CITY BULLETIN. OBSEQUIES OF ADMIRAL STEWART .meeting was held at the Mayor's office yesterday afternoon, at five o'clock, to make arrange-ments for the funeral of the late Admiral Chas. Stewart. The meeting assembled in response to a note from the Mayor. Hon. Adolph E. Borie, ex-Secretary of the Navy, was, on motion of General Robert Patterson, called to the chair, and James Starr, Esq., was appointed Secretary. The Mayor said that he had invited their advice and co-operation with the view of paying the best tribute of respect to the memory of Admiral Stewart, by the citizens as well as the corporate authorities of the city of Philadelphia, that the brief time between now and the day of the funeral permitted. He had sent written communications to the Presidents of the two Chambers of Councils, and had no doubt of their full co-operation. He then laid before the meeting the following card, addressed to the citizens of Philadelphia, the purpose of which was to invite the participation of the various civic societies and organizations, and citizens generally, as well as the municipal

Fof Rear-Admiral Stewart is an event that

formed that the President of the United States, the Governor of the Commonwealth, the Secretary of the Navy, the commanding officers of the army and navy on duty in Philadelphia, and the Major-General commanding the First division Pennsylvania Volunteers, have ar-ranged for full observance and attendance of Number of families under care of visithe military, the navy and volunteers; and the store, tors, Number of sick attended, Mayor now respectfully invites the co-operation of City Councils, the judiciary, the municipal ad other civic officers, and all citizens, and to this end he respectfully suggests their attend-ance at the funeral, on Wednesday next, Nov. 10. at 3 o'clock P. M., and that the flags on public and private buildings, and on the ship-ping in the harbor, be displayed on that day at lf-mast, and that between the hours of 2 and 5 o'clock P. M., there be a general suspension DANIEL M. FOX,

Mayor of Philadelphia. naval officers major-treneral meade (who was present) had designated Brigadier-General Charles F. Ruff to act as marshal of the funeral procession. General Meade stated that he had ordered all the troops of the regular army within reach to attend the obsequies. It was further that the Movine Corres forms the will make their appeal to citizens in person

BOTHAND. SEALS

Amsterdam and Its Great Canal. AMSTERDAM, Oct. 1 .--- Holland is plane in a sthematical sense, and plain in a descriptive nse. There is not a hill in the country. sense. There is not a hi Bocks have descried it. Earthquakes ha Rocks have described it. Earthquakes have been afraid to touch it. Nothing has ever inrned up in the land. The Dutch must have been originally mermalds and mermen, for they must have existed before there was land to live upon. There is not much now. Land is a hixury in Holland. Just as there are unhappy people in England, who never tasted Devoin-abire cream. So there must has Dutchmen in shire cream, so there must be Dutchmen in folland who never saw land. At first sight nere is nothing apparently substantial about the country except the canal banks, the churches, and the people. The old churches have the great grace of space. The people are much the reverse of the types made familiar to us by Diedrich Knickerbocker. The men Chirurgie Etrangere" the following extraordi-

a bright, spacious, original town. There is actually a wood here, and water-streets in their greatest glory. Both here and in Haar-lem you come at night mon the da intiest, solemn, shady streets, with tail graceful trees waying their branches on high-with broad water in the midst silvered by the broad water in the midst silvered by the branches and eliciticity was suppressed. Dr. Lorenzo y Carmo, and his assistants were superied, frightened at a result so unexpected, and at the power of an agent which, in their hands, had restored life to a body whose right to exist the law had for-

way. Everybody has read of the murder of the De Witts, and the political execution of Oldenbarneveld, the darkest of Dutch trage-dies, with which Mr. Motley has made all his reader accounted the murder of the murder of the barned surgeon who had only had in view a simple physiological experiment em-ployed all his skill to continue this work, which science, aided against all expectation by na-ture, had so singularly commenced. He asture, had so singularly commenced. He as-sisted the process of cicarisation which pro-gressed under the most favorable conditions. By means of an esophagian probe liquid torn to pieces. It is now untenanted, but still unchanged. A drawing of the house of the Grand Pensionary cut into the chumney piece of the chamber in which he was confined is still clear and distinct uncoded confined is still clear and distinct, untouched At length, at the end of seven months and a confined is still clear and distinct, untouched by time or any other defacing fingres. Below is the cage where the religious martyrs were feeling only a slight stiffness in the neck and a confined, and almost underneath is the torture chamber of the Inquisition. The rack is still So ends this remarka in its place, the chafing dish large enough to scorch the extremities of 20 heretics at once, and other well-known instruments for en-abling obtuse persons to comprehend the true

low Velsem. They, of course, cut through a few miles of land on their way; but their great difficulty is building in the sea enormous banks, violent deaths, surely it may be applied to which are to constitute eternal barriers to the deaths ensuing, as the coroners' juries have it. restless and swaying ocean, which has long from natural causes. In this case we might been accustomed to turbulent behavior in this part of the world. The great breakwater at the North Sea will, with its lock-gates and great found in heirs-apparent. basin for the reception of vessels, project a mile into the violent waters. The area of the harbor will be above 200 acres, and the Frederick the Great was in the habit of water will be deep enough to float the Great Eastern. There will be great beauty and finish in the work. Velsem, not long ago a beueslew and come to in nouseless and sedgy plain, is now converted bakers of Potsdam petitioned for additional into a busy manufactory of immense blocks of concrete. The blocks are made of bricks, shingle, sand and Portland cement. After exposure to the air they acquire the hardness of rascals. Let the magistrates call them to acmarble. The average weight of a block is ten count." Mr. Knieger, a Berlin merchant, retuns, and 80,000 will be required to finish both quested permission to establish a rum factory piers. Were they placed one above another at the capital. The King's reply was, "I will they would make a column 90 miles high. There are no piers or breakwater works in Great Britain to be compared in magnitude to was not drunk." A horse dealer, who had

pression of melancholy, and a strong, sonorous, and singularly flexible voice. as melodious as harp, and quite equal to the requirements of the lecture-room. Her husband was the com poser and violinist, Ernst. He died in 1865 after a happy union of ten years. The desire of perpetuating his memory lent inspiration to his widow; she became a sculptor by instinct and herself modeled his tomb. Her subse quent lectures on French poetry attracted the ttention of all Paris, and opened to her the gates of that ancient institution, the Sorbonne. Before her marriage she had acted with Rachel, and for two years had been the leading tragelienne at the Odéon.
