FINE ARTS.—There is now on exhibition at the salerooms of Messrs. Martin Brothers, No. 520 Chestnut street, a very large collection No. 529 Chestnut street, a very large collection of modern oil paintings, comprising nearly 200 on the catalogue. The gallery was well filled yesterday and this morning, and from the interest manifested by those present there will undoubtedly be considerable competition to obtain the finest pictures. We noticed among the collection some fine specimens of the art, by George G. Hartwick, W. C. A. Ferichs, J. M. Culverhouse, Paul Ritter, Frank Seiton, Nicholson, and others. We were restrictlarly struck with the number of were particularly struck with the number of fine copies from the old masters of the Munich and Dresden Galleries. This 'excellent op-portunity to secure pictures of real merit at auction prices should not be allowed to pass unimproved. The sale commences to-morrow morning, continuing in the evening, and closing on Friday morning and evening.

CURE OF GRAVEL OF FIVE YEARS'STANDING STONE PASSED AND TO BE SEEN.

SAVANNAH, Tenn., May 14, 1869. Dr. H. T. Helmbold-

DEAR SIR: We introduced your "Fluid Extract Buchu" in this country about eight months ago, and are happy to state, that it is meeting with universal We wish to inform you of one instance (among many) where your "Buchu" has worked wonders: A man in our county, named J. B. Estell, has been suffering about five years with gravel. About six weeks ago he bought of us one bottle of your "Buchu," and before he was through with one bottle he passed a gravel that weighs eight grains, which we now have on exhibition in our drug store. He says that he will never be without are gaining favor every day.

Very respectfully, yours, &c., ECCLES & HINKLE, Druggists.

WESTPORT, Conn., Sept. 5, 1869.

H. T. Helmbold, Esq. DEAR SIR: I commenced taking your "Extract of Buchu" about two weeks since for an affection of the bladder and kidneys. I have suffered by spells very much for a few days past. But vesterday relief came through the effect of your." Buchu." A stone passed from my bladder about the size of a large pea, and I now from my plauder about the size of a large year and a now feel perfectly well and entirely free from the pain that I have suffered with "so hard." I stiribute my cure to your medicine entirely; and would recommend all per-sons similarly affected to try it. I have great faith in

Enron Cosmorolite: I desire, as an unsolicited tribute to the merits of Helmbold's Buchu, and for the benefit of those similarly afflicted as myself, to say that after consulting many eminent physicians, and trying nearly all the best advertised remedies, in the vain hop of finding relief from aggravated kidney and bladder liseases, from which I have suffered excessively for many years, good fortune finally suggested to me Helm bold's Buchu, which I commenced using with little faith, and no apparent beneficial results for about a month. At the expiration of that time, however, thought, I commenced to experience slight relief, which encouraged me to persevere in its use, and now, at the expitation of four months, although I am an infirm old man, nearly 78 years of age, and consequently medicines cannot be expected to favorably affect me as they otherwise would, I have found such unspeakable relief and permanent benefit from Mr. Helmbold's valuable discovery, that I feel I ought to publicly record the fact as an acknowledgment to him and a valuable suggestion to

PERMANENT CURE OF GRAVEL OF TWELVE YEARS' STANDING-STONE PASSED AND TO BE SEEN.

