THE FOURTH OF JULY. The Fourth of July wears well. Hard on of the entire people of the country to relieve to one hundred years have rolled away since it became a day to be remembered and cele brated by the American people as the anniver-sary of their national existence. But its celeration does not pall upon the popular sense, and on Monday next the National Anniversary will be observed with the same kind of athusiasm and with the same kind of demon- loss of the mome tax could not, under any strations as marked the first recurrence of the day. Watson says that "the first anniversary was celebrated at Philadelphia with great display and joy. About noon all the armed ships uid galleys were drawn up before the city. with their gay streamers flying. At one o'clock, all the yards being manued, they severally fired thirteen guns. An elegant dinner was given to the congress, the civil and military officers. &c. The Hessian band played some fine music, and at each toast there was a discharge of artillery. Toward evening, several troops of ship canal have given a new demonstration of horse, a corps of artillery, and a brigade of its impracticability. Three routes were ex North Carolina forces were drawn up in Second amined, and Commander Selfridge says that street, and reviewed by congress and the general officers. At night there was ringing of miles long, under a mountain nine hundred bells and a grand exhibition of fireworks on feet bigh, which renders it totally impracticable. the commons, and an illumination of the A tunnel of such length, and large and deep houses. The face of joy and gladness was enough for steamers and sailing ships to pass

either in the method of expressing the feeling of the in the method of expressing the feeling of the duality. Moreover, will be the same loyous quakes, and these would not only be dangerpeople. Monday next will be the same joyous duakes, and these would not only be danger-boliday. There will be the same salutes, and ous to navigation, but would probably fill up dinners, and toasts, and parades, and reviews, some part of the canal at every shake. All and ringing of bells, (not by Councilman | projects for an interoceanic canal in that part Logan, however,) and fireworks. The successive generations do not weary and will not there should be no more expenditure of money weary of the remembrance of the day in in surveys, when it has been demonstrated which they became the great free people, which over and over again that the thing is impracnow controls the destinies of this continent, | ticable. and impresses itself upon the destinies and

GEN. SHERIDAN'S OPINION Lawlessness in North Carolina FROM WASHINGTON.

ans, both of the northwestern and south-

ne-cannot by any-means-control the

fer the young men, who are always for war.

Affairs in North Carolina appear as bad as

the most ferocious lawlessness can make them. The condition of affairs has been constantly growing worse, as no judicial punishment has been inflicted for outrages. Governor Holden has now nearly completed the organization of

North Carolina loyal volunteers in the late war, and the other by Col. Clarke, who served with distinction on the Confederate side. When General Douglass arrived at Raleigh

When General Douglass arrived at Raleigh some time ago, having been called to take the position of military aid to the Governor, he addressed a Republican meeting, and the next morning a placard was found threatening himself and Colonel Kirk with death if they persisted in attempting to raise took. Governor Holden is now here, and yesterday, in company with Senator Pool, he had a long interview with the President, to whom he explained the situation in the State. The President informed the Governor that he heartily approved his course, but thought he

he heartily approved his course, but thought he

assured the Governor that if the reign of vio-lence continued, he might call upon him for troops, and he would send force enough to re-stors order a tipiden and Douglass will re-turn to North Carolina on Sunday.

FROM NEW ENGLAND.

(By the American Press Association.)

Boston, July 2.—An Italian organ-grinder named Angelo B. Bactogolico committed suicide last night while temporarily insane.

FROM THE WEST.

[By the American Press Association.]

The race between the R. E. Lee, a Louis-

ville boat, and the Natchez, a new Cincinnationat, built to beat her notedly fast gival, is

reating intense excitement everywhere.
The race is for the honors and \$1,000 only

but many thousands are wagered at various noints, and one of \$20,000 is made in this city

y Charles Kilgour on the Natchez boat oth boats landed at Natchez last night about

both boas landed at Natchez last fight about five o'clock, the Natchez eighteen minutes behind, or the same as passing Bayou Sara, and fifteen minutes more than at the start. The time to Vicksburg is as follows: The R. E. Lee left New Orleans at 4.54 P. M.; arrived at Baton Rouge at 1.28 A. M.; Bayou Sara at 3.36; Vicksburg, 5.35. The Natchez left New Orleans 457, critived at Reten Rouge 1.28.

Orleans, 4.57; arrived at Baton Rouge, 1.38; Bayou Sara, 3.44, and Vicksburg, 5.53. The time of the Lee at the latter point was the

shorter, and but a single stop made.

