The State Treasury Investigation. The Senate Finance Committee met last night, Mr. Billingfelt in the chair. General Irwin, ex-State Treasurer, appeared and made a statement to the following effect ; That it was absolutely impossible for him, at this late date, to give a monthly statement of the affairs of the Treasury during his term. No vault \$1,000 for being accessory after the fact of robaccount had been separately kept by him, but bery. 

stated distinctly that he declined to be sworn or make any statement beyond that already

amount was charged against R. W. Mackey, Esq., the present State Treasurer, at the time he entered upon his duties, by which change or transfer your account was closed. I have the lionor to be, your most obedient servant, JOHN F. HARTRANFT.

HARRISBURG, March 2, 1870.—To the Comgive evidence upon a subject embodied in a has be resolution adopted by the Senate on the 7th of fice as Treasurer 1 settled my accounts and handed over all moneys and effects in the Treasury to my successor. I made a final set thement on the first Monday of May, 1869, with singing. Missionary offerings to a large money was lost, and all the affairs of my of-fice were closed up to the entire satisfaction of the auditing department of the State. I defy any one to make any charge against me for malfeasance in office, and to substantiate it with competent testimony. When that de-curs, I will be ready to meet and refute it. But until then I will not recognize the right of the committee of the Senate, or of any tribunal in this land, to call me as a witness and examine me upon any question connected with my personal or official integrity. Whilst I admit the power of a legislative committee to inquire into my whole official conduct, and the management of the affairs of my office. I desire to distinctly understood as objecting to the exercise of any such inquisitorial power as referred to. In the absence of any charge or accusation affecting my official integrity, it would

subversive of every principle of law, in vioation of that right which enables every man to demand that his accusers meet him face to opens. face. I only wish to add that I am not aninated by any want of confidence in this Com-

in addition to what had been already communicated of any transactions during his administration which would be of any service to the Committee in this investigation. He therefore again refused to be questioned, and retired. It is openly asserted that this appears to be to terminate the labors of the Committee, inas-much as all other State treasurers who have een subprenaed to appear to-morrow evening will probably take the same position as Mr. Irwin, taking the ground that, their accounts having all been adjusted, they are no longer iable to be subjected to legislative inquiry.
