WASHINGTON, October 16, 1869.

SEALED PROPOSALS for furnishing
Mail-Locks and Keys of new kinds, to be substituted for the Locks and Keys now used on
the United States mails, will be received at this ocks and Keys of a new construction for the xclusive use of the United States mails, and exclusive use of the United States mais, and, if practicable, invented expressly for that purpose. As the exposure of a model Luck and Key to public examination would impair, if not destroy, its utility for the mails, the Department prescribes no model for bidders, but relies for its selection on the specimens of mechanical skill and ingenuity which a fair competition among inventors, hereby invited, may develop. It is sufficient to describe the principal regulations of a Mail-Luck, as follows: Self-Lucking uniformity, security, lightness, strength,

Locking uniformity, security, lightness, strength durability, novelty of construction and facility of use. Two kinds of Locks, and Keys; one of ass and the other of iron, different in extebrass and the other of fron, undertain in exterior form and interior construction or arrangement, are required; the Proposals should specify separately the price of each brass Lock, each Key for same; each iron Lock, and each Key for same. Duplicate samples of each kind of Locks and Keys proposed are required to be submitted with the Proposals; required to be submitted with the Proposals; one of each Sample Lock to be riveted up and inished, and another to be open or unriveted, o that its internal structure and arrangement may easily be examined. Every sample should be plainly marked with the bidder's name, and, if the same or any part of it be covered by a patent, the date of such patent and the e of the patentee must also be attached The internal plan or arrangement of the Locks offered, and the particular shape of the Key requisite to open them, must not be like any now or heretofore in use.

They must be warranted not to infringe with the state of the control of the co upon or conflict with any patented invention of which the bidder is not the patentee. Pre-ference will be given to a Lock, the Key of which has not been exposed to general obser-vation, or been publicly described, disclosed, or suggested.

A decision on the various specimens and

boxes containing not more than two hundred Locks each. The Keys are to be delivered to

an agent of the Department, duly and specially authorized in each case to take charge of and convey the same from the contractor's manufactory to the Department, where both Locks

d Keys are to be inspected and approved be-

fore they shall be paid for.

The contractor will be required to give bond.

with ample security, in the sum of fifty thou-sand dollars, to be forfeited to the United

sand dollars, to be fortested to the United States as liquidated damages, in case of his failure to faithfully perform the contract, either as to furnishing the supplies ordered within a reasonable time, or as to guarding the manufacture of the Mail Locks and Keys with due privacy, integrity and care.

No Proposal will, therefore, be accepted if not accompanied with a hond of the neual

not accompanied with a bond of the penal sum of Twenty Thousand Dollars, duly exe-

but was arrested and taken ashore.

It appears from the evidence before the coroner's inquest that the switchman on duty at the scene of the recent catastrophe on the Western Pacific Railroad was unable to read or write, that he could not, therefore, tell from he time tables when trains were due, and that he did not even know which train had the right to the track. THE North Carolina Legislature had a quo-rum present on Wednesday, and the Governor's message was read. It places the State debt at \$34,950,085, including \$4,280,000 bonds not issued. The Governor says it will be necessary to fund the interest due on the bonds. He opposes the repudiation or increase of the debt, favors a liberal school system, and recommends a change in the military laws. THE Superior Court at Atlanta, Ga., has de-

THE Superior Court at Atlanta, Ga., has decided that telegraph companies are not considered common carriers, and are not responsible ered common carriers, and are not responsible to retrors of atmospheric electricity over which they have no control; and that their rules are a special contract, binding upon those who use their lines. It was also decided that companies are not liable for errors and delays on territory subject to military control.

A DESPATCH from Ismalia says: Thirty-four steamers had arrived, and many more were expected. At the shallowest point becamers had arrived, and many more were expected. At the shallowest point becamers had arrived, and the depth is generally twenty-five to thirty feet. An immense crowd of visitors were at Ismalilla from all parts of the world, and the feativities were continued with great enthusiasm. The entire fleet will start for Sucz on Friday. The number of guests who have been specially invited by the Khedive will exceed 3,000 Europeans and 25,000 Orientals.
