forth, the pavements smoked under the gemial influence of old Sol, and sent up clouds of of the World. incense for the further appeasement of the angry god; and the driver touched his hat when we gave him his regular fare, supplemented by a trifling buona mano, and wished us a good things and all persons did that for which they and wouldn't sing" would no longer vex his owner. The horse that was brought to the water to drink, would drink. The boy that could learn would no longer be threatened with the gallows by his trate master because he wouldn't learn; and Mother Goose's melody about the pig and the dog, and the stick and forth, which all refused to do what they were made for, and so got an old lady into no end

though he had gotten the better of it, and was

floods, and forming what a Frenchman would Baptistery—a large circular building, which eating neighbors across the Channel. The consider a forest as it ought to be, and not that barmonizes well with the other buildings, and progress which French agricultural breeders thing called a forest, such as Nature makes, is inferier to them neither in height nor ornawith all the trees irregularly placed. "In mentation. Then, on the right of the Cathe- vellous, and quite equal to anything which has fact," said Nellie, to whom we made the above dral is the Campo Santo, or burial ground— been effected by the French Jockey Club in remark, "a Frenchman thinks that he could the first and original of this kind of burial the way of horseflesh and Gladiators. Equally

Nellie, you will observe, is a young lady of very decided views; but a charming young lady, nevertheless; and when it was suggested lady, nevertheless; and when it was suggested finished work, and in this respect almost the sides of the nave are ranged in pens about the sides of the nave are ranged in pens about to her that other people, not Frenchmen, unique of its kind in this land of many Cathe- an equal number of prize sheep and rams. thought that they, too, could have arranged | drals, nearly all unfinished. Its form is a La- Here again the French have been most sucmatters much better than they are arranged, she melted into penitence at once, and amiably called our attention to the manner in which the fields are divided by a deep ditch instead of a fence; and how trees are planted on both of a fence; and how tree sides of the ditch; and how grapevines climb In the nave, near the dome, still hangs the superior fleece. The porcine race is repreup the trees and are led from tree to tree, lamp which by its oscillations is said to have sented by about two hundred specimens, the forming festoons, which must be beautiful to suggested to Galileo the theory of the pendulock at "when summer is green;" and how lum; and a very beautiful piece of workman- extraordinary contrast to the high, long-legged, occasional large channels, much higher than ship it is, and it to be connected with great lean, greyhound-looking, traditional French occasional large channels, much higher than the fields, lead the water; which is caught from the Arno by the river dam at Florence, all through the valley, which water, let into canals, serves to irrigate the fields during dry weather and then she wondered that the poor men who were spading in the fields were not relieved by horses and ploughs, such as we have at home; only they are not much in use there at home; only they are not much in use there of our Lord eighteen hundred and seventy, for the fields are all fragen up yet and will refor the fields are all frozen up yet, and will remain so for some weeks. By such converse and observations we beguiled the time till we rolled into the walls of the depot at Pisa, just one hour and fifty minutes from Florence.

There we were assailed by two carriagedrivers, and two other persons, professing to drivers, and two other persons, professing to
be guides to the wonders of Pisa. One of

About the Baptistery we shall not say much.

About the Baptistery we shall not say much. drivers, and two other persons, professing to be guides to the wonders of Phas. One of these latter was voluble in French, and the other in cards, which he thrust into our hand while on our way to the carriage and into our haps when seated. Both protested that the laps when seated. Both protested that the laps when seated Leaning Tower, the of Phase of

though dismayed by their intelligence, we words more. It was founded by Archbishop thad the nerve to decline their services, and Ubaldo, in 1188. This prelate, on his return show) at the price of 40, 60 and even 80 would soon crumble under the fire of modern artillery. Thence we passed into the city—a busy, bustling place, where people have not unexpected activity. The stores seem meant for business and not for show. As we drove a few squares down the bank of the Arno wo observed no loungers in the few cufes, no people sitting in front of their shops, no idlers looking listlessly into the river. Every person seemed in the few cufes, no people sitting in front of their shops, no idlers looking listlessly into the river. Every person seemed in the few cufes, no people stiting in front of their shops, no idlers looking listlessly into the river. Every person seemed in the few cufes, no people show and an another wall in their taste respecting it. That which you towards the court within, pierced with arches and another wall towards the court within, pierced with arches and tracery work for Gothic windows. These walls, about 25 feet apart, serve to support a walls, about 25 feet apart, serve to support a roof and inclose a large space beneath, whose pavement is graves, and on whose pavement are sepulcharal monuments; while fading freshood the front the bubber are sepulcharal monuments; while fading freshood the front the bubber are sepulcharal monuments; while fading freshood the front the bubber are sepulcharal monuments; while fading freshood the front the bubber are sepulcharal monuments; while fading freshood the front the bubber are sepulcharal monuments; while fading freshood the front the bubber are sepulcharal monuments; while fading freshood the front the bubber are sepulcharal monuments and which is handed round as a hors d'œuvre, often costs five or six frances or more a pound, and increasing the fourth into the result in their taste respecting it. PHILADELPHIA, March 9, 1870.

NOTICE TO CONTRACTORS.

