The Visit of the Indian Chiefs _____ FROM WASHINGTON.

(Special Despatch to the Phila. Evening Bulletin.) the Fentan Arms-Order of Preside

WASHINGTON, May 30 .- The military commanders and United States Marshals along the Canadian frontier telegraphed here last night, saying that there were a large number f abandoned arms, and munitions of war scattered at various points on the border, and desired to know what disposition to make of them. The matter being called to the at tention of the President, he directed that in. structions be sent to have all the arms collected together, and placed under the control of the military authorities. If the Fenians lose all the arms they have, from time to time, at various depots on the border, their recent raid will prove a decided financial as well as military ailure.

Senator Sumner is of the opinion that if the SpanishCortes adopt the draft of law introduced Thursday by the Colonial Minister, for the extinction of slavery in all the Spanish possessions, it will have a great effect in modifying public opinion in the United States on the Cuban question.

The weather is such as will not interfere with the interesting exercises, although the ground is very wet from the heavy rains which fell during yesterday and last night.
