Senator Saulsbury on the Stump...Some Bich Old Arguments. At Newark, Del., Senator Saulsbury has been addressing a Democratic mass-meeting. From a report of his speech in the Wilmington Commercial we make the following

tract:

He wished it distinctly understood that he had no right to speak for the Democrats of nad no right to speak for the Democrats of New Castle county, but so far as the lower counties were concerned, he would say they would have nothing to do with the negroes. They did not want their votes. They may go to the polls and vote, but the Democratic party will continue to be a white man's party. The issue will be plain and simple. If you the State State of the second of party will continue to be a white man's party. The issue will be plain and simple. If you want the State governed by the negro population, vote the Republican ticket; if not, then yote with the Democrats. The question is: "Who shall govern this State?" Any one will admit that of white men alone there are more Democrats than Republicans. If the Republicans succeed, then, it must be by black votes. The five thousand or six thousand. the Republicans succeed, then, it must be by black votes. The five thousand or six thousand black voters will determine the character of our State government. Will you suffer this glorious little State to be given over to the rule of an ignorant, degraded and vicious population. Why did Washington and his noble army pass near this town nearly one hundred years ago on their way to the Brandywine? It was that the people of all the States might enjoy eivil and constito the Brandywine? It was that the people of all the States might enjoy civil and constitutional liberty, a constitutional Government of white men by white men. Did it ever occur to them that they were doing all they did just to give negroes the right of suffrage? Were these men not as good and wise as the statesman of to-day? Why did not they admit the negro to participate in the Government? He wished it understood that he was not playing the orator or making a sensation not playing the orator or making a sensation speech, but merely having a plain conversation with his fellow-citizens.

tion with his fellow-citizens.

Mr. S. then stated that the Republicans courted the negro vote that they might gain control of every department of the State Government, and labored at some length to show that if they succeeded they would have to give him a large share of all the offices, and next turned his attention to the probable effect on the common schools, to which he declared negro children would be admitted. He said he recalled with delight the days when he went to, a public school, the delightful sports of his youth, and the tame when he learned to a public school, the delightful sports of his youth, and the time when he learned his A B C's—and—and—his A B ab's. Our fathers had made for us a good common school system, which would thus be destroyed. He said that had been the result of reconstruction in the Southern States by the reconstruction acts, and exclaimed—"Good Heavens above, the idea of the Congress of the United States, the mere creature of the States, attempting to reconstruction to the States, attempting to reconstruction to the States, attempting to reconstructions. Congress of the United States, the mere creature of the States, attempting to reconstruct a Sovereign State." He alluded to the possible consequences; and said the Apostle Paul had told the truth when he said. Evil communications corrupt good manners."

Mr. Saulsbury declared that he had no united facilings toward, the negroes almost his

Mr. Saulsbury declared that he had no unkind feelings toward the negroes; almost his first recollection was of a negro quarter in his father's yard, and many were the favors he had received from them in his early childhood. But God had made a distinction between their race and ours. The Republican party is an initidel party. It does not believe in the Christian religion. No man of sense can believe in this doctrine of Equality; it is all the result of infidelity. Show him a region where infidelity abounds and he will show them a place where negro suffrage and woman's rights ideas prevail. Such people don't believe in the God that made them, or the Saviour who Redeemed them. He instanced Saviour who Redeemed them. He instanced the stars and the trees to show that there could be no such thing as Equality, and argued that the negro race was indelibly stamped as inferior to the "noble Laucasian."

A poor man in Louisville sought admis sion to a hospital, a few days ego, so sick that he could hardly drag himself to the door, yet clinging to a babe six weeks old, which his dying wife had left him but a few days before, and which he refused to give up to strangers, though several offered to take charge of it. -An Indian near Fort Scott recently traded two mules for a set of talse teeth, and proudly wore them, necklade-fashion, around his neck