Scaled proposals will be received at the office of the Chief Commissioner of Highways until 12 o'clock M. on MONDAY, 14th instant, for the construction of the following three-feet Sewers, viz.—On the line of Market street, from Forty-second to Forty-third street; on Ontario street, from Thompson street to Girard avonue; and on Ninth street, from Norris to Diamond street; thence along Diamond street to Franklin, UNDAY SCHOOL SUPERINTEN.

and thence along Diamonu affect of Planin, and thence, on Franklin street, to the south curb-line of Dauphin street; and on Third street from Pine to Gaskill street; also, a sewer of two and a half feet diameter on Wilson street from the southerly curb-line of York street from the southerly curd-ine of the street to the sewer in Dauphin street, with such manholes as may be directed by the Chief Engineer and Surveyor. The understanding to be that the Contractor shall take bills prepared against the property fronting on said Sewer to the amount of one dollar and fifty cents for each linear foot of front on each side of the street as so much cash paid; the amount, as limited by ordinance, to be paid to the city; and the Contractor will be re quired to keep the street and sewer in good order for three years after the sewer is finished. No allowance will be made for rock excavation, unless by special contract.
When the street is occupied by a City Pas-

senger Railroad track, the sewer shall be constructed along side of said track in such manner as not to obstruct or interfere with the safe passage of the cars thereon; and no claim for remuneration shall be paid the contractor by the Company using said track, as specified in act of Assembly, approved May 8, 1866. Each proposal will be accompanied by a cer-lificate that a bond has been filed in the Law Department as directed by Ordinance of May 25, 1860. If the lowest bidder shall not execute a contract within five days after the work is awarded he will be deemed as declining, nd will be held liable on his bond for the difference between his bid and the next lowest bidder. Specifications may be had at the De partment of Surveys, which will be strictly adhered to. The Department of Highways reserves the right to reject all bids not deemed satisfactory.

All bidders may be present at the

time and place of opening the said proposals.
MAHLON H. DICKINSON, - Chief Commissioner of Highways. mh9 w the 3th CUARTERMASTER'S OFFICE, U. S. ARMY.

PHILADELPHIA, PA., March 7, 1870.

SEALED PROPOSALS will be received at this office until 12 o'clock M. on FRIDAY, the 8th day of April, 1870, for furnishing the Quartermaster's Department with five thousand (5,000) gross tons (or such less quantity as may be required) best quality of White Ash Anthracite Coal, of such sizes and in such quantities as may be ordered for a period of quantities as may be ordered for a period of one year from the 1st day of May next, with the privilege of increasing the amount to ten thousand (10,000) tons, should it be required. So much of the coal as may be required for So much of the coal as may be required for use in this city, including the United States Arsenals at Bridesburg and Gray's Ferry Road, to an amount not exceeding six hundred (600) tons, must be delivered without additional expense to the United States. The balance to be delivered on board of vessels at this part, in good order and condition, free

this port, in good; order and condition, for from slate, bone, dust and other impurities.

Proposals must be made out in duplicate on blank forms, which can be obtained at this office, and envelopes endorsed "Proposals for delivery of coal. Bidders are invited to attend at the opening f Proposals.
The Quartermaster's Department reserve the right to reject any and all bids.

Any additional information desired by parties wishing to bid will be furnished upon application to this office. Brevet Lieut-Col. and Quartermaster U. Mh7-6ts

The Chiltern will accompany the Great Eastern during the voyage in case of accident. ----THE NATURALIZATION LAWS. The Proposed Changes.

Some important changes in the naturaliza-tion laws of the United States are contemplated ting him on his safe arrival. Mr. Seward, in by a bill now before the House of Representaives. A previous residence of three years only, instead of five, is to be required, and the notice of intention is to be given only twenty days instead of two years before making the application. The power of making citizens is, however, to be confined, with a few excep-tions, exclusively to the United States courts, but the judgment awarding citizenship to the but the judgment awarding citizenship to the applicant is not to take effect till six months after it is rendered. Of soldiers or sailors honorably discharged from the service of the United States only one year's residence is to be required. The Circuit and District Courts are to have power to refer applications to a District or Circuit Court Commissioner, or a Register in Bankruptcy, to be specially designated by order, who shall be empowered to take testimony, and report to the court with signated by order, who shall be empowered to take testimony, and report to the court with

his opinion. termining the precise geographical position of St. Louis and of the several stations occupied CANADA AND THE PROVINCES. by parties observing the southern limit of to-In the Virginia Legislature, yesterday, a message was received from Gov. Walker, showing the State debt to be \$45,872,000. He recommends the sale of the State debt to be \$45,872,000. He recommends the sale of the State interest in railroads, which would yield \$10,000,000, in order to reduce the debt; also, the funding of all to the foreign debt into 10-30 bonds, with interest payable semi-annually in New York.

Flow official documents laid before Congress yesterday, it appears that the expedition which resulted in the massacre of the Piegan Indians, in Montana, was ordered by General Sheridan, with the appears of the Piegan Indians, in Montana, was intended to put a check to man, and was intended to put a check to

to oile, or, as some say, of five to one; and it is more than probable that the rest of the island will take similar action.
