THE PROPOSED STHMUS CANAL.

Advantages of the Scheme. The value of a ship canal at the lathmus of anama would be immense for all the world ns all the world knows; but the great mari-time Powers would profit most by it. The British Admiralty are already using that transit, by rail, for the purposes of the royal navy. Several hundred sailors were recently transferred from the war-ship Revenge, on the Gulf rerred from the war-ship Revenge, on the Gult side, to the Zealous, on the Pacific, and as many "homeward-bound" men brought across. The expense was \$40,000, but the Admirals, Hastings and Farquhar, considered the "crossing" much cheaper than the way round the Hora, and they were of opinion that seamen will be interchanged in this way for the future, from the Atlantic to the Pacific. They could interchange ships as well if they had a canal, which, if it would be a vast expenditure, would also prove a great saving in the long would also prove a great saving in the long

CURE OF GRAVEL OF FIVE YEARS'STANDING-STONE PASSED AND TO BE SEEN.

SAVANNAH, Tenn., May 14, 1869.

Dr. H. T. Helmbold-DEAR SIR: We introduced your "Fluid Extract Buchu" in this country about eight months ago, and are happy to state that it is meeting with universal We wish to inform you of one instance (among many) where your "Buchu" has worked wonders. A man in our county; named J. B. Estell, has been suffering about five years with gravel. About six weeks ago he bought of us one bottle of your "Buchu," and before he was through with one bottle he passed a gravel tha weighs eight grains, which we now have on exhibition in our drug store. He says that he will never be without the "Buchu" in his house again. Your preparations are gaining favor every day.

Very respectfully, yours, &c..

CURE OF BLADDER AND KIDNEY AFFECTION OF LONG STANDING-STONE PASSED AND TO

BE SEEN.

WESTPORT, Conn., Sept. 5, 1869.

H. T. Helmbold, Esq.-DEAR SIR: I commenced taking your "Extract of Buchu" about two weeks since for an affection of the bladder and kidneys. I have suffered by spells very nuch for a few days past. But yesterday relief came through the effect of your "Buchu." A stone passed rom my bladder about the size of a large pea, and I now from my plander thought the size of a large period to have the pain that I have suffered with "so hard." I attribute my cure to your medicine entirely, and would recommend all persons similarly affected to try it. I have great faith in its curative powers. Yours, truly,

THOMAS J. BENNETT.

CUBE OF KIDNEY AND BLADDER AFFECTION OF A PATIENT SEVENTY-EIGHT YEARS OF

THANKS TO MR. HELMBOLD.

GIRARD, Penna., March 31, 1869. EDITOR COSMOPOLITE: I desire, as an unsolicited tribute to the merits of Helmbold's Buchu, and for the enefit of those similarly afflicted as myself, to say that after consulting many eminent physicians, and trying nearly all the best advertised remedies, in the vain hope of finding relief from aggravated kidney and bladder liseases, from which I have suffered excessively for nany years, good fortune finally suggested to me Helm bold Buchu, which I commenced using with little faith, and no apparent beneficial results for about a month. At the expiration of that time, however, I thought, I commenced to experience slight relief, which encouraged me to persevere in its use, and now, at the expiration of four months, although I am an infirm old man, nearly 78 years of ago, and consequently medicines cannot be expected to favorably affect me as they otherwise would, I have found such unspeakable relief and permanent benefit from Mr. Helmbold's valuable discovery, that I feel I ought to publicly record the fact as an acknowledgment to him and a valuable suggestion to the public. Yours, respectfully,

A PERMANENT CURE OF GRAVEL OF TWELVE YEARS' STANDING-STONE PASSED AND TO BE SEEN.

BURNSIDE, Conn., Dec. 15, 1869.