THE DISTRICT-ATTORNEY CASE DECISION OF THE COURT

Mr. Sheppard Declared Elected by a

QUARTER SESSIONS-Judges Allison, Peirce QUARTER SESSIONS—Judges Allison, Feirce, Ludlew and Paxson—This morning Judge Allison, for the Court, delivered the following opinion in the District Attorney case: On the 16th day of Octboer, 1869, this Court decided that Charles Gibbens, at the general election held on the second Tuesday of October, 1868, had been elected Dis-trict Attorney for the city, and county of Philadelphia, over Furman Sheppard, by a majority of sixty-eight votes. Notes. The same term of the Court, on the 23th day of Oct.
At the same term of the Court, on the 23th day of Oct.
Furman Sheppard, presented his petition; which was:
allowed to be filed, in which it is set forth that he had
made an re-examination of the fables and estimates upon
which the judgment of the Court was based, and had
discovered therein a number of omissions and arithmetical and clerical errors, to the extent of 112 votes, showing that the petitioner was the duly elected District Attorney by a majority of not less than 44 votes. The
ways will for a reventation of the gount and the judg-

is even here qualified to some extent. The qualification is contained in the statement that it would be going too far to hold that the court may not, before any proceeding has been had upon the Judgment, correct a major what was intended and perhaps, directed. The reason, upon which the general priniple is maintained is that it is the duty of the court in error when they reversed padgment to gives which interfered that it is the duty of the court in error when they reversed judgment to gives which general as the court below ought to have the court of fact in a contested election. Stephens vs. Cowan, and the authorities—there cited apply to cases in which the court along and the authorities—there cited apply to cases in which the court along and the fact of the judgment, which they cannot be suggested to the parties. In the state of the judgment, which they cannot be suggested to the parties, and correction of the judgment, which they cannot be suggested to the parties, and to the greedy justice to the parties, in Castle vs. Reynolds (10 Warts, 52) the doctrine sought to be applied against the pertificance is stated thus; "A nudgment substance of the principle of the court after the time of the principle of the court after the time of the principle of the power of the court after the time of the principle of the power of the court after the time of the principle of the power of the court after the time of the principle of the power of the court after the time of the principle of the power of the court after the time of the principle of the power of the court after the time of the principle of the power of the court after the time of the principle of the power of the court after the time of the principle of the p

I this State it has been held that after arrest brought
on a indement of the District Court or Common Pleus, In this State it has been held that after arrest prought on singinent of the District Court or Common Pleas, the application for leave to smend may be made to each of those courts, while the record romains in it, though the writ of error—has been shown to the court. Frony vs. Stone, 2 Dallas, 184; same case, 1 Yates, 186. The amendment was allowed on the authority of Plekwood vs. Wright, Henry Blackstone, 683. In Spackman vs. Byers, 685. and R., 385, the record was sent back for amendment. Rheads vs. Commonwealth, 3 Harris, 276, decides that amendment can be allowed after term at which indement is signed. even after error as between the parties. Grutchen vs. Com. 6 Wher. Mo; Chewes' Appeal, 9 W. N., 152. See also I Paljas_33.5; 5 Binney 60; 5, Burr 273.

These authorfiles make it abundantly clear that the Court possessed the most ample power to allow the petition of Mr. Shoppard to be filed, and some of them would seem to indicate that the correction of errors and mistakes, if not a correction of the judgment, might have been made after errico are served, and before the record of the cause was sent up. But the latest case; and the one strictly ample on the contrary octrine, asserting that our probleeding would have been void, if indeed such action would not have placed us in contempt. We were, therefore, required to rest until the decision of the Suprame Court upon the case as it was heard on cationari, and we thought it was but respectful and proper that we should pause while it was before Judge Road upon a motion for a special fithmetion to restrain Mr. Sheppard from further proceeding to prosecute to hearing and decree the matters set up in his petition.

The way is now clear for such action as this Court, after mature consideration has decided ought to be taken, in order to ascertain the truth of the avorments contained in the petition to reform our decree.

Upon the pleadings we have nothing before us but the original and amended potitions of Mr. Sheppard. Mr. Gibbons disclaiming upon the last argument, in open Court, all responsibility for the paper, entitled answers were, with leave of the Court, withdrawn by Mr. Main, who was of counsel for Mr. Gibbons, there answers were, with leave of the Court, withdrawn by Mr. Main, who was of counsel for Mr. Gibbons, there answers were, with leave of the Court, in open parties to the proceeding, that he purging of the polis and heretotore proceeded upon an erroneous basis.

