## FOREIGN CORRESPONDENCE LETTER FROM PARIS.

hast I believe the capitalists of this country and | and Sewell, has quickened into life its dormant ritics, and regretting the opportunities which realm of Neptune, in the construction of ritics, and regretting the opportunities which have been lost. The circular just published by With such a genial climate, such an invigor-

gret of French capitalists which I began by mentioning, and the cause of them. Here have the people been ignorantly rushing after Ital-ian loans, Turkish loans,Egyptian loans, Tunis loans, and a mass of other speculative and hazardous investments, and have been just rushing after a Russian loan, which returns about six per cent. as though it was the most itself; and the American six per cent. stock--with a rise of twenty-five per cent on its value within the ycar, as Messrs. Bowles observe--has been, it may be said, in France, utterly within the year, as Messrs. Bowles observe— has been, it may be said, in France, utterly neglected! So much for traditional and con-ventional bondage in financial transactions, than which no bondage, perhaps, is more difficult to break through. But the fatal dimcuit to break through. But the latar "lottery" system has completely 'poisoned the public mind of France upon all sound financial principles. Nothing goes down with them now unless there be "drawings" and "prizes;" and Baron Haussmann tapped the purses of and Baron Haussmann tapped the purses of his fellow-citizens to any amount he liked to ask for, at only three per cent., by offering to them the bait of a gambling table every three months. Almost all classes in France will soon months almost all classes of the most of the bail-for months almost all classes in France will soon months almost prefer such a rate of interest as the beach-drive, the next most important improve- scribe more fully in a subsequent letter. above, with the chance (however ment at the Cape this season is the new addismall) of "winning" cent mille francs, tions made at to a sound investment, and a secure return for their money. Even their favorite Suez from original drawings and under the superto a sound investment, and a socure total for their money. Even their favorite Suez Canal could find no takers until the bonds were issued on the same pernicious principle. Andyet I see now that all the financial journals which are most favorable to M. de Lesseps' great achievement still venture to say of it, is "that the Canal is finished; that so far the "that the conal is finished; that so far the

tures. The old parlor will be converted into a ladies' ordinary for late breakfast and dinner. Where once stood the old billiard hall and bachelors, row [Correspondence of the Phils. Evening Bulletin.] [Ourrespondence of the Philadelphia avening Bulletta.] PARIS, Tuesday, March 8, 1870.—The con-ginnous fall in the price of gold in America and the large instalment announced to be paid and the large instalment announced to be paid in liquidation of the debt are attracting great attention here among men of business. At into the hands of such men as Yorke, Stevens the French people in general are beginning to energies like the shock of a galvanic batopen their eyes, and to feel aware of the wide tery upon a dying bull-frog. Every year since open their eyes, and to feel aware of the wide tery upon a dying bull-frog. Every year since Indeed, it makes it look like a bug under a and advantageous fields of investment which General Sewell has been at the helm has witthey have so long neglected in the United nessed some startling stride forward in the sent, from the Ocean House porch, a very at-States. LETTER FROM CAPE MAY.

our money market. "The steady rise of our our money market. "The steady rise of our Government bonds, with the fall in the gold premium, tell greatly in favor of President Grant's administration," write Masses Bowles. "During the four previous with a flow of the scene in Sublicit, and Stevens, and Sewell, to believe State of the scene in State of the Messrs. Bowles. "During the four previous years gold had averaged 140, and bonds had been greatly depreciated. In the past week their daring, skill and enterprise, in a

ditions, our entire lack of any ruling class, | below the Columbia House lawn, at which all or special reverence for rulers, simply as such, seemed to them signs of coming anarchy and and should fi I told non a number of the lands with glee seemed to them signs of coming anarchy and agrarianism. Placing ourselves at their point of view, we can well judge of their surprise at be hoped that the gentlemen having it in charge be hoped that the gentlemen having it of view, we can well judge of their surprise at seeing such a people, of a political existence comparatively recent, carrying its credit in one year, and against all opposition, almost to a level with that of the oldest and best administered European nations. Eight years after their creation, during the complications of civil war, the kadaral hands are appeared by the complications of civil war, the table of the oldest is and best administered European nations. Eight years after their the during the complications of civil war, the kadaral hand so the back and best administered European nations. Eight years after their than the set of the large fruit-house on the Dela- the kadaral hand so the back and best administered to the large fruit-house on the Dela- than the gentlemen having it in charge in the transfer and the gentlemen having it is a specific transfer and the gentlemen having it in the gentl to see the Federal bonds rise above par, so as to render their conversion to lower rates not only possible but advisable, has quite con-founded and put at fault all adverse opin-ione \* \* \* " only possible but advisable, has quite con-founded and put at fault all adverse opin-ions. • • •" I have quoted the above because it sets forth, far better than I could do, the surprise and re-gret of French capitalists which I began by mentioning, and the cause of them. Here have

