WORTHY OF RELIEF.—John L. Smith, Francis Fritz and Matthias Fury, members of the Philadelphia Hose Company, it will be remembered, died from injuries received while in the discharge of their duties at the burning of the Sugar House of Newhall, Borie & Co., at Crown and Race streets.

John L. Smith, though in humble life, was a very estimable man. He was steady, industrious and temperate, having the esteem and confidence of his employers (Wm. G. Porter & Sons, South Water street), and the respect of all who knew him. He was thirty-four years of age, and leaves a widow, two children, respectively six and eight years old, and an aged father-in-law, all of whom were dependent on him for support, and who are now penniless.

Francis Fritz was a soldier in the late war against the rebellion, in the 106th Pennsylvania, and was twice wounded. He leaves a widow and two small children, aged respectively two and four years—all in destitute circumstances.

Matthias W. Fury was but twenty-one years of age, an industrious man, working every day at his trade (in Baldwin's foundry), and was the main stay of an invalid mother.

Contributions left at this office will be promptly forwarded to the treasurer of the fund for the relief of these suffering families.

WHISKY RAID.—This morning about half-past four o'clock, Assistant Assessor H. G. Clark, accompanied by Assistant Assessor McCantley and Deputy U. S. Marshals Ridgway and Scharur, visited a building on Rye street, in the rear of the Shiffler Hose House. There they found a still running, and by its side, dozing, Joseph Ellenger and John McGinnis. The last-named was covered with molasses mash. The two men were arrested for manufacturing whisky without a license, and were taken to the Second District Police Station. The officers seized the still and a barrel and a half of whisky.

SILK STORE ROBBED.—The silk store of J. C. Truefitt & Co., No. 212 Church street, was robbed of goods valued at $1,000 sometime during Sunday night. The second story of the building is occupied by the agency of the Camden National Bank. Into this room the thieves first effected an entrance, as is supposed, by means of false keys. They then worked a hole through the floor and let themselves down into the store by means of ropes. They made a full selection of goods and had bundled up, ready for removal, packages worth $50,000.

INCENDIARISM.—Last evening a fire occurred in the fourth story of a building No. 148 North Third street. The apartment was occupied by Charles Fochl as a gun manufactory. The flames were extinguished before any serious damage had been done. Fire Marshal Blackburn investigated the circumstances of the fire, this morning, and became satisfied that fires had been kindled by design in three different places. He therefore arrested Fochl, the proprietor. The prisoner will have a hearing at the Central Station this afternoon.

WALKED FROM PITTSBURGH.—Mrs. Ohlhauser and her son Heinrich, aged 13 years, started from Pittsburgh, on foot, for this city, some time ago. To gain a livelihood on the way they peddled goods through the country. When within twelve miles of this city, a few days ago, the couple separated, each taking a different road. They agreed to meet in a certain locality here. Mrs. Ohlhauser has arrived, but has been unable to find her son. She desires information respecting him left at the Central Station.

RUN OVER BY A CAR.—Philip Barry, residing at William and Edgemont streets, was at work repairing a car, at the Richmond coal wharves, yesterday afternoon. He was under the car. A train was backed up against the car, and Barry was run over. He had both legs crushed, and was conveyed to the Pennsylvania Hospital.

PASSENGER RAILWAY ACCIDENT.—This morning, about half-past nine o'clock, a girl named O'Rourke was run over by a car of the Union Passenger Railway Company, at Ninth and Marriott streets, and was seriously injured. She was taken to the Pennsylvania Hospital.

LARCENY OF A WATCH.—A young man who gave his name as Horace Greely was arrested this morning for the larceny of a watch from the pocket of Amos Bateman, in the room of the Orion Club, at Second and Coates streets. He was locked up at the Central Station for a hearing.

RUNAWAY.—The horses attached to car No. 11, Lombard and South street line, broke away from the car at Tenth and South streets and jerked the driver over the dasher. After running for some distance and smashing a wagon, they were stopped by High Constable W. P. Campbell.

