OURE OF GRAVEL OF FIVE YEARS'STANDING-STONE PASSED AND TO BE SEEN.

SAVANNAH, Tenn., May 14, 1869.

Dr. H. T. Helmbold-

DEAR SIR: We introduced your "Fluid Extract Buchu" in this country about eight months ago, and are happy to state that it is meeting with universal favor. We wish to inform you of one instance (among many) where your " Buchu" has worked wonders. A man in our county, named J. B. Estell, has been suffer ing about five years with gravel. About six weeks ago he hought of us one bottle of your "Buchu," and befor he was through with one bottle he passed a gravel that weighs eight grains, which we now have on exhibition in our drug store. He says that he will never be without the "Buchu" in his house again. Your preparations are gaining favor every day.

WESTPORT, Conn., Sept. 5, 1869. H. T. Helmbold, Esq.

DEAR SIR: I commenced taking your "Extract of Buchu" about two weeks ince for an affection of the bladder and kidneys. I have suffered by spells very much for a few days past. But yesterday relief came through the effect of your "Buchu." A stone passed from my bladder about the size of a large pea, and I no feel perfectly well and entirely free from the pain that I have suffered with "so hard." I attribute my cure to many medicina entirely, and would recommend all peryour medicine entirely, and would recommend all persons similarly affected to try it. I have great faith in

its curative powers. Yours, truly,

THANKS TO MR. HELMBOLD.

GIRARD, Penna., March 31, 1869. EDITOR COSMOPOLITE: I desire, as an unsolicited tribute to the merits of Helmbold's Buchu, and for the nefit of those similarly ufflicted as myself, to say that after consulting many eminent physicians, and trying nearly all the best advertised remedies, in the vain hope of finding relief from aggravated kidney and bladder diseases, from which 1 have suffered excessively for many rears, good for tune finally suggested to me Helm-bold Buchu, which I commenced using with little faith, and no apparent beneficial results for about a month. At the expiration of that time, however, I thought, I commenced to experience slight relief, which encouraged me to persevere in its use, and now, at th expiration of four months, although I am an infirm old man, nearly 78 years of age, and consequently medicines cannot be expected to favorably affect me as they otherwise would. I have found such unspeakable relief and permanent benefit from Mr. Helmbold's valuable dis covery, that I feel I ought to publicly record the fact as an acknowledgment to him and a valuable suggestion to

the public. Yours, respectfully, D. M. LAREN.

Mr. H. T. Helmbold-

DEAR SIR: In regard to the question asked me as to DEAR Sin: In regard to the question asked me as, to my opinion about Buchu, I would say that I have used and sold the article in various forms for the past thirty years. I do not think there is any form or proparation of it I have not used, or known to be used, in the various diseases, where such medicate agent would be indicated. You are aware, as well as myself, that it has been exensively employed in the various diseases of the blad der and kidneys, and the reputation it has acquired, in

my judgment, is warranted by the fact.

I have seen and used, as before stated, every form of Buchu—the powdered leaves, tincture, fluid extracts—and I am not cognizant of any preparation of that plant at all equal to yours. Twelve years' experience ought, I think, to give me the right to judge of its merits; and, without prejudice or partiality, I give yours precedence over all others.

I value your Buchu for its effect on patients. I have

cured with it, and seen cured with it, more diseases of the bladder and kidneys, than I have ever seen cured with any other Buchu or any other proprietary com Respectfully yours, &c.,

A CASE OF TWENTY YEARS STANDING.

GEO. H. KEYSER, M. D.,

PHILADELPHIA, Penn., June 25, 1867.

H. T. Heimbold, Druggest-

DEAR SIR: I have been a sufferer for upwards of twenty years with gravel. bladder and kidney affections during which time I have used various medicinal pre parations, and been under the treatment of the m eminent physicians, experiencing but little relief. Having seen your preparations extensively advertised

I consulted my family physician in regard to your Extract of Buchu. I did this because I had used all kinds of advertised remedies and had found them worthless, and some quit injurious; in fact, I despaired of over getting well, and determined to use no remedies hereafter unless I knew of the ingredients. It was this that prompted me-to use your remedy. As you advertised that it was com-posed of buchu, cubebs and juniper berries, it occurred to me and my physician as an excellent combination, and with his advice, after an examination of the article and sulting again with the druggist. I concluded to try it. I commenced to use it about eight months ago, at which time I was confined to m; room.

From the first bottle I was astonished and gratified a the beneficial effect, and after using it three weeks was able to walk out. I felt much like writing to you a full statement of my case at the time, but thought my imrovement might only be temporary, and therefore con-cluded to defer, and see if it would effect a perfect cure knowing that it would be of greater value to you and

I am now able to report that a cure is effected after using the remedy for five months.

I have not used any now for three months, and feel a

well in all respects as I ever did.

Your Buchu being devoid of any unpleasant taste and oder, a nice tonic and invigorator of the system, I do not mean to be without it whenever occasion may re quire its use on such affections.

BE SEEN. BURNSIDE, Conn., Dec. 15, 1369.

Dr. Helmbold-DEAR SIR: It is with much pleasure that I write you

upon facts respecting myself. I do not know hardly how to express myself. I have been for the last ten or twelve years the greatest sufferer man could be and live; but more sometimes than others. The complaint was the "kidneys" and "bladder." I have been sometimes from twelve to fourteen hours, and wanted to make water every minute, and could not. Have consulted doctors, both in Massachusetts and this State and taken pills, I may say by the quart, also liquored m but found no relief from any and got worse the last six months. I was so that I could scarcely get about. I could not rest night or day. It would soon have been "all up" with me, if I had not seen your advertisement. in the Berkshire Courier, headed "Kidneys." I read through and thought I would try it. I purchased bottle, but, mind you, had not much faith in it. Why should I, when I had been trying so many things and cost me so much? Well, I began taking it, and before I had taken the first bottle I felt bad; but I finished i and got another. By the time I took half of the second I still got worse (apparently). When I walked it seemed as if my right kidney was falling from its place, and I felt really had. I felt so before I had finished the second, that I had made up my mind it was of no use trying any more—and all this time the "Buchu" was doing its work, but I did not know it; so I gave it up and went to Harfford on Saturday to one of the best doctors in the city. He said it was the neck of the bladder, and I should have to undergo an operation. He gave memedicine, and I went home quite downhearted. On Sunday I was unable to go for church. I had not taken any of his medicine, but on my return continued using the "Buchu," and in the after neon I had a desire to make water, but could not. Abou one hour after this I tried again, with the same fresult but the next time I took the vessel it was the same as turning a faucet and stopping it off again. It was so for three times, and the third time there w something came through the passage and struck against the side of the vessel. I examined it, and it is the ugliest stene o gravel you ever saw, covered over with little piece which collected together. It looks the color of a mu turtle, and is as hard as flint. So you see the "Buchu" was doing its work, although I was feeling so badly I procured another bottle, thinking there might be some more behind; but since that has passed, which is eight weeks ago last Sunday, I have been as well as ever I was in my life. I have the stone securely wrapped, and those who have seen it in this place are surprised I cannot tell you all, but this is a true story of my case and you are welcome to make such use of my nam

as you think proper. I am pretty well-known in Berkshire; also in Connecticut. The advertisement saved me. Why not publish more? The Springfield Republican is a wide-spread paper.
