INGENUITY.

An Inventive tonvict Bewarded, There is to be seen in the shop for the manufacture of agricultural implements in the State Prison at Jackson, a very rare and ingenious piece of mechanism. It is a turning State Prison at Jackson, a very take and as nious piece of mechanism. It is a turning lathe, which turns sticks of variable thickness and of any degree of crookedness short of a double bow knot. It is principally used in turning scythe snaths, but it will do any other sort of twisted work equally well. Besides doing the labor of a dozen hands, it also does it work with greater accuracy than could possibly be done by hand; so that, upon the whole, it is really a very valuable piece of machinery. CITY NOTICES.

FROM A WELL-KNOWN CITIZEN.—PHILA-DELPHIA, Jan. 26, 1870.—I have been a great sufferer for many years with diabetes and kidney difficulty. Some of the time I was compelled to pass water every fifteen minutes during the day, and more than twenty times during the night. I had lost much in flesh, and was greatly debilitated. In this consistion, without any hope of cure, as I had taken the remedies of a dozen physiciana in this city, I applied to Brs. Galloway & Bolles, of the Electropathetic Institution, 1230 Walnut street, and after examining me they assured me shey could cure me. I am happy to say that in three weeks they cured me perfectly, and I am now a well man.

OURE OF GRAVEL OF FIVE YEARS'STANDING-STONE PASSED AND TO BE SEEN.

BAVANNAH, Tenn., May 14, 1869.

Dr. H. T. Helmbold-DEAR SIR: We introduced your "Vluid Extract Buchu" in this country about eight months ago, and are happy to state that it is meeting with universal favor. We wish to inform you of one instance (among many) where your "Buchu" has worked wonders. A man in our county, named J. B. Estell, has been suffering about five years with gravel. About six weeks ago e bought of us one bottle of your "Buchu." and befor he was through with one bottle he passed a gravel that weighs eight grains, which we now have on exhibition in our drug store. He says that he will never be without the "Buchu?" in his house again, "Your preparations are gaining favor every day.

Very respectfully, yours, &c., ECCLES & HINKLE, Druggists.

CURE OF BLADDER AND KIDNEY AFFECTION OF LONG STANDING-STONE PASSED AND TO BE SEEN.

WESTPORT, Conn., Sept. 5, 1869.

H. T. Helmbold, Esq.-DEAR SIR: I commenced taking your "Extract of Buchu" about two weeks since for an affection of the bladder and kidneys. I have suffered by spells very much for a few days past. But yesterday relief came through the effect of your "Buchu." A stone passed from my bladder about the size of a large pea, and I now feel perfectly well and entirely free from the pain that I have suffered with "so hard." I attribute my cure to your medicine eatirely, and would-recommend all persons similarly affected to try it. I have great faith in its curative powers. Yours, truly,

THOMAS J. BENNETT.

CURE OF KIDNEY AND BLADDER AFFECTION OF A PATIENT SEVENTY-EIGHT YEARS OF

THANKS TO MR. HELMBOLD.

GIRARD, Penna., March 31, 1869. EDITOR COSMOPOLITE: I desire, as an unsolicited tribute to the merits of Helmbold's Buchu, and for the benefit of those similarly afflicted as myself, to say that after consulting many eminent physicians, and trying nearly all the best advertised remedies, in the vain hope of finding relief from aggravated kidney and bladder liseases, from which I have suffered excessively for many years, good fortune finally suggested to me Helm bold's Buchu, which I commonced using with little faith, and no apparent beneficial results for about a month. At the expiration of that time, however, I thought, I commenced to experience slight relief, which encouraged me to persevere in its use, and now, at the expiration of four months, although I am an infirm old man, nearly 78 years of age, and consequently medicines cannot be expected to favorably affect me as they other wise would, I have found such unspeakable relief and permanent benefit from Mr. Helmbold's valuable discovery, that I feel I ought to publicly record the fact as an acknowledgment to him and a valuable suggestion to the public. Yours, respectfully,

D. M. LAREN. Mr. Laren refers to the following geutlemen:

A PERMANENT CUBE OF GRAVEL OF TWELVE YEARS' STANDING-STONE PASSED AND TO BE SEEN.

BURNSIDE, Conn., Dec. 15, 1369.

DEAR SIR: It is with much pleasure that I write you npon facts respecting myself. I do not know hardly how to express myself. I have been for the last ten or twelve years the greatest sufferer man could be and live; but more sometimes than others. The complaint was the "kidneys" and "bladder." I have been sometime from twelve to fourteen hours, and wanted to make water every minute, and could not. Have consulted doctors, both in Massachusetts and this State and taken pills, I may say by the quart, also liquored medicines but found no relief from any, and got worse the last six nonths. I was so that I could scarcely get about. I could not rest night or day. It would soon have been all up" with me, if I had not seen your advertisement in the Berkshire Courier, headed "Kidneys." I read it through and thought I would try it. I purchased a bottle, but, mind you, had not much faith in it. Why should I, when I had been trying so many things and cost me so much? Well, I began taking it, and before I had taken the first bottle I felt bad; but I finished it had taken the first bottle I left bad; but I missed at and got another. By the time I took half of the second I still got worse (apparently). When I walked it seemed as if my right kidney was falling from its place, and I felt really bad. I felt so before I had finished the second, that I had made up my mind it was of no use trying any more—and all this time the "Buchu" was doing its work, but I did not know it; so I gave it up and went to Hartford on Saturday to one of the best doctors in the city. He said it was thencek of the bladder, and I should have to undergo an operation. He gave memedicine, and I went home quite downhearted. On Sunday I was unable to go to church. I had not taken any of his modicine, but on my return continued using the "Buchu," and in the after-noon I had a desire to make water, but could not. About one hour after this I tried again, with the same resultibut the next time I took the vessel it was the same as turning a faucet and stopping it off again. It was so for three times, and the third time there was something came through the passage and struck against the side of the vessel. I examined it, and it is the ugliest stone or gravel you ever saw, covered over with little pieces which collected together. It looks the color of a mud turtle, and is as hard as fint. So you see the "Buchu" was doing its work, although I was feeling so badly I procured another bottle, thinking there might be some more behind; but since that has passed, which is eight weeks ago last Sunday, I have been as well as ever I was in my life. I have the stone securely wrapped, and those who have seen it in this place are surprised.

I cannot tell you all, but this is a true story of my case,

and you are welcome to make such use of my name

as you think proper: I am protty well-known in Berkehire; also in Connecticut. The advertisement sayed me. Why not publish more? The
