A MUDDLE IN A COAL COMPANY.—An adjourned meeting of the officers and stockholders of the Swatara Coal Company was held to-day, at the rooms, No. 208 Walnut street. Mr. Henry Bumm filled the chair, and Mr. Rhodes the Secretaryship. The latter gentleman read the minutes of the last meeting. He stated also the object of the present one. It was to receive a report from a Committee. The Company, it is understood, owes \$136,000 to Mr. Charles T. Yerkes. The stock is divided into one hundred thousand shares of stock, at \$10 each. It was originally fifty thousand shares. The Company lease the tract, they don't own it. The paid in capital is about \$300,000. It is claimed that the stock was receipted as full paid. Mr. Yerkes proposes to satisfy his morigage, and accept for his claim a new one to run ten years.

a new one to run ten years.

John R. Read, Esq., appeared on behalf of various creditors. Counsellor Isaac Gerhart represented the company. Outside the mortgage of IMr. Yerkes the obligations of the concern are about \$40,000. This, in the opinion of experts, is not a serious incubus. It is claimed that in anything like a good coal season the company ought to clear \$70,000 a year.

year.

Mr. Henry W. Gray made a brief statement relative to a proposed assessment to pay \$450 toward defraying the expense of an investigation into the claims of Mr. Yerkes against the Company. Mr. Yerkes is represented by Joseph N. Pile. At the meeting 17,770 shares of stock were represented. The voting was to decide the question of the assessment. He first proposed that the Committee, of which he was the Chairman, should make their rehe was the Chairman, should make their re-

he was the Chairman, should make their report.

The referees appointed by the party reported the debt of the Company to Mr. Yerkes, to be the same sum stated as abore. This meeting was principally called to decide whether the report of the referees should be adopted or the reverse. Mr. Rhodes, as one of the referees, made a statement of the work done in their investigations into Mr. Yerkes. The disallowing of a claim for illegal dividend would have reduced Mr. Yerkes's claim against the Company to less than a thousand dellars. In the opinion of sounsel, this cannot be set aside. The redress was against the directors who declared the dividends. On behalf of the Company, Mr. Rhodes offered \$120,000 to Mr. Yerkes, but this offer was declined.

the recent memorial presented to the Court of Quarter Sessions.

The Commissioner of Highways has been requested to require the railway companies to put the streets in complete order. If this is not done at the expiration of the time of the legal notice, he is asked to have the streets repaired, or to stop the running of the cars, as authorized by law.

A resurvey of the railway routes is being made. That of the Second and Third and Race and Vine streets has been completed.

The Inspector reports that the West Philadelphia Passenger Railway is in better condition than any other road in the city. President Morton has invited the Directors of the Citizens' Association to go over the entire Citizens' Association to go over the entire route, and has expressed a readiness to do anything which may be pointed out as neces-sary. The invitation was accepted, and the Directors will pass over the road this after-

The Association finds, in the main, that the laws are sufficient to define obstructions, nursances,&c., but that the power for the removal of nuisances is so wound up with red tape that legislation by City Councils will probably be desirable. BEFORE COMMISSIONER BIDDLE.—Isaac M Tully was in tribulation this afternoon. He had a hearing charged with selling cigar rev-

enue stamps, as already reported.

were genuine; he admitted that he sold them at half their value; when asked how he could do this his explanation was unsatisfactory, and witness gave him into the custody of Marshal Ridgway.

On cross-examination the witness said that he lived at 1823 North Twelfth street; moved there on the 19th ult.; he came there from Delanco, N. J.; witness is in the secret service of the United States; from where he got his information of Tully witness declined to say; he was told that Tully was selling stamps, either counterfeit or stolen; none were tound on his person or in his house; witness never was instructed to arrest any one for selling genuine stamps at any price; witness arrested the defendant without a warrant; he got the warrant next morning.

Eli Ridgway, a deputy marshal, made his statement. Counseller Wm. M. Bull claimed that there was no fraud in this matter. Dis-trict-Attorney Valentine expressed himself sincere in arguing in an entirely opposite di-

LOCAL CHOWDER.—The indications at the present moment are that "growing" weather has come for other crops beside the crop of grass. The latter rarely grumbles about too much rain. —The Park Commissioners will complete
the bridge over the Wissahickon in about six weeks. The much-needed bridge at Mana-yunk still remains unrestored.

