a white heat which was witnessed by several gentlemen that reside in the neighborhood of the destruction of my Marble Paper factory, 721 Wallace street, on the afternoon and evening of the 21st inst. After digging the safe from the ruins, and opening it this morning, I was much pleased to find everything, consisting of books, papers, money and silverware, all right. I shall want another of your safes as soon as I can get a place to continue my business in. I could not rest contented with any other make of safe.

CHARLES WILLIAMS, Marble Paper Manufacturer. HERRING'S PATENT CHAMPION SAFES, the most reliable protection from fire now known. HERRING'S NEW PATENT BANKERS' SAFES, containing burglar-proof steel and iron, with the Patent Franklinite, or SPIEGEL EISEN, furnish a restorative against boring and cutting tools to an extent heretofore unknown.
