ASHINGTON, May 24 .- The report of the Select Committee on Retrenchment concerning the smuggling frauds along the Mexican frontier is a good deal talked about to-day, and will, it is thought, lead to some spicy cor anguage the conduct and actions of President Inarez during the late rebellion. Accident on the Pennsylvania Bailroad ...One Man Killed. LANCASTER, May 24.—The Philadelphia express train going west this morning, at four clock, plunged into the emigrant train going ut, which was standing at Leaman Place The switch connecting the two tracks had been left open by the criminal neglect of the conductor of some freight train which had passed over the road during the night, and the express train, at sharp speed, was thus led from its track directly against the locomotive of the emigrant train. The only person killed was a brakesman of the express train, named Thomas Swayne, of Philadelphia, who died at his post of duty, and deserves the honors of a brave man. He had been married but five months. Two German emigrants were injured, and were sent to Lancaster by special cars as soon as possible. The express, baggage and mail cars were tossed across the track, and all the inmates escaped by jumping. Some of the emigrant cars were driven by the concussion a quarter of a mile to the rear of their own train. The accident is one which no foresight on the part of the Company could have prevented, and the officers of th road owe it to themselves to prosecute the
