BARLREK. Thursday Evening, April 7.—Since
Nothing can exceed the richness and beauty making the last entry we have experienced a asto the vanity of wealth, intelligence and skill of the scene there spread out before the eye of shange that was not at all included in our pro- when consecrated to any other purpose than the beholder. The great plain beneath is like gramme. When I went to bed last night I the service and glory of the living God! But a vast ocean of luxuriant verdure surrounding took a peep outside our tent, and saw that the the most surprising thing about this temple is he beautiful city on every side. We then new moon was shining beautifully. I com- the Cyclopean nature of the work. In its outer continued our journey across the range of the forted myself with the thought that we had wall are some of the most enormous stones Anti-Lebanon, with Hermon's majestic sum- a fine prospect of a pleasant day to-morrow ever quarried, shaped, and put together by mit in view. Grandeur and desolation are in which to finish our journey to Baalbek. human hands. Some of them are 60 feet long most striking features of this range of On awaking this morning I found, to my great by 12 feet square; and one, which we measured nountains. After crossing them we entered dismay, that a heavy fall of snow had taken ourselves, is 68 feet long, by 15 feet square. a magnificent gorge, with one of the principal place during the night, and that the snow was branches of the Barada (Abana) flowing still falling fast! The change thus wrought dimensions of this stone than by bearing in through the bottom of it. Our path went in the landscape was great—the green mind that if it were set upon its end and exwinding about through a succession of the fields and blossoming orchards being all cavated, it would make a four-story house, with grandest scenes imaginable. About the clothed in white-but the change in our pros- the rooms in it each 14 feet square and the iddle of the afternoon we reached a noted nects was quite as great, though by no means ceilings 14 feet high. In other words, if it place called Ain Fijeh, or the fountain of as pleasing. Our dragoman was quite willing were, placed in this position along side of our Fijeh. It is near a village, in the wildest part to proceed on our way, but the muleteer, who house in Clinton street, the top of the stone of the gorge just spoken of. The fountain is owns the horses, mules and donkey's of the would be higher than the peak of our roof! It one of the most striking in Syria. And, in-deed, there are few to equal it in any land. Rome, declared it was too dangerous to go on, huge masses of solid stone were ne ruins of a very ancient temple stand at and that he would not move a step. This was ever moved from the quarry, or raised to those the foot of a steep cliff. The fountain issues a real dilemma. The idea of being snowed places which they occupy. I doubt if all the from a cave under the ruins of the temple. It up among the mountains was anything but a appliances of modern art or skill could accomrushes out in vast volumes, with a great roar—pleasant one. We had long and earnest con-plish it. It is calculated that it would require young river at the start, thirty feet wide and sultations among ourselves. All such questhe united strength of forty thousand men, or three or four in depth-clear, sparkling and questions are discussed by us in general countain an engine of thirty thousand horse-power, to eautiful. It forms one of the chief branches | cil, and decided by vote, the decision of the | move one of them. of the Abana, to which Damascus is indebted majority being always supreme. But here The snow has very much melted from the or so much of its fertility and beauty. After was an element that set our majority at defi- plains to day, and this afternoon our baggage. aving this fountain we continued our journey ance. It seemed equally perilous either to go trains came through from the mountains after for two hours more through scenery of the forward or to remain. If we went forward, | us. But, as it continues very cold, and the wildest and grandest character. The road there was no telling what danger might be ground is very damp, we have concluded to winds round the sides of stupendous moun- met with. If we remained, and the snow con remain where we are now quartered till we tains, overhanging steep precipices, and richly tinued, it might be impossible to move at all leave Baalbek. cultivated gardens and fields at the bottom of till the snow melted. I felt really concerned Saturday Evening, April 9th.—It is just a e gorge. It is a sort of Corniche bridle-path at our situation. It was finally decided that month, to-day, since we landed at Jaffa and oad of the most interesting character. Our we should leave the tents and heavy baggage began our pilgrimage in the Holy Land. The

lost in the Constantinople fire.

sent one of his household to call in person upon the family to express his deep regret at Mr. Motley, the United States Minister, has en occasion to express to the family, in behalf of the American people, the sense of his

prominence to the life and career of Mr. Dickens. Cable despatches were received to-day from Boston, Philadelphia and New York, asking for the details of the sad event.

Mrs. Dickens is deenly grieved as the sad event. band's death, and will gladly give her assent to any plan to do honor to her husband.

The second tives: In regard to my first despatch in the New York Evening Post, of Monday, June 6th, any plan to do honor to her husband.

It is understood that Dickens's new novel, to The Mystery of Edwin Drood," has been sufficiently completed to ensure the prompt publication of the story.

Many Americans in London to-day have been calling at the American Press Association to obtain particulars with, reference to the death of Mr. Dickens.

The null-hearters have not vert heap reveal. death of Mr. Dickens.

The pall-bearers have not yet been named, but we are informed that Mr. B. W. Proctor, and asked him whether he intended to state in the The pall-bearers have not yet been named, but we are informed that Mr. B. W. Proctor, "Barrry Cornwall," Lord Lytton, John Lothrop Motley, J. B. Buckstone, Benjamin Disraeli, A. W. Kinglake, W. H. Russell, Lord Houghton, Shirley Brooks and Wilkie Collins will be selected.

The physicians of Mr. Dickens state that they had long warned their distinguished patient of the danger of his mental and bodily exertions. Mr. Dickens had assured them that appon his retirement from reading, which took place some weeks since, and the completion of Edwin Drood," he would take a long season of rest.

It was understood that he intended to visit America, and make a social trip through the West, and as far as California.

Among those who took occasion to express to the family in person or by letter their condelence, were Thomas Carlyle, Charles Kingsley, Anthony Trollope, Edmund Yates, Mathew Arnold, Victor Hugo, Edward Laboulaye, Mr. Gladstone, George H. Lewes, Alfred Tennyson, and a large number of the noblemen and professional men of London.

It is understood that the Queen will conferation of the Ready of the Ready of the Ready of the Ready of the Grand Jury; but that they were shown to him in confidence, and that he could not disclose the papers referred to were affidavits of N. B. Taylor, and others, before the Grand Jury; but that they were shown to him in confidence, and that he could not disclose the papers referred to were affidavits of N. B.
