CITY BULLETIN.

THE DEDICATION OF CHRIST M. E. CHURCH. -The sale of the pews in this remarkable temple of worship was made last evening. Its locality is the junction of Thirty-eighth with Bridge street. The premiums upon the sale of the pews amounted to the sum of \$507. The brethren of the congregation decided to give to various veteran members of the church a choice of seats. These people were poor. What the church desired was that they should receive honor at the hands of their more wealthy brethren, and that instead of leaning themselves against the plastering of the rearmost wall, they should sit among the elders of the congregation. This motion was unani-mously carried. These veteran members, male and female, first chose their seats; th remainder were last evening disposed of, so far as premium was con-cerned, at public auction. The trustees of the church include Messrs. Wm. H. West, President; Samuel Sausser, Secretary; J. J. Dovey, Treasurer; John Blakeley, Chairman Building Committee; John S. Hemphill, B. F. Sausser, and P. W. Zeigler. Many gentlemen, not identified by numbership with the cause of Methodism, were present on the occasion of last night. Mr. Joseph Livingston, of the firm of Taussig & Livingston, and a score or two of others not identified with the church in question, were present with their pocket-books in their hands. The new church cost exactly \$45,276. The deficit in the appropriation was something less than \$14,000. The entire sum was last night paid in and receipted for. More than this, a very superior organ has been purchased by the church. It is already in position. It will be formally or ened by a grand sacred concert at an early day. Mr. Joseph Livingston is Grand Master of Mozart Masonic Lodge, in this city. He has also identified himself as among the well-wishers to the new Methodist Church at Thirty-eighth and Bridge The ultimate consecration of this church will take place about a month from date. What now worries the brethren is that, by the inexorable edict of the existing Metho-dist system of itinerancy, they must so soon part with the pastor who has worked for them such abundant results, and whom they would only be too glad to retain for the full extent of the term of his natural life.

AN OLD SWINDLE REVIVED .- Two Germans stopped at the house of Mrs. Mary Jones, No. 827 Charlotte street, yesterday. They had a box containing jewelry. They entered into conversation with Mrs. Jones. Finding that she was a German, the mother country was talked about. They didn't offer to sell any jewelry. Finally the conversation was turned upon the customs laws. The men said that they had a lot of goods in the Custom House, but couldn't get them out, because they hadn't sufficient funds to pay the duties. Would Mrs. Jones be kind enough to loan them \$300 for a few hours? They would leave their jewelry as security. Mrs. Jones looked into the box. Everything looked bright and neat. The contents of the box appeared to be double the value of the loan asked. Mrs. Jones is of an accommodating nature. She counted out \$300 and handed it to the men. They passed over the box and retired with many thanks for the kindness of the lady. Mrs. Jones's husband came home soon afterwards He examined the jewelry a little more criti-cally than his wife had done. The articles were all found to be bogus. The entire lot was pro-bably not worth more than a couple of dollars. The swindled woman appeared at the Detec tive office yesterday afternoon, and told her story through an interpreter. She gave a full description of the "sharpers," but if she gets her money back again it will be a very singular circumstance.

GENERAL MEADE'S PORTRAIT.—The Union GENERAL MEADE'S PORTRAIT.—The Union League House was the scene of a very pleasant affair last evening, the occasion being the formal presentation of Knight's full-length portrait of General Meade to the Union League. The contributors to this interesting work of art, about thirty in number, assembled in the handsome banquet-room, where the compliment of a very elegant dinner was lendered to General Meade, who was accompanied by Generals Van Uliet and Drum the panied by Generals Van Vliet and Drum, the

senior members of his staff. After a full discussion of the tempting dainties for which the cuisine of the Union League enjoys such a high reputation, the painting was formally presented by Joshua Spering. Esq., Chairman of the Committee having the affair in charge. President Mohalf of the League, and General Meade, being called upon, responded in a speech which showed that the hero of Gettysburg has mastered the field of oratory as well as that of battle.

battle.

Eloquent speeches were also made by J. Gillingham Fell, Esq., Genoral Van Vliet, General Drum, George H. Boker, Esq., John P. Wetherill, Eso., Aubrey H. Smith, Esq., and others, and the company broke up at a late hour, after a most agreeable evening. The Union League is mainly indebted to the zeal and energy of Thomas Webster, Esq., for this handsome addition to the art attractions of its beautiful house, which could scarcely possers a more appropriate and interesting ornament than this faithful representation of Pennsylvania's great soldier. tion of Pennsylvania's great soldier

Over the channel of its, current there is, as yet, no barrier. Workmen are now engaged, day and night, in placing a new organ in the church of the Rev. Mr. Wadsworth. The reason of this is that, according to the terms of the contract, the organ must be ready for operation within two weeks from date.

Salmon, just now, is an expensive luxury. Orders for it sent to Boston, accredited with drafts to pay for it at the rate of sixty cents a pound, have not been honored. The salmon is a fish that ranks, among the piscatorial tribes, as the lion ranks among the schedule of the ferocious quadrupeds beguiled by Noah into taking up a select corner in the zoölogical compartment of the ark. Unless an army of enthusiastic pisciculturists should pledge cal compartment of the ark. Unless an army of enthusiastic pisciculturists should pledge themselves to an endeavor to perpetuate the species, the sight of a salmon might become as rare as the sight of a Texan tarantulus, or a hooded snake as found in a garden in the environs of Calcutta.