—The extent of the exodus to the country

has already told upon the congregations of city churches. The river steamboats, as well as the railroad trains, tell the extent of the hegira.
—In the United States Court, this morning,

argument cases were the order of the day. The spectators are on such occasions made up only of parties interested. The Judges looked dozy. The tipstave not only looks, but is so. We do not know of anything more dry than these proceedings.

—A rush is being made toward Williamsport. The Knights Templar Convention is the attraction. Traveling salesmen are also on the move. The gentlemen remaining at home are non-engaged, when not playing checkers, or fighting the blue-tailed fly. The dog star this afterneon is executing its first howl. The fatness of the season this year has been youchsafed principally to dealers in umbrellas.

ATTEMPT TO BLOW UP A BREWERY.-Last evening, about eight o'clock, an attempt was made to blow up the brewery of Charles Pres-ser, at Thirty-sixth and Sycamore streets, in the Twenty-fourth Ward. Three men were seen to take from a stone quarry in the neigh-borhood, a twenty-five pound keg of powder, and place it within twenty yards of the build-ing. They then returned to the quarry, as is supposed for more powder. These movements were witnessed by a man who was standing on were witnessed by a man who was standing on a hill overlooking the scene. He nothied Police men Kelley and Dunn, of the Sixteenth District. They ran down and discovered that a tuse about eighteen feet long had been lighted. The fuse was cut in the centre, and an explosion and destruction of property was adding prevented. The villains who concocted the scheme escaped.

MURDEROUS ASSAULT.—About three o'clock sterday afternoon, a row occurred at. Water and Callowhill streets. Policeman Sullivan stempted to quell the disturbance, when he was attacked by three men, and was so badly leaten that his physician pronounced his condition exceedingly critical. One of the assallants, James Mahoney, hid himself in the loft of a house in the neighborhood, and was dragged out by Sergeant Gilchrist and Policeman Pauley. Another of the assallants, James Cleggett, in company with a man named Daniel Finn, afterwards attacked Cernelius Caney and Thomas McCaffrey, at New Market and Callowhill streets, and, during the affray, Cleggett is alleged to have used a knife. He and Finn were arrested, and the three prisoners were placed under \$1,200 ball each, to answer at Court. at Court.

Attempted Burglary.—Yesterday morning, between one and two o'clock, a burglar entered the house of Mr. Armstrong, at Fiftysecond and Vine streets. He ascended to the second story and got into the sleeping apartment of Mr. Armstrong. The latter was aroused and leaped out of bed. The robber then jumped out of the window. Mr. Armstrong went down to the front door and saw the man standing a short distance off. He picked up a small marble slab, and, approaching the fellow, dealt him a severe blow between the eyes, felling him to the ground. At this time two men-rushed to the relief-of-the-thief and Mr. Armstrong went into the house thief and Mr. Armstrong went into the house

BEATEN AND ROBBED.—This morning, about half past seven o'clock, Frank Belhart, a butcher, left his home at Nicetown to go to West Philadelphia to buy stock. He took with him \$410. As he was passing along the Junction Railway he was attacked, knocked down, beaten and robbed of all of his money.

STRAWBERRY FESTIVALS.—The ladies connected with the Bedford Street Mission are making extensive preparations for a strawberry festival, which they intend giving at Concert Hall, to-morrow evening, in aid of the Mission. It will, no doubt, be a success, for it deserves to be, and the praiseworthy bject to which the proceeds are to be devoted hould insure it such.

Interesting Anniversary.—The anniversary of the Sabbath-schools of the North Broad Street Presbyterian Church Dr. Stryker's), which takes place to-morrow evening, promises to be one of the features of the season. In addition to the most elaborate and beautiful decoration of the Church, the grown-up speakers so com-mon on such occasions will be dispensed with, the exercises of the children, nearly all of which have been prepared expressly for them, occupying the entire programme. Those who desire seats should go early.

Africa.—A new interest is springing up in the exploration and colonization of Africa. A public meeting will be held this evening at the First Baptist Church, Broad and Arch streets, a behalf of the Pennsylvanua Colonization Society, to be addressed by Rev. George W. Samson, D. D., from Washington City. Dr. Samson has visited Africa twice, and will illustrate his address by maps. Rev. Dr. Stork, of this city, and Rev. James W. Priest will also make addresses.