Captain Cannon on a previous trip

engaged steamtugs at various points on the river to meet him in mid river and supply fuel, por which one hundred and fifty cords of dry pine were selected with special reference to

Neither boat carried passengers or freight,

Neither boat carried passengers or freight, but the Natchez, conveying mails and having to land, made six deliveries—all required—before arriving at Vicksburg. The race to-night, therefore, is clear of all stoppages, and will be urged to the utmost. Captain Cannon is a Southerner, and the most experienced and determined of any Captain on the river; has a picked crew and the best engineers obtainable, an extra crew of firemen and expert pilots.

Captain Cannon has trimmed his boat to

captain Cannon has trimmed his boat to the best advantage, and it is thought he has a crew more capable of handling his vessel.

The Lee is noted also for causing an immense swell and commotion in the river, while the Natchez makes scarcely a break, and having the lead, it is believed that the Natchez will by that circumstance be much

Natchez will by that circumstance be much troubled in an attempt to pass her.
Captain Cannon says if Captain Leathers passes the Lee he will find her very long. The Natchez has two advantages since leaving Vicksburg—the stoppages and lighter water. The Lee is the best in deep water, which is had below Vicksburg, whilst in shallow, which is found above Vicksburg, the Natchez is the best hoat.

Natchez is the best boat.

The boats reach Memphis to-morrow P. M., and Calro will doubtless be reached within three days. One thousand dollars has been

spent by each vessel preparing for the race, and Captain Leathers is determined, in the event of failure, to return to Cincinnati and

CINCINNATI, July 2.—Another firm agreed to the bill of prices established by

larness-makers' Union, and work has

men, were seriously injured by the falling timbers. Andrews' leg was broken and Me-grue's back was badly sprained. A little boy named Charles Berkheimer was fatally injured by a kick from a horse last evening. FINANCIAL AND COMMERCIAL. By the American Press Association. Philadelphia Stock Exchange Sales. WASHINGTON, July 2 .- Little doubt is e has received several letters and telegran from General Sheridan, which show that the

ern reservations, are on the war-path in carnest. Seven different bands, fully armed and equipped, crossed the Pacific Bailroad, just below Fort Saunders, on Monday last, for reservations. In a number of their villages he found large quantities of stolen property accumulated on different raids. He confirms

He has no hopes of any-hing good from Red Cloud and his chiefs, and [By the American Press Association.] The New Constitution --- The Election Chicago, July 2—An important election takes place in Illinois to-day, the question being the adoption of the new State Constitu-tion, which makes many radical changes in

Friday, July 1.—The earliest recorded sale of gold was at 1125; from which there was an advance to 1125; liere there was a sudden rush to sell on the announcement from Liverpool that through some miscalculation there was a discrepency of 70.060 bakes in the account of stock of cotton in the English market. Of course the effect was a description of 10.060 bakes in the account of stock of cotton in the English market. Of course the effect was a desiciency would lead to heavy exports of cotton from this port. Moreover, the feeling is so general that with the steady reduction of the public debt and the enhancement of the mation of the public debt and the enhancement of the mation of the public debt and the enhancement of realize at a small profit. While the future of gold is very uncertain under the expected decrease of the cotton recipts for the balance of the option year, it is likewise quite certain that it cannot make any very great beadway against the tide of influences which are operating generally to extinguish the gold premium. Hence the 'bull' felling is not a very confident one, and the speculative element is turning to the fStock Exchange as a field for more remunerative operations. The firmness in exchange gives substance to the impression that until the new cotton crop affords the country the source of making large exports to Europe, gold will be used in settlement of outstanding balances, but the most confident of the "bulls" are not sanguine of a rise of more than a few per cent. on the present price, with an advance at the first board of about three-quarters per cent. in prices as compared with the advanced and infrequent feature of the market the past few days has bren its rise simultaneously with a rise in London. As a general rule an advance here, being predicted on a rise of more than a few producing an advance in gold, has produced higher, prices for governments here. Latterly, however. The market was easy at three per cent. on governments and four per cent. on stocks. The market was ton gain a

periment before the season is over.

The shipments for the past week from the American yacht Sappho, Wm. H. Douglass, city to points outside New England amount to 9,441 cases. Shipments from Lynn, 2,539 Interment of the Remains of Clarendon.

FROM NEW YORK. By the American Press Association.] Escape of a Burglar.