THE RESULT OF A DREAM .- Christian Heil-The Result of A Dream.—Christian Hellman, residing at No. 2754 Frankford road, ate a hearty supper last evening, and went to bed about nine o'clock. He was asleep in a few minutes. He then had a dream. He got into a squabble with a butcher. Butcher seized a big knife and ran at him. The dreamer became greatly frightened. He leaped from the bed. His wife was greatly astonished, but before she had time to realize what was the notter her bushond had jumned through the matter her husband had jumped through the window. He is a large man, weighing about two hundred pounds, and carried away the blinds and the entire upper portion of the sash blinds and the entire upper portion of the sadar He fell from the third story to the sidewalk. This was about half-past nine o'clock. Upon landing upon the pavement he was thoroughly awakened. His hands and face were much cut by the broken glass of the window, and his body was considerably bruised. It is believed that no bones were broken. The escape from instant death was miraculous.

ATTEMPTED ROBBERY .- Last night, about twelve o'clock, an attempt was made to rob the tailor store of O. Menger, No. 1520 Ridge avenne. The thieves got into the yard and pried open a back shutter. They then entered the premises, but retreated suddenly in consequence of a noise made by a dog. They left helind two jimmles, and took away an old colice coat. The latter was subsequently found on the street by Policeman Shilling, of the Ninth District.

SLIGHT FIRES.—The roof of an unoccupied louse, No. 811 Race street, was partly destroyed by fire about three o'clock yesterday afternoon. The alarm of fire about half-past seven

o'clock this morning was caused by the burning of some combustibles in a store No. 940 Market street. Damage trifling. About nine o'clock this morning a slight fir occurred at the wire and sieve store of Walker & Co., on Front street, above Market.

lee. The cold weather of the past few days has caused the ice to form on the various small streams and ponds about the city, and ome of the ice dealers are gathering in a sup-ply. The ice is not very thick, and therefore not of very good quality. There are no signs of ice on the Schuylkill yet. The high wind keeps the surface of the water so turbulent that it has no chance to freeze.

LODGERS IN POLICE STATIONS.—The pre sent "cold snap" increases the number of ap-plicants for lodgings at the police station-houses. During last night 83 males and 22 females were accommodated in the Third District, and 83 were lodged in the Teuth District The other station-houses ranged from 20 to 60. STRALING CORSETS .- John Dairey stopped in front of a store at Thirteenth and Kates streets. In the window a lot of corsets were displayed. John poked his fist through the glass, seized a half dozen corsets and made off. He was pursued and captured. Ald. Bonsall ent Mr. Dairey to Moyamensing.

ALLEGED WIFE BEATER.-William Sullivan, residing at No. 1650 Mervine street, was arrested yesterday and taken before Ald. Hood, on the charge of beating his wife. He was held in \$600 bail to answer at Court. SKATING .- Some of the small ponds in the suburbs of the city are covered with ice of sufficient strength to allow skaters to enjoy

themselves. Several of the skating parks are also open and in successful operation. MORE CARELESSNESS .- Lieut. Pritchard, of the Eleventh District Police, reported 24 doors and windows found unfastened in his district

during last night. PAYMENT OF PENSIONS.—The semi-annual payment of the United States pensions will commence to-morrow. lu currency. They are only issued upon each section of the Road as as fast as the same is completed and in successful operation. Over two and a half millions of dollars have been expended on the Boad. Eighty-three miles are about completed and equipped, and already show large earnings; and the remainder of the line is rapidly progress

ing toward completion. The State of Iowa, through which this road runs, is one of the richest agricultural sections in America. Its. large population, extending with surprising rapidity, and its immense yield of grain, pork, wool and other agricultural products, create a progging demand for the construction of this road, which affords the best possible guarantee for the boudholders, especially as the line rune through the wealthiest and most thickly populated section of the State.

The sould also runs through the rich and growing State of Minnesota. Reference to the map of the United States will show that it traverses the most enterprising and growing portion of the West, and forms one of the great trunk lines in direct communication with New York, Chicago and St. Louis, being to the latter city ninety miles nearer from Northern Iowa and all portions of the State of Minnesota than by any other road now built or projected, and also the nearest route from

Central and Southern Iowa.

The road is opened for local traffic as rapidly as constructed, and thus RECEIVES EARNINGS ON ITS COMPLETED SECTIONS GREATLY IN EXCESS OF THE AMOUNT NEEDED TO PAY THE IN TEREST UPON ITS BONDS BEFORE THE ROAD IS FINISHED. The buyer of these Bonds 15 herefore guaranteed, by a great business already in existence on the route of the road, as well as by now current earnings, and has not to risk any of the contingencies which alreads attend the opening of roads in a new and

Alimited quantity only of these Bonds are now offered at 95.

After a thorough investigation of the above enterprise, we recommend these Bonds as a first-class invest ent affording absolute safety, and paying an unnanally their full price, free of commission and express charges received in payment. Pamphlets and maps furnished
