MISSING .- John O. Hines has been missing MISSING.—John O. Hines has been missing since Friday morning last. He is 28 years of age, five feet four inches in height, dark hair and moustache, and had on a brown straw hat, black coat and linen pants. He has been liv-ing in Gloucester, and came to the city to set up business. His goods have arrived at his store, on South street, near Sixth, but he has not yet reached there. He is supposed to have had about \$75 on his person when he left home. home

Owen McKinney, aged 60 years, soap manu-facturer, left his home, No. 1623 Germantown avenue, about half-past three o'clock on Saturday afternoon, and has not since been seen or heard of. He worea black Kossuth hat and a linen shirt.

tire. The husband, after futile attempts to secure other employment, was obliged to be-come driver of an engine on the Nashville and Chattanooga Railroad; and the girl-wife; still personating a boy, officiated as his fire-rean. This was during-the war; and, on one of his trips, Miles ran his train through a rebel ambuscade, and was severely wounded at his post of duty. When he was carried-into a military hospital Mrs. Niles accom-panied him as his brother, and, by her assida-ous care undoubtedly saved his life. Their next appearance was at the Madoc gold mines, in Canada, they having caught the auricrous Western fever, raging at that time, and going as brother miners. It being a wet season nothing was to be done in the mines, and they recrossed the border and took tem-porary residence in Cleveland, Ohio. There CHARGED WITH ROBBERY.—C. W. Johnson was arrested, on Saturday night, on the charge of robbery. He is a painter, and had been engaged at work at Penn Square. He and a fellow-workman went off together. The lat-ter got asleep while sitting on a step on Six-teenth street, near Chestnut. When he awoke he found that his pocket had been cut out. The nocket contained a pocket. cut out. The pocket contained a pocket-book with \$42 in it. Johnson, who was misscut out. book was hunted up and arrested. He denied having committed the robbery, and claimed to be the rightful owner of \$29 which were found on his person. He was held in \$600 bail-by Ald. Jones.

ATTEMPTED ROBBERY.—An attempt was made to break into the New York Sample Office, northwest corner of Eleventh an 1 Lo-cust streets, last night. A policeman observed two men sitting on the step. As he ap-proached them, the men ran off. A noise like something dropping attracted the attention of the officer. He then discovered that the lock had been pried off of the door, and found a jimmy on the step. John White was subsejimmy on the step. John White was subse-quently arrested on suspicion of having had something to do with the attempt at robbery. He was locked up for a hearing at the Central Station.

WIFE-BEATERS.-John Campbell, residing near Hestonville, badly abused his wife yester-

hear Hestonville, badly abused his wife yester-day. He was arrested, but she refused to make a charge against him, and Ald. Clark held him in \$300 bail for breach of the peace. John Dryburg, who resides on Richmoud street, above Somerset, was arrested yester-day for beating his wife in a severe manner. He was taken before Ald. Neill, and was held in \$1,000 bail. This morning Mrs. Dryburg hunted up bail and had her husband released from prison. from prison.

MYSTERIOUS.—Early yesterday morning a woman named Bridget McCarty was found in an insensible condition on the sidewalk in front of the depot at Thirteenth and Market trot Police Station and medical aid was sum-moned. The physician was of the opinion that she had been poisoned, but when she was restored to consciousness she declared that she did not know what was the matter with lier. She was removed to her home in Dugan street.

ROBBED WHILL ASLEEP.—On Saturday night a man engaged lodgings at Moore's tayern, No. 1758. Germantown avenue, and went to his room. While he was asleep his pocket was cut out, and the contents thereof, amounting to a little over \$280, were appro-priated by another party. William Buck and Thomas Murray, who had been in the habit of lounging about the premises, were arrested on suspicion of having committed the robbery. Alderman Heins committed them for a fur-ther hearing. ther hearing.

SILK STOLEN.—The store of Tim & Bro., No.355 North Second street, was entered by thieves sometime during, Saturday night. It is supposed that the entrance was effected by passing through the adjoining building. Into this building, the robbers got by passing-through an alley leading from Callowhill street, then Scaling a fence and getting on a shed

The Story of a Eunaway Match. Mentioning the recent death of the wife of a gentleman of that town, the Grand Rapids (Mich.) Eagle takes occasion to review the singular career of the departed lady. She was daughter to a wealthy farmer, owning his acressomewhere in the State of New York, and, at the early age of fourteen, contracted an unconquerable affection for a young man named Chauncey H. Niles, an engineer, whose handsome person and commendable inten-tions were-his-sole-capital-in-life. Her-parents, upon perceiving her infatuation, forbade Mr. Niles the house; and under-took to keep the little girl secluded from bim; but their precautions. were in vain, and the pair eloped together for the West. At Fremont, in Ohio, where they were married, a pursuing brother came so closely upon their track that the bride adopted the device of at-tiring herself as a boy, and selling cakes and oranges at the tailroad station. Thus unsexed she not only evaded capture, but actually sold an orange to her brother; and so pleased was she thereat that, from thenceforth, the gar-ments of the sterner sex were her chosen at-tire. The husband, after futile attempts to secure other employment, was obliged to be-come driver of an engine on the Nashville. An Opinion About Annexation. The Bloomfield, New York Gas Well---Testing the Quality of the Light. [From the Rochester Democrat, Aug. 4.]

The possibility of obtaining, in many places, a supply of natural gas directly from the rocks, not only adequate in quality and quantity for aluminating purposes, but also as a fuel in its most perfect form for driving machinery on he grandest scale, seems about to be realized. the village of Fredonia, in this State, has been ighted chiefly with natural gas for many years. At Erie, Pennsylvania, twelve different gas ells are now pouring out their inexhaustible tream of gaseous fuel-one of them driving a ange flouring mill, supplying the heat to the ollers, formerly obtained at the expense of ten ons

The project supplying this city with gas from this source enders the development of this enterprise of pecial interest to our citizens. About a year go a company of the most respectable and ealthy gentlemen of Elmira purchased this coperty with a view of turning it to some aluable account. To satisfy themselves of its lue and of the uses to which the gas might most profitably applied, Prof. Lattimore f the University of this city, was ngaged by the Company to make a scientific investigation of the chemical qualities of the f the

s, and also to ascertain the daily product. is investigations, which were commenced me weeks ago, at once indicated a gas of a gh degree of purity, and especially free from hose qualities which are so objectionable in dinary-coal gas. The volume of gas issuing ally from the well proved to be surprisingly reat-it is enormous, far exceeding the quanti produced by any other well in the world. rof. Lattimore has made a second visit to West Bloomfield this week, spending two days at the well, for the purpose of completing his investigation. The illuminating quality of the as investigation. This manimuting quarty of the gas—its candle-power—was the special subject of investigation. This was determined by a series of most rigid experiments by means of the most delicate and highly improved photo-

metrical apparatus known to gas-engineers. These interesting tests were witnessed by a large number of stockholders, Dr. Cowles, President, and Profs. Ford and Smith, Elmira Female College; Dr. Steele, President of Genesee College, and many other gentlemen, all of whom expressed their delight and surprise at the unexpectedly favorable results obtained. The proprietors will probably hereafter make public a fuller account of this wonderful phenomenon.