It was admitted by counsel representing both of the parties to the proceeding, that the purging of the polis and heretotore proceeded upon an erroneous basis. Majority of 13.

to these voters closed against them. They offered to vote, and were in place to be challenged upon every ground of qualification, but were turned away from the polls upon the single objection that they had been naturalized in the Supremo Court. The proofs were that they intended to vete for the petitioner. As to these voters, Judge Brewster remarks: It is established by thirty-six porsons that their votes were rejected, although they were duly naturalized, and that they awould have voted for the respondents. Beyond all question, these votes should now be credited to the incumbents. The papers they produced were genine certificates issued by the Prothonotary, under the seal of the highest court of our State. No other tribunal, should, or, can impeach its judgments, and they established the right of each of these witnesses to fifs told if otherwise qualified. And it they were not otherwise qualified, under the poculiar circumstances which surrounded then, we hold that this enght to have been shown by the contestants. It was not pretended but that the admission of these votes was exceptional, and rested upon a different ground from that upon which other votes had been erfoliated to the incumbents. We decided to place them in the count, unless they were shown to be linear, twin in the count, unless they were shown to be linear, twin in the count, unless they were shown to be linear, twin in the count, unless they were shown to be linear, twin in the count, unless they were shown to be linear, twin in the count, unless they were shown to be linear, twin in the count, unless they were shown to be linear, twin in the count, unless they were shown to be linear, twin in the count, unless they were shown to be linear, then in the count, unless they were shown to be linear, twin in the count, unless they were shown to be linear, then wore called, and the fair presumption is they were all who were called, and the fair presumption is they were all who were called, and the fair presumption is they were all who were called, a

The Plot Against the Life of Emperor

The Conspiracy Charged to Ledru Rollin.

Continued Arrest of Members of Workingmen's Associations.

FROM EUROPE.

By the American Press Association

Plot Agninst Napoleon-More PARIS, May 3, 2 P. M.-The facts of the alleged conspiracy against the State and life of the Emperor are coming to the surface. The opposition and their organs holdly denounce Beauri, the reputed agent of the conspiraters, as a member of the secret police and a Government spy. It is shown that he went to London in a disguized character, and succeeded in imposing on Gustave Flourens as the agent of an opposition club, and secured from him a letter from bim to his colleagues in Paris, which letter the police now make use of to charge conspiracy on Ledra

Rollin and the workingmen's associations. Premier Ollivier has announced his intention of directing the prosecution of the Republican organs, who publish the true facts in regard to the conspiracy, for calling it an invention of the Government. It is not supposed that the Ministry have any connection with the plot, but that the affair was arranged by the officers of the Secret Police. Fifteen members of the International Society of Workingmen have been arrested, charged with forming a secret society with designs against the Government. The excitement is increasing as the day of the general vote draws near?

FORTUNATE FECHITEEL

The Franco-American Strikes a Gold Mine...The "Hnb" Secures Hiv a for Five Years. The New York Star is responsible for the

following statement:

For two weeks Mr. Cheney, the business manager of Selwyn's, Boston, has been exercised over the constant interviews between Mr. Cheney and Mr. Fechter, But nothing came or until the matter was consummented and are out until the matter was consummated, and an engagement signed in black and white on offi-cial paper. Mr. Fechter is to be manager of engagement signed in black and white on official paper. Mr. Fechter is to be manager of Selwyn's for the next five years to come. He would have everything to say about who is to be engaged; the plays are to be produced, and whenever necessary, is to do all hinself. In fact, he is to be stage manager, business manager, and high-cockolorum generally. For this he is to receive \$2,000 per week for the period of forty-weeks in the year, and for five years, from September, 1870, until June, 1876. Whether Mr. Cheney is simply a lunatic or a financial romancer, is not yet definitely known, but from the terms of this agreement he-would romancer, is not yet definitely known, but from the terms of this agreement he-would remember to both. At all events, if Selwyn be not "broke" the first year, he certainly will be the second. It is thought by those in the atrical circles, who should know, that with all due deference to the talents of Mr. Fechter, no theatre in the world can stand such a strain as this; besides that fact that much as Mr. Fechter may be liked, his popularity must be more than human to last forty weeks in the year, and for five years at the same rate; that is, to have constantly full houses. And nothing else will do with such-expense. Of course in this contract Miss Carlotta Leelerq is thrown in. Wherever Fechter goes she goes with him. This is the highest priced engagement ever signed in America, and probably in the world, considering the time it comprises. At all events, if by any chapce Leelerq can stand the pressure, Mr. Fechter's fortune is made, which goes to prove once more that America is the goes to prove once more that America is the Elderade of actors