New York, July 2.—Early this morning officer Lynch, of the Jersey City Police, discovered unmistakable signs of burglary committed on the premises of 121 Grand street. The burglar had caveled by the The burglar had carelessly left the basement door open, and the officer, without waiting to give an alarm or obtain assistance, at once enered the place, when he discovered the b glar in the back basement. He attempted to-seize the fellow, but he eluded the officer's grasp and escaped by the back door, and as ne was scaling the fence, the officer drew a re-volver and fired, but missed him.

The officer at once scaled the fence also,

which the fugitive perceiving, stopped in his flight and fired at the officer, but also proved a bad marksman, when he continued his flight, closely pursued, and effected his escape by plunging into the canal and swimming to the opposite bank, where he was soon lost to sight, uning down the tow-path, the officer not iking the idea of a bath.

Movements of President Grant. At 8 o'clock this morning President Grant, accompanied by his wife and daughter, ar rived at the Astor House, direct from Wash ington. They are traveling in the most private manner, successfully avoiding every opportu-

nity for a demonstration.
The party breakfasted at the Astor House, and at 8.30, just thirty minutes after their ar rival, they left on a special train for Hartford. Arrival of a Steamer. The steamship Europa, from Glasgow, arrived at this port this morning.

The steamship Donau, which sails to-day for Bremen, takes out \$50,000 in specie. The Cotton Market. The cotton market for the week has been dull and declining, closing quiet at the quota-tions, which are a half cent lower than at the opening on Saturday last. The market for future delivery has been active, at lower prices, closing steady at 184 for July and August, and 183 for September. Sales for the week were 4,035 bales, including 1,254 bales for export; 2,426 bales for spinners, and 305 bales for export; 2,426 bales for spinners, and 305 bales for export.

for export; 2,426 bales for spinners, and 305 bales for speculation. The receipts of the week were 79,610 bales.

The exports from this port for the week were as follows: Liverpool, 6,219 bales; Glasgow, 90 bales; Havre, 128 bales; Hamburg, 130 bales. The receipts from all ports for the week were: Liverpool, 23,724 bales. To the Continent, 3,820 bales. Stock on hand at this port, 21,000 bales. Stock in all-ports, 58,000 bales. Cotton affoat: England, 441,000 bales, including 111,000 bales American—being an increase of 11,000 bales American, and in all other kinds 59,000 bales. Exports from all the United States ports since September were United States ports since September were 1,417,521 bales.

Rank Statement.

Loans decreased \$520,864; legal tenders decreased \$400,271; specie increased \$3,382,355; deposits increased \$1,560,873; circulation decreased \$23,780. LOCKPORT, July 2.— Mr. Samuel Wright, an old and respected citizen of this city, a painter, has been missing since yester-day about 3 o'clock. His hat was found last night in the canal, and it is supposed he com mitted suicide. He was fifty years of age, and leaves a family.

Among the departures for Europe to-day were the following Philadelphians: Very Rev. John Hayden, Rev. Robert A. Edwards, R. S. Sibbett, M. D., by steamer City of Paris. FROM WASHINGTON.

[By the American Press Association.]

Financial.
Washington, July 2.—The amount of frac-WASHINGTON, July 2.—The amount of fractional currency received by the Treasurer of the United States from the printing division, during the week ending to-day, was \$298,500. The shipments during the same period were \$488,724. The amount of securities held by the Treasurer in trust for National Banks was as follows: For circulating notes, \$342,278,550. For deposits of public moneys \$16,402,500. Amount of mutilated bank notes burned to date, \$25,503,773: bank currency for bills dedate, \$25,503,773; bank currency for bill stroyed was \$275,000. Making the amount issued therefor \$25,004,695, and

tional currency redeemed and destroyed during the week was \$626,000. FORTY-FIRST CONGRESS. Second Session.

Benate—Continued from the Fourth Edition.

The Senate ther proceeded to the consideration of the Naturalization bill, and Mr. Bayard spoke briefly against its provisions, holding that it was another step by which Congress was gradually absorbing the power of the States, which would lead in the end to imperial

ountry.
Mr. Johnson said that this Government ways held the doctrine of the right of every man to choose his own home. Under this doc-

tury.

He proceeded to consider the advantages the country had derived from our liberal system of encouraging immigration. He proceeded to comment upon the restrictions contained in the substitute reported by the Committee for the bill, and to show that under such extern of naturalization it was offensive and Enthusiastic Receptions at Every un ust.
Mr. Thurman followed in opposition to the bi in extended remarks.

Mr. Sumner presented papers relating to claims of American citizens against Venezuela.

Referred and ordered to be printed. House—Continued from the Fourth Edition.

