

degrees north latitude. Their position, since their discovery to the present time, has been ascertained to be about 1000 miles from the surface of our globe. It is found in the rocks of the Devonian period, and in the gold derived from it; it is also found in the veins of the same period, and in the geological formations, but it has never been found in any secondary formation. It is, however, much more common in the tertiary strata than among primitive and progynous rocks. It is found in the veins of the same period, and in the geological formations, but it has never been found in any secondary formation.

The amount of money received at the office of the Receiver of Taxes on Saturday was \$100,000, which, added to the amount for five days of \$1,000,000. The Director of the Mint, under instructions from Washington to reduce the working force, discharged with the services of twenty male and twenty female employees.

The question of purchasing the Camden Water Works by the City Council may be considered as settled, both parties having submitted to the arbitration of the Hon. J. C. Nease, Jr. The arbitration is taking place in the City Hall, and the arbitrator is taking a deep interest in the matter. The arbitrator is taking a deep interest in the matter.