NEWSBOY HURT.—A boy named Edward Weaver got on car No. 4 of the Ridge Avenue line yesterday afternoon to sell papers. The conductor attempted to strike him. In dodging the blow the youth fell off and was severely injured. He was taken to his home, No. 1334 Parrish street.

BOY RUN OVER.—This morning, about five o'clock, John Perot, aged ten years, residing at No. 5 Drinker's alley, was run over by a wagon at Fifth and Arch streets, and had a hand badly injured. He was taken to the Pennsylvania Hospital.

AID FOR THE SUFFERERS.—The Franklin Fire Insurance Company this morning presented Captain Terrence McCusker with a check for $100 for the relief of the families of the firemen who lost their lives at the fire at the Pennsylvania Steam Sugar Refinery.

STOLE A HORSE.—M. Thomas, colored, was arrested yesterday on Delaware avenue for having stolen a horse from the stable of David Paxton, in Radnor, Delaware county, a few days ago. He was locked up for a further hearing at the Central Station.

FELL FROM A WINDOW.—Philip MacCormick, aged 15 years, fell from the third story window of his boarding-house, Frankford road and Lehigh avenue, this morning between 12 and 1 o'clock. He had a leg fractured, and was taken to the Pennsylvania Hospital.

RAILROAD ACCIDENT.—As a party of excursionists were returning from Tacony last evening, a young woman, aged 18 years, who was standing on the platform of the car was accidentally knocked off as the train was passing Frankford station, and had her shoulder dislocated.

A DISHONEST SERVANT GIRL.—Christiana Haehnle has been employed as a servant in the house of Ludwig Gould, No. 2236 Marshall street. Yesterday Mr. and Mrs. Gould went out. During their absence Christiana decamped, taking with her a trunk containing a merino dress, a shawl, some bedding, &c., &c.

IN SEARCH OF AN UNCLE.—Mary Tyson, aged 11 years, who has been living with William Haines at Haddonfield, N. J., is now in the city in search of her uncle, Richard Yerkes. She is at the Second Police District Station House.

A MEAN THEFT.—Joseph Turner was at Point Airy yesterday. While boys were in bathing he searched their clothing, and took whatever money he could find. In this way he gathered about thirty cents. He was arrested, and Alderman Delaney sent him to prison.

ROBBING A HOSE-HOUSE.—David Cyperheldt was arrested last night on the charge of having stolen a set of equipments from the house of the Pennsylvania Hose Company, Eighth street, below Green. He will have a hearing at the Central Station.

SERIOUS THREATS.—Christopher Bridge, residing at Second street and Girard avenue, was arrested last night for flourishing a butcher knife and threatening to kill his wife. He was committed by Ald. Burns.

THE FIGHTING FIREMEN.—The Marion Hose Company, and not the Reliance Fire Company, was the company engaged in the fight with the Philadelphia (Moya) Hose Company last evening.

FATAL RAILROAD ACCIDENT.—Joseph Head, of New York, fell from a train of cars on the Pennsylvania Railroad in West Philadelphia, this morning, was run over and killed.

A BIG BUSINESS.—During the four days of the Schutzenfest, last week, 49,415 passengers were carried in the excursion trains of the Philadelphia, Germantown and Norristown Railroad Company. On the last evening (Thursday) seventy-nine cars, averaging 80 passengers to a car, were brought down. In the transportation of such an exceedingly large number of passengers, but one accident occurred, and that was in the case of a man who was standing on the bumper of a car, and was continually reaching out his arm. He was finally caught by a train passing on the other track, and was dragged from his position and thrown under the wheels. There is scarcely another road in the country which could transact so large a business in such a short time. Mr. W. S. Wilson, the Superintendent, was untiring in his efforts to accommodate everybody, and his excellent management during the "trying period," is deserving of the highest praise.

AN IMPORTANT BUSINESS CHANGE.—Mr. F. A. North, a gentleman long and favorably known as a musical publisher and importer, has removed to the attractive and eligible location, No. 1026 Chestnut street, where he offers a large and inviting stock of all the new and favorite music of the day. The change we regard as an auspicious one. With matured experience, and facilities unsurpassed for transacting the business, we feel assured that our musical public will bestow upon Mr. North a patronage alike gratifying and remunerative. See his card in another column.