That the Cahai is mined, that is both the solution of the problem is solved beyond all question or doubt;
but that as regards the financial results of the enterprise, everything remains just as uncertain as at the first more ment." Indeed, I am inclined to say rather more so; for since the enthusiasm of the opening did away, the Canal hangs fire, and the public interest and curiosity respecting it have alackened wonderfully.
Mr. Brown, attaché of the British Legation at Pekin, and who has been so long and cordialing alied with Mr. Burlingame in his great dilines the shaby looking with its narrow halls, low ceilings and shaky floors, has gone, thank heaven; and ni is place one beholds a splendid building start to be built if point to colleague more keenly, perhaps, than any one else, in proportion as he was best able to appreciate the magnitude of the low of graceful columns supporting a parked, there were and diplomatic colleague more keenly, perhaps, than any one else, in proportion as he was best able to appreciate the magnitude of the low of graceful columns supporting a parked knower to graced in probability and the propertion as he was best able to appreciate the magnitude of the low of graceful columns supporting a parked knower to graced in colories, with a new of graceful columns supporting a parked and on foor of the oblice or round, will, when the supportion as he was best able to appreciate the magnitude of the interior of the oblice or round, will, when the there to appreciate the magnitude of the interior of the officer or the order of the solution of 50 feet from the floor to the apark. Above the entrance-door, are handone balcones. This was, but a few years ago, one of our most important industries, but now it is most emplated to grace on beholds a splendid builde the solution of 50 feet wide explored floor, are handone balcones. The solution of 50 feet from the floor to the apark. Above the entrance-door, around the windowe and the solution gothere to constant the wind problem is solved beyond all question or doubt; and promised so orden that is because a solved to put wards Congress to see what action it intends the loss, both privately and publicly. We have been inundated of late with bad or depreciated Roman coinage in Paris. A small storekeeper showed me, the other day, no less than three hundred frances worth of small Ro-man pieces which had gradually accumulated in his till. They received currency in France in the second floor, are handsome balconies. The interior of the office or rotunda will, when alcove, 25x75, only separated by a row of pil-lars supporting graceful arches, may be added. The ceilings,18 feet high, are divided by elliptic arches supported by ornamented side columns, in his till. They received currency in France by virtue of a convention respecting a system of international coinage, signed between France, Italy, Belgium, and Switzer-hand, and which ought also to have been, but was not signed by the Roman Government also. Nevertheless, the money of the latter was admitted, but now turns out to be light; and the Papal authorities, when asked to sign the Convention and remedy the defect, refuse to do either! Rather sharp practice, it seems to me. The best of it, is that the ultramontane journals here, which are the Pope's organs, be repainted and have entirely new gas fix- purpose of carrying the measure. DALE.

street, and as completely shuts out the Ocean House from a view of the sea, as if it stood behind Bullock's woolen mill, at Conshohocken. tractive appearance, unless one fancies that pe-culiar style of architecture presented by a Manayunk mill; but on the side towards the town it presents quite a different aspect. width, extends the entire length of the building, forming with that of the other wing an unbroken piazza of over Bave seen lost. The enclosed just puolished by Bowles Brothers & Co., of this city, on the above subject, sets forth the matter in its true light, and has produced no small impression on our money market. "The steady rise of our years gold had averaged 140, and bonds had been greatly depreciated. In the past week gold hastouched 1142; (since then 1122), "and bonds have advanced fully twenty-five per cent. upon their gold price of a year ago. The telegraph has advised a further reduction in the public debt of six and a half millions for the month of February, thus amounting for the year to a diminution of more than eighty-seven millions, and the advance of last week will doubtless be well sustained"—(as has since proved to be the case)— "showing that it was not speculative, but ap-preciative". . . It is hardly less surprising inan gratifying," they go on, to say, "to note the extent of the change in public opinion. With few exceptions, foreign financiers and business men have looked on as they did during the war, to see long-established rules disproved, and predictions of consequent dis-sater fasified. They judged us by their own standard; our democracy, our disregard of 'rra, ditions, our entire lack of any ruling class, the deltons, our entire lack of any ruling class, ditions, our entire lack of any ruling class. connected with each other by a balustraded board walk, from which may be obtained an excellent view of the whole island, the ocean

The operators of Schuyl-kill are willing to resume work, but declare it elled his whole life. been accomplished. The operators of Schuylkill are willing to resume work, but declare it impossible to do so on present prices, at any upon the rules of this philosophy he mod-lield his whole life. Here are a few of his thoughts on the duty of universal benerolence: "Men exist for the sake of one another; yield to the pressure, and here the question, and we should not be surprised if the \$2.50 basis would yet be accepted. In the Lehigh and Wyoming regious work still goes on, with the exceptions we noted last week, but shipments are light. The heavy storm which occurred last week interfered to mining at the old basis with, it is said, a small margin of profit, and therefore we suppose steady work will very much depend upon steady prices. The market along the line is fair, and from the cities we hear no complaints. Prices have created and are now at nearly. "Benevolence is invincible if it be genuine."

only we remember, were unpremeditated. When the doubt arose as to whether he had

 The Salt Lake Daily Telegraph, the Gentile organ, thinks the best way for Congress to deal with Utah is to admit her as a State, and what lawyers call a street opinion—which means an opinion without the weight of reflection and a retainer. I said. I thought success was to be found in the business management, for editorial brain that gave a small amount of a large quantity of entertain.
 In the United States Supreme Court, yesterday, Senator Howe moved to dismiss the write of error in the case of Lieutenant-Governor Gleason, of Florida, for want of jurisdiction.
 The speed is from a decision of the State Court that Gleason is ineligible to office on the ground of non-citizenship. Gen. Builer argued against the motion.
 THE COAL TRADE.
 There was transported last week over both Bowles is willing to have it go out as other than

The Mauch Chunk Coal Gazette says: There was transported last week over both railroads 55,800 06 tons against 55,221 05 tons last year—a decrease of 4,412 tons. Of this, 1,844,18 tons were delivered to other railroads for shipment north and 48,064 07 tons came south for delivery along the line and at tide. Our reports show a decrease of 4,571 13 tons from the tonnages of the previous week, and an increase of 132,411 11 tons over last year, giving a total for the current year to last Satur-day of (33,403 09 tons. The trade is in a very unsettlad condition in the coal region. The proposition of the Schuylkill operators to their men, and which was generally suppesed would meet with favor, was rejected on Friday last by the Working-men's Council that assembled in Summit Hill, in a resolution to adhere to the basis of 1860, viz: three dollars to Port Carbon, and five dol-viz: three dollars to Port Carbon, and five