Mr. Julian also reported a joint resolution to prevent a conveyance of Indian reservations by treaty to any other grantee than the United States. He explained that by virtue of sundry treaties with Indian tribes large. of sundry treaties with Indian tribes, large: bodies of land had passed into the hands of corporations and speculators, to the prejudice of the rights of actual settlers, and this bil provides that when the title of any Indian tribe shall be diverted in any manner, it shall be invested in the United States.

Mr. Maynard said the difficulty was that heretofore we had treated the Indian tribes as:

they saw fit—we cannot interfere with that right, unless we first denationalize them. After speeches by Sargent and Conger, the bill was passed.

Mr. Julian further reported the following act: Amendatory of an act to secure homesteads on public domain. Passed. he public domain. It provides that settleme constitutes a contract between settlers and t until the settler's neglect shall have worke a forfeiture.

Mr. Julian stated that Justice Miller had decided about six weeks ago that a settle was merely a tenant at will, and had no vester States and granted in 1866 to the State of Louisiana to aid in the construction of the New Orleans, Opelousas and Great Western Railroad. Passed.

Also, a bill to prevent further sale of public lands in Nebraska and Nevada, except as provided in the Homestead and Pre-emption laws and the laws for disposing of town sites and mineral lands.

and mineral lands.
Mr. Sargeant asked Mr. Julian to amend by including California.
Mr. Roots asked that Arkansas might be in-Mr. Roots asked that Arkansas might be included, and Mr.Clark made a similar request for Kansas, and Mr. Hooper for Utah.

Mr. Julian accepted the amendments, and the bill as amended was passed.

Mr. Julian further reported a bill to confirm the title of Hutchins & Lanman to certain lands preempted by them in the Yosemite Valley. He explained that the United States had granted that valley which was eight. had granted that valley, which was eight miles long by about three wide, to the State California, with the understanding that if should be perpetually reserved as a pleasure ground and a place of resort for tourists. It was found that Hutchins & Lanman had entered and settled lands in the valley, and

California located their claims, amounting to one hundred and sixty acres each, in such nanner as not to interfere with the free pas-age through or improvement of the valley. This bill was intended to confirm the action of the State.

A long discussion ensued. Messrs. Allison,
Schenck and others opposed the bill. Mr.
Schenck could not support a bill which would
Schenck could not support a bill which would prefer a bill giving Hutchins any reasonable sum for his claims. Mr. Sargent urged the bill, and thought the House could not refuse to pass it, especially as it had just passed an act declaring that set-

lement created vested right in the settler. The previous question was seconded was tabled—yeas 105 to hays 31.

Mr. Calkin, from the Committee on Patents, called up the bill for the relief of the widow and heirs of Thomas H. Harvey, inventor of a patent for dressing screws, and providing for the extension of the patent. This bill was debated at length on Wednesday, when the House refused to lay it on the table by 85 yeas to 86 navs.
Mr. Calkin now demanded the previous question, and the bill was passed by 77 yeas to 8 nays.

Mr. Myers from the same Committee reported a till granting Anson Smith a hearing on application for an extension of patent for improvements in plows. Passed.

Mr. Myers further reported a bill for the relief of the heirs of Jethro Wood, inventor of the modern cast iron plows. It directs the Sceretary of the Treasury to pay Mr. Woods laughters \$25.000 in consi erived by mankind from the inve

Mr. Asper raised the point of order that submitted a report, which was agreed to.
Mr. Sargent, from a similar committee on
the Indian-appropriation bill, reported that
they were unable to arrive at a full agreement onference, which was ordered The Speaker appointed Messrs. Sargent Niblack and Paine as the committee on the

second conference. FROM THE WEST. [By the American Press Association.]

CINCINNATI, July 2.—Internal revenue col-ections in the 1st District of Ohio, for June, aggregate \$188,240 13.
The Chinese Labor Agitation. The Evening Times of to-day will contain a lengthy article, charging the manufacturers of this city with having held meetings for the purpose of taking steps for the introduction of Chinese laborers into the shops and facto-The Times will publish several letters from mechanics asking for information and threat-ening vengeance upon the instigators of the movement. The rumor that such meetings were held, and that manufacturers and Koopmanschapp are in communication is reported but con be traced to no reliable source.

Singular Fatal Accident. VANWERT, Ohio, July 2.—Sebastian Ell, of the firm of Elrich & Ell, owner of a planing-mill, was instantly killed in a singular manner yesterday. He was in the act of throwing on a belt with a hay-fork handle, when the belt caught the end of the handle, and plunged it with great force into his left breast, two inches above the heart.
