THE BEDFORD STREET DISTRICT.—At a meeting of the Board of Health, this afternoon, the following report was received from John E. Addicks, Esq., the Health Officer:

"Since the last meeting of the Board of Health I have daily visited the Alacka Street District, and beg to report that every duty is promptly performed, and the sanitary condition of the whole district is very much improved. No effort or action will be relaxed, but continue with full effect as long as any necessity may exist."

"The whole people are fully alive to the occasion, and leave us much less to do than formerly by their own action."

"The sick are being now promptly reported, and in every case, when required, the houses are thoroughly cleaned and disinfected, and rooms under the late order of the Board are closed, after cleaning, as fast as discovered."

"Since my last report, I regret to say, I have taken three cases of fever from the prison on Thursday and two cases on Friday. I have no report to-day, and trust it will not increase in that institution."

"I have again called the attention of the Building Inspectors to the old rotten shanties and rookeries, and also exposed privy-wells. They have assured me that everything we suggest shall be done, and they expect an order from the Court to-day."

Dr. H. Earnest Goodman, Port Physician, reports eight cases of relapsing fever sent to the Hospital yesterday, and about the same number with two from the prison, today. He accounts for the increase partially by the fact that the people are now promptly reporting sickness at the Mission House.

The report of Dr. J. Howard Taylor, Physician in charge of the Municipal Hospital, submitted to the Board of Health to-day, shows that sixty-five cases of the relapsing fever have been under treatment in the Hospital, and five patients have died.

Inquiries having been made as to the course to be pursued to get a patient admitted to the Municipal Hospital, under the charge of the Board of Health, the Health Officer furnishes us with the following statement:

The Hospital is solely for the use of sick with contagious diseases of a dangerous nature. Every physician is required by law to give notice at the Health Office of such a case under his practice. The patient will be sent to the Hospital without loss of time, as the Health Office is connected by telegraph with the Hospital, so that the ambulance can be sent for the patient promptly."

And, again, if any private citizen is aware or suspects the existence of such a case of sickness, if he will report the matter at the Health Office it is the duty of the Health Officer, by special statute law, at once to instruct the Board of Health to examine and report the facts of the case to him; and on that report, it is his further duty to have the patient removed to the Hospital in case of need.

As soon as the Board of Health were informed by the Board of Guardians of the Poor that they had no more room for patients suffering from relapsing fever, that at once opened their hospital for such cases in addition to the others they had already under treatment, and their ambulances have daily been making two or three trips from the infected district.

CITY MORTALITY.—The number of interments in the city for the week ending at noon to-day was 335, against 250 the same period last year. Of the whole number 184 were adults and 149 children—71 being under one year of age, 185 were males; 148 females; 84 boys, and 65 girls.

The number of deaths in each Ward was: First, 15; Second, 13; Third, 10; Fourth, 12; Fifth, 11; Sixth, 12; Seventh, 11; Eighth, 10; Ninth, 11; Tenth, 12; Eleventh, 11; Twelfth, 10; Thirteenth, 11; Fourteenth, 12; Fifteenth, 11; Sixteenth, 10; Seventeenth, 11; Eighteenth, 12; Nineteenth, 11; Twentieth, 10.

The principal causes of death were: Apoplexy, 4; clou, 4; congestion of the brain, 7; consumption, 55; convulsions, 13; diphtheria, 4; disease of the heart, 8; debility, 21; scarlet fever, 2; typhoid fever, 11; inflammation of the lungs, 18; inflammation of the stomach and bowels, 4; marasmus, 7; old age, 15; palsy, 7; cholera infantum, 5; relapsing fever, 6.