BURNSIDE, Conn., Dec. 15, 1969,

Dr. Helmbold-

DEAR SIR: It is with much pleasure that I write you upon facts respecting myself. I do not know hardly how to express myself. I have been for the last ten or twelve years the greatest sufferer man could be and live; but more sometimes than others. The complaint was the "kidneys" and "bladder." I have been sometime from twelve to fourteen hours, and wanted to make water every minute, and could not. Have consulted doctors, both in Massachusetts and this State, and taken pills, I may say by the quart, also liquored medicines, but found no relief from any, and got worse the last six months. I was so that I could scarcely get about. I could not rest night or day. It would soon have been "all up" with me, if I had not seen your advertisement in the Berkshire Courier, headed "Kidneys." I read it brough and thought I would try it. I purchased bottle, but, mind you, had not much faith in it. Why should I, when I had been trying so many things and cost me so much? Well, I began taking it, and before I had taken the first bottle I felt bad; but I fluished it and got another. By the time I took half of the second I still got worse (apparently). When I walked it seemed as if my right kidney was falling from its place, and I felt really bad. I felt so before I had shished the second, that I had made up my mind it was of no use trying any more—and all this time the "Buchu" was doing its work, but I did not know it; so I gave it up and went to Hartford on Baturday to one of the best doctors in the city. He said it was the neck of the bladder, and I should have to undergo an operation. He gave memedicine, and I went home quite downhearted. On Sunday I was unable to go to church. I had not taken any of his medicine, but on my return continued using the "Buchu," and in the afternoon I had a desire to make water, but could not. About one liour after this I tried again, with the same result: but the next time I took the vessel it was the same as turning a faucet and stopping it off again. It was so for three times, and the third time there was something came through the passage and struck against the side of the vessel. I examined it, and it is the ugliest stene or gravel you ever saw, covered over with little pieces which collected together. It looks the color of a mud turtle, and is as hard as flint. So you see the "Buchu" was doing its work, although I was feeling so badly I procured another bottle, thinking there might be some more behind; but since that has passed, which is eight weeks ago last Sunday, I have been as well as ever I was in my life. I have the stone securely wrapped, and those who have seen it in this place are surprised. Teannot tell you all, but this is a true story of my case, and you are welcome to make such mae of my name as you think proper. I am protty well-known in Berkehire; also in Connecticut. The advertisement saved me. Why not publish more? The Springfield Republican is a wide spread paper. If

Mr. H. T. Helmbold-

DEAR Sri: In regard to the question saked me as to my orinion about Buchu, I would say that I have used and sold the erticle in various forms for the past thirty years. I do not think there is any form or preparation ofit I have not used, or known to be used, in the various diseases where such medicate agent would be indicated. You are aware, as well as myself, that it has been extensively employed in the various diseases of the blad-der and kluneys, and the reputation it has acquired, in

my judgment, is warranted by the facts. I have seen and used, as before stated, every form of Buchu—the powdered leaves, tincture, fluid extracts and I am not cognizant of any preparation of that plant at all equal to yours. Twelve years' experience ought, I think, to give me the right to judge of its merits; and without prejudice or partiality, I give yours precedence over all others.

I value your Buchu for its effect on patients. I have

cured with it, and seen oured with it, more diseases of the bladder and kidneys; than I have ever seen oured with any other Buchu or any other proprietary com-Respectfully yours, &c.,

DRAR. Sin: I have been a sufferer for upwards of twenty years with gravel, bladdor and kidney affections, during which time I have used various medicinal pre-parations, and been under the treatment of the most eminent physicians, experiencing but little relief. Having seen your preparations extensively advertised

I consulted my family physician in regard to your Extract of Buchu.
I did this because I had used all kinds of advertised remedies and had found them worthless, and some quite injurious; in fact, I despaired of ever getting well, and determined to use no remedies hereafter unless I knew of the ingredients. It was this that prompted me to use your remedy. As you advertised that it was com-posed of buchu, cubebs and juniper berries, it occurred to me and my physician as an excellent combination, and with his advice, after an examination of the article and

consulting again with the druggist, I concluded to try ti. I commenced to use it about eight months ago, at which time I was confined to my room.

From the first bottle I was astonished and gratified at the beneficial effect, and after using it three weeks was able to walk out. I felt much like writing to you a full statement of my case at the time, but thought my im-rovement might only be temporary, and therefore con-clided to deter, and see if it would effect a perfect cure. knowing that it would be of greater value to you and

more satisfactory to me. I am now able to report that a cure is effected after using the remedy for five months.

I have not used any now for three months, and feel as
