GENTLEMEN: We have just examined, with the very greatest satisfaction, our safe, purchased of you some years ago, and which passed through our destructive lre of last night. We shall in a few days require a larger one, and will 1869. We shall in a call upon you.

ery Respectfully, JAMES 5. EARLE & SONS. PHILADELPHIA, August 27, 1969. MESSRA. FARREL, HERRING & Co. GENTLEMEN: In the year 1856 I unfortunately was in business in the Artisan Building, which was destroyed by fire on the 10th of April. I had then in use what I pposed was a Fire-proof Bafe, but upon opening it I ound everything was destroyed, and fire burning therein. You will recollect, gentlemen, there was several of your safes in that fire, also several in the fire at Sixtl and Commerce streets, the next May, five weeks after-wards, all of which upon being opened proved they were fire-proof indeed, for I witnessed the opening of the most of them, and in every case the contents were preserved, while safes of other makers were partially or irely destroyed 1 at once concluded to have son thing that I could depend upon, and purchased one of

your safes. The safe I purchased of you at that time was subjected to a white heat (which was witnessed by several gentlemen that reside in the neighborhood) at the destruction of my Marble Paper factor; 921 Wallace street, on the aiternoon and evening of the 24th inst. After digging the safe from the rulns, and opening it this morning, I was much pleased to find everything, consisting of books, papers, money and silverware, all right. I shall want another of your safes as soon as I can get a place to continue my business in. I could not rest contonted with any other make of safes. OHARLES WILLIAMS,