NEW THEATRE ON CHESTNUT STREET.—Mr. Robert Fox of the American Theatre on Walnut street, this morning concluded the purchase of the property of the Pennsylvania Academy of the Fine Arts, on Chestnut street, above Tenth. It is his intention to build on it a handsome new theatre, abandoning the Walnut street establishment, where he has had continual difficulties with the owners. Mr. Fox will get possession of the new property in about thirty days, and will immediately commence operations, which, with his customary vigor and energy, he will push so that the new theatre will be ready to open about the 1st of October. The property purchased has a front of one hundred feet on Chestnut street, and runs back one hundred and seventy feet. The cost of the lot and the new building will be not less than \$200,000. There is no better site for a place of amusement in Philadelphia, and Mr. Fox, who has had the litigation can crush, is to be congratulated upon having secured it.

THE FEVER DISTRICT.—The disease spreading in the Bedford street district, is rapidly spreading, and to-day is raging in sections which hitherto have been free from it. Six patients were taken to the hospital from Bedford street this morning, and the ambulance was called into service to take two men, sick with the fever, from Moyamensing Prison. We need hardly say that the appearance of this disease in the jail is a cause for grave alarm. The warm weather of yesterday and to-day has given marked impetus to the disease, and has justified the most serious fears for the consequences when the weather becomes hot. It is every reason to believe that delay in enforcing most energetic sanitary measures will insure the spread of a frightful epidemic throughout the city.

FIRES DURING APRIL.—The report of Treasurer McCusker, Captain of the Insurance Patrol, shows that during the month of April there were 41 fires in the city. The buildings damaged were occupied as follows: Beer-saloons, 1; woolen and cotton mills, 2; lithograph establishment, 1; cooper-shops, 2; dwellings, 9; single manufactory, 1; trimmings stores, 2; chair wareroom, 1; tenement houses, 2; valise and japan manufactory, 1; saloons, 2; pile of boards, 1; trunk manufactory, 1; oriental store, 1; barn, 1; ruins of a mill, 2; whisky distillery, 1; axle manufactory, 1; steam mill, 1; patent medicine establishment, 1; cigar store, 1; fish oil manufactory, 1.

DR. ROKENBERG'S CASE.—This morning the committee appointed to examine into the mental condition of Dr. Rokenberg, now an inmate of the Pennsylvania Hospital for the Insane, reported to Judge Allison that the doctor's condition was such as to demand his confinement. The report was confirmed.

HEARD FROM.—Thomas Terrence, who mysteriously disappeared about the 9th of April, has been heard from. He went to Liverpool without the knowledge of his relatives, and is engaged in making arrangements for removing his family to Ireland. At the time of his disappearance, he was found on Vine street wharf, and it was supposed that he had been drowned.

DEATH OF OLD BOOKERS.—On the same day with Mr. Benson, died another of the old and well-known brokers of Third street, Mr. Amos Phillips. Mr. Phillips was a native of Bucks county, but came to this city at an early age, and was for many years engaged in a very successful business as a note and stock broker. He died at his residence, 519 Marshall street, yesterday, in the 68th year of his age.

AMONG THE PHILISTINES.—John S. Irons, residing at No. 1361 Frankford road, was enticed into a house in St. Mary street, last night, and was relieved of cash and jewelry to the value of \$75. He charged Sarah Richardson and Mary Fitzgerald with having robbed him, and they were arrested. They were locked up for a hearing at the Central Station.

FAIRMOUNT PARK.—The road to George's Hill is now under repair, and no travel upon it is permitted at present. The Park carriages, however, make the usual trips to Belmont Cottage. There are now four large and nine small carriages, and they have become very popular.

A NEW STATION-HOUSE is to be erected in the Fifth-Police District, on the site of the present wretched affair, on Fifteenth street, above Locust, in an adjoining lot. A notice will be found in a notice from the Committee on Police, inviting architects to furnish plans and specifications.

ATTEMPTED ROBBERY.—Last night, about ten o'clock, an attempt was made to enter the residence of Michael Morris, at the corner of Front and Willow streets. The burglar on the cellar-door was pried off. The appearance of a policeman then frightened off the thief.