DEAR SIN: It is with much pleasure that I write you upon facts respecting myself. I do not know hardly low to express myself. I have been for the last ten or twelve years the greatest sufferer man could be and live; but more sometimes than others. The complaint was the "kidneys" and "bladder." I have been sometime from twelve to fourteen hours, and wanted to make water every minute, and could not. Have consulted octors, both in Massachusetts and this State and taker oills, I may say by the quart, also liquored medicines but found no relief from any, and got worse the last six months. I was so that I could scarcely get about. I could not rest night or day. It would soon have been all up" with mo, if I had not seen your advertisement in the Berkshire Courier, headed "Kidneys," I read it through and thought I would try it. I purchased a bottle, but, mind you, had not much faith in it. Why should I, when I had been trying so many things and cost me so much? Well, I began taking it, and before I had taken the first bottle I felt bad; but I finished; and got another. By the time I took half of the secon-I still got worse (apparently). When I walked i seemed as if my right kidney was falling from it-place, and I felt really bad. I felt so before I had unished the second, that I had made up my mind it was of no use trying any more—and all this time the "Buchu" was doing its work. but I did not know it; so I gave it up and went to Hartford on Saturday to one of the best doctors in the city. He said it was the neck of the bladder, and I should have to undergo an operation. He gave me medicine, and I went hon quite downlearted. On Sunday I was unable to go to church. I had not taken any of his medicine, but on my return continued using the "Buchu," and in the after neon I had a desire to make water, but could not. About one hour after this I tried again, with the same result but the next time I took the vessel it was the same as turning a fancet and stopping it off again. It was so for three times, and the third time there w 5 something came through the passage and struck against the side of the vessel. I examined it, and it is the ugliest stene or gravel you ever saw, covered over with little pieces which collected together. It looks the color of a mud turtie, and is as hard as flint. So you see the "Ruchy" was doing its work, although I was feeling so badly I procured another bottle, thinking there might be som more behind; but since that has passed, which is eight weeks ago last Sunday, I have been as well as ever I was in my life. I have the stone securely wrapped, and those who have seen it in this place are surprised. Leannot tell you all, but this is a true story of my case, and you are welcome to make such use of my name, as you think proper. I am pretty well-known in Berkshire; also in Connecticut. The adver-BNOWDEN & BROTHER, tisement saved me. Why not publish more? The Springfield Republican is a wide-spread paper. If

Mr. H. T. Helmbold-BRY, H. T. Helmood—

DEAR Siz: In regard to the question asked me as to my opinion about Buchu, I, would say that I have used and sold the article in various forms for the past thirty years. I do not think there is any form or preparation

of it I have not used, or known to be used, in the various diseases where such medicate arent would be indicated. You are aware, as well as myself, that it has been exansivoly employed in the various diseases of the bial der and kinneys, and the reputation it has acquired, in my judgment, is warranted by the facts. I have seen and used, as before stated, every form of Buchu-the powdered leaves, tincture, fluid extracteand I am not cognizant of shy preparation of that plant at all equal to yours. Twelve years oxportence ought

I think, to give me the right to judge of its metits; and without prejudice or partiality. I give yours precedence over all others. I value your Buchu for its effect on patiants. I have cured with it, and seen cured with it, more diseases of the bladder and kidneys, than I have over seen cured with any other Buchu or any other proprietary com-

pound of whatever name.

Respectfully yours, &c.,

A CASE OF TWENTY THARS STANDING. PHILADELPHIA, Penn., June 25, 1867.
H. T. Heimbold, Druggist—

DAR SIR: I have been a sufferer for upwards of twenty years with gravel, bladder and kidney affections, during which time I have used various medicinal preparations, and been under the treatment of the most eminent physicians, experiencing but little relief. Having seen your preparations extensively advortised, I consulted my family physician in regard to your Ex-

I did this because I had used all kinds of advertised remedies and had found them worthless, and some quite injurious; in fact, I despaired of over getting well, and injurious; in isot, a despaired of over getting well, and determined to use no remedies hereafter unless I knew of the ingrédients. It was this that prompted me to use your remedy. As you advertised that it was composed of buchu, cabebs and juniper berries, it occurred to me and my physician as an excellent combination, and with his advice, after an examination of the article and consulting again with the druggist, I concluded to try it. I commenced to use it about eight months ago, at

which time I was confined to my room.

From the first bottle I was astonished and gratified at the beneficial effect, and after using it three weeks was able to walk out. I felt much like writing to you a full statement of my case at the time, but thought my im-rovement might only be temporary, and therefore concluded to defer, and see if it would effect a perfect cure, knowing that it would be of greater value to you and

more satisfactory to me.

I am now able to report that a cure is effected after sing the remedy for five months. I have not used any now for three months, and feel as well in all respects as I ever did. Your Buchn being devoid of any unpleasant taste and oder, a nice tonic and invigorator of the system, I do not mean to be without it whenever occasion may require its use on such affections.

Should say one doubt Mr. McCormick's statement, he refers to the following gentlemen: Hon. WM. BIGLER, ex-Governor of Pennsylvania.

And many others, if necessary.

ONE HUNDRED DOLLARS WOULD BE GIVEN FOR A BOTTLE, IF NECESSARY.

BAHWAY, N.J., Dec. 2, 1869. DEAR SIR: Itake pleasure in sending you a certifi-cate, in addition to the many you have received from suffering humanity. I can scarcely find language sufficiently strong to express my heartfelt gratification at the wonderful cure your "Buchu" has effected. For our years I have suffered beyond description. All my friends (with myself) came to the conclusion that my case was incurable. Accident placed your adver case was in my hands. I commenced taking your 'Buchu.' I followed the directions, and to my utter astonishment, before I had taken seven bottles of your valuable medicine, (I would give \$100 a bottle, if your valuable medicine, (I would give 5100 a bottle, it is could not get it at any other price,) I am entirely cured. I most carnesily recommend it to all those suffering from disease. I have told many persons to take your valuable medicine, and they are doing so with great success.
