Col. John Wilder Shot Down in Kansas City Without a Word of Warning. [From the Kansas City (Mo.) Journal, March 10.] It is with feelings of the most intense horro and indignation that we chronicle the brutal and unprovoked murder of Colonel John Wilder, senior editor of the Journal, yesterday, in As far as we can gather the facts, Colonel Wilder was standing at the northeast end of he hallway which runs through the Court House, in conversation with Mell H. Hudson, the City Clerk. The murderer, James H.

Hutchinson, engaged in a conversation with Mr. Sol S. Smith, and pointing to Mr. Hudson and Colonel Wilder, asked if "that man was not Wilder?" Mr. Smith him he did not know. He then drew a revolver from his breeches pocket cocked it under his coat, and walked rapidly toward Col. Wilder and Mr. Hudson. When within about sixteen feet of them he muttered, "Now, sir, defend yourself," and fired, the ball striking Col. Wilder in the breast, and travelig in a diagonal direction toward the heart. ol. Wilder did not at first seem to realize that he was mortally wounded, as he walke rough the hall toward the Recorder's room, where two gentlemen, one of whom he recognized and called by name, assisted him into the City Attorney's office, in the northwest corner of the Court-house. Here he was laid

Office of PISK & HATCH. BANKERS AND DEALERS IN GOVERN-MENT SECURITIES,

No. 5 NASSAU STREET, NEW YORK, February 15th, 1870, The remarkable success which attended our negotiation of the Loans of the CENTRAL PACIFIC BAILROAD COMPANY and the WESTERN PACIFIC RAILROAD COM-PANY, and the popularity and credit which these Loans have maintained in the markets, both in this country and Europe, have shown that the First Mortgage Bonds of wisely-located and honorably-managed Railroads are promptly recognized and readily taken as the most suit-

Corset Manufactory and able, safe and advantageous form of investment, yielding a more liberal income than can hereafter be derived from Government Bonds, and available to take their To No. 137 N. Eighth St., Assured that, in the selection and negotiation of superior Railroad Loans, we are meeting a great public want, and rendering a valuable service-both to the holders of Capital and to those great National works of nternal improvement whose intrinsic merit and subtantial character entitle them to the use of Capital and

the confidence of investors-we now offer with special onfidence and satisfaction the FIRST MORTGAGE BONDS OF THE Chesapeake and Ohio Railroad Company.

The Chesapeake and Ohio Railroads connecting the Atlantic coast and the magnificent harbors of the Chesapeake Bay with the Ohio River at a point of reliable navigation, and thus, with the entire Bailroad system and water transportation of the great West and Southwest, forms the additional East and West Trunk Line, so imperatively demanded for the acommodation of the immense and rapidly-growing transportation between the Atlantic seaboard and Europe on the one hand, and the great producing regions of the Ohlo and Mississippi Valleys on the other. The importance of this Road as a new outlet from the West to the sea magnifies it into one of national consequence, and insures to it an extensive through traffic from the day of its completion ; while, in the development of the extensive agricultural and mineral resources of Virginia and West Virginia, it possesses, along its own line, the el-

ments of a large and profitable local business. Thus the great interests, both general and local which demand the completion of the CHESAPEARE AND Onto BAILBOAD to the Ohio River, afford the surest guarantee of its success and value, and render it the most important and substantial Railroad enterprise now in progress in this Country. Its superiority as an East and West route, and the

promise of an immense and profitable trade awaiting its completion, have drawn to it the attention and co-operation of prominent Capitalists and Railroad men of this city, of sound judgment and known integrity, whose connection with it, together with that of eminent citizens and business men of Virginia and West Virginia. insures an energetic, honorable and succemful management. The Road is completed and in operation from Rich-

moud to the celebrated White Sulphur Springs of West Virginia, 237 miles, and there remain but 200 miles (now partially constructed) to be completed, to carry it to the proposed terminus on the Ohio river at. or near. the mouth of the Big Sandy river, 150 miles above Cincinnati, and 3/4 miles below Pittsburgh. Lines are now projected or in progress through Ohlo

and Kentucky to this point, which will connect the Chesapeake and Ohio with the entire west, and with the Pacific Railroad. Its valuable franchises and superior advantages will place the Chesapeake and Ohio Railboad Company among the richest and most powerful and trustworthy corporations of the country; and there exists a present value, in completed road and work done, equal to the entire amount of the mortgage. The details of the Loan have been arranged with spe-

cial reference to the wants of all classes of investors. and combine the various features of convenience, safety and protection against loss or fraud. The Bonds are in denominations of 81000, 8500 and 8100.

They have thirty years to run from January 15. 1870, with interest at six per cent. per annum from November 1, 1869. PRINCIPAL AND INTEREST PAYABLE IN OLD IN THE CITY OF NEW YORK.

The interest is payable in MAY and November, that it may take the place of that of the earlier issues of Five-Twenties, and suit the convenience of our friends whoalready hold Central and Western Pacific Bonds, with interest payable in January and July, and who may desire, in making additional investments, to have their interest receivable at different seasons of the year. The Loan is secured by a mortgage upon the entire Linefof Road from Richmond to the Ohio River, with the equipment and all other property and appurtenances, nnected therewith. A SINKING FUND OF \$100,000 PER ANNUM IS PROVIDED

OR THE REDEMPTION OF THE BONDS, TO TAKE EFFECT ONE YEAR AFTER THE COMPLETION OF THE ROAD. The mortgage is for \$15,000,000, of which \$2,000,000 will be reserved and held in trust for the redemption of outstanding Bonds of the Virginia Central Railroad ompany, now merged in the Chesapeake and Onio. Of the remaining \$13,000,000, a sufficient amount will be sold to complete the road to the Ohio river, perfect and improve the portion now in operation, and thoroughly equip the whole for a large and active traffic. The present price is 90 and accrued interest.