LARCENY.—Jane Hoffman was arrested last night, upon the charge of the larceny of a watch, valued at \$75, from the house of T. Walls, at Seventh and Mary streets. She was taken before Ald. Collins, and was committed to answer.

ACCIDENT.—Thomas Brady, aged twenty-two years, had his leg broken at Arch street wharf, this morning, by a barrel of oil falling on him. He was taken to the Pennsylvania Hospital.

FOUND DROWNED.—The body of an unknown woman was found in the Schuylkill, near Gray's Ferry bridge, this morning.

A NEW NORTHERN ROUTE.—CHANGES AND FACILITIES OF THE NORTH PENNSYLVANIA RAILROAD.—The summer timetable of the North Pennsylvania Railroad, which goes into operation on Monday, May 16th, shows considerable change in the running of the trains. The popularity of this line, as shown in the enlarged travel, incident to the continual growth of the country through which it passes, and that of the many citizens who flock to its delightful country-resorts during the summer season, as well as in the increasing tide that sets Northward seeking the new outlets formed by its several connections, has caused such a demand upon its resources as to induce the President to order the addition of several new trains, both local and through, to accommodate the varied wants of its numerous patrons.

The new line, opened by this road in connection with the Lehigh Valley and Erie Railways, to Buffalo, Niagara Falls and the Lakes, reaches Buffalo several hours in advance of the former route, passing through a country remarkable for the variety, grandeur and picturesque quality of its scenery, and will, no doubt, attract many tourists during the coming summer, who wish to vary from the usual track of travel. By a recent extension of the Lehigh and Susquehanna Railroad, a new route has also been opened into the Catskills region, saving considerable time and distance in the run from this city to Williamsport. Attention is asked to the advertisement in another column, as important changes have been made.

A HOME IN THE COUNTRY.—We are informed that W. C. Kent, Esq., will offer, May 21st, on the premises, at Jenks, a new station, on the North Pennsylvania Railroad, his elegant country seat known as "Beechwood," Mansion, stable, coach-house, and out-buildings, 26 acres. A photograph and particulars may be had of the auctioneers, Messrs. Thomas & Sons, 139 and 141 South Fourth street.

INCOMPARABLY FINE CHOCOLATE PREPARATIONS.—A vast difference can be noticed between the ordinary chocolate preparations and those manufactured by Stephen F. Whitman & Son, S. W. corner of Twelfth and Market streets. The latter are rich, smooth to the tongue, and always delicate and perfect in flavor.

TO THE CITIZENS OF PHILADELPHIA.—You are hereby respectfully informed that the gallery of the Philadelphia School of Design for Women, Northwest Front Square, after the hard work of twenty years in an effort to create an institution of which you may all be proud, are now open for your inspection. "THE CRY IS STILL THEY COME!"—The wisdom of keeping the largest assortment of desirable goods, and selling them at the lowest prices, and letting the people know it, is strikingly exemplified at the popular Millinery Emporium of Messrs. Thomas Kennedy & Brothers, No. 729 Chestnut street. Whatever ground of complaint there may exist among business houses generally, it certainly does not apply to this.

Their store at all times resembles a busy hive of bees, attracted by their exquisite novelties. In their superb display of elegantly-trimmed bonnets and hats, which embrace more style and good taste than have probably ever been found in a single establishment, they have had the sagacity to combine designs and novelties to suit all ages, tastes and circumstances, so that the wife of the millionaire and the lady of limited means can alike be suited.

Another desirable advantage which they possess in their superb French Flower department, which, for beauty and completeness, has no equal in America, whilst their prices, in consequence of their enormous importations and sales are unobscured, are the lowest in the market. Their department, from which their retail rooms are constantly supplied, is a receptacle for every imported and American novelty in their line—their stock of Ribbons, Laces and every description of millinery material, being surpassed by any other in this country, both in extent and variety.

KENNEDY & BROS., 729 Chestnut street, are daily receiving new shapes in Ladies' Hats, Rich Sash Ribbons, and Fine Laces.