THE LAST EXCURSION.—Beck's Philadelphia Band, No. 1, will give another New York Bay Excursion on Thursday next. This will be the last of the season. The excursionists will leave Walnut street wharf at 7.30 A. M. The number of tickets is to be limited so as to prevent crowding, and the arrangements of the committee are such as to insure the comfort and convenience of all of the participants. No person will be allowed to enter the train without a ticket, and persons who desire to go on the excursion should secure the necessary pasteboard early.

BIRD'S-EYE VIEW OF THE SEAT OF WAR.—Mr. John Bachman, of the Congressional Library, has prepared a very handsome lithographic bird's-eye map of the seat of war. This is one of the most interesting maps yet published. It includes all the country given in the ordinary map, and gives to the student an excellent idea of the formation of the country, the location of towns and mountains, and the width of rivers. Turner & Co., 808 Chestnut street, have it for sale.

LARGE FALL SALE OF BOOTS AND SHOES.—T. L. Ashbridge & Co., Auctioneers, will sell at their store, 505 Market street, to-morrow morning at 10 o'clock, by catalogue, about 1,500 packages, embracing a large assortment of first-class city and Eastern made goods. Open early in the morning for examination.

NEW JERSEY MATTERS.

ABATING NUISANCES.—The Council of Camden have at last commenced in earnest to abate a nuisance which has been of long standing, and which has contributed much to the unhealthful condition of the community in which it is located, and for this action it deserves credit. The nuisance consists of a pond of stagnant water lying east of Broadway, near the West Jersey railroad, and which impregnated the atmosphere during the summer months with poison.

The work of filling it up has been commenced, and to do it properly will require about thirteen thousand cubic feet of earth. As tasteful improvements are rapidly pushed eastward, the removing of the plague-spot has become necessary, especially as it is situated in a square of ground of which strong talk is had towards purchasing it for a City Park. It would make a very fine and eligible one.

BRIDGE AVENUE.—Bridge avenue, at the present time, presents quite an active appearance. A heavy force of workmen are engaged in tearing up the old sleepers and rails of the Camden and Amboy track, and relaying it with ties and steel rails. This work has to be done with much care and rapidity, so as not to interfere with the passing of the many trains. As soon as one rail is taken up the new one is ready to take its place. In this way everything moves on without hindrance.

YOUNG MAN DROWNED.—Yesterday afternoon, about 4 o'clock, a young man named John Carhart, residing in Adrian street, Philadelphia, went to swim in Cooper's Creek, and was drowned. Deceased was about 17 years of age. His body was soon after recovered and taken in charge by Coroner Robert S. Bender, who simply held a view, and on ascertaining the facts, delivered it over to the custody of his friends.

THE GLOUCESTER TURNPIKE.—This pike, which has been in an impassable condition for some time, is now being thoroughly repaired, and when completed will be in a safe traveling condition. The bridge over Newton creek is being replaced with a substantial structure of iron, costing about $12,000.

PREPARING.—Last evening the Democrats of Camden held their primary meetings in the different Wards, and elected delegates to their County Convention.

CANADA ABLAZE.

A Wall of Fire Around Ottawa---Showers of Ashes---2,000 People Homeless---$2,000,000 Worth of Property Destroyed---Loss of Life.

OTTAWA, Canada, Aug. 18.—For several weeks past intelligence has reached the city from time to time of the fearful fires that were raging in the woods, destroying fences, barns, and, latterly, houses. Secure in the city, we only shrugged our shoulders, gave vent to a sympathizing "Poor people in the country," or a more demonstrative "'Tis terrible," "The loss to the farmer must be immense," and straightway forget all about the circumstances.

But at last came the terrible news that the whole country was on fire; from every quarter the fires steadily approached the city, until at night the red glare lighting up the heavens would tell of the terrible body of fire that was walking through the country, and in close proximity.

Then it was the news came fast and furious of the residences of well-known persons living in the pretty suburbs being in danger, and the necessity for some steps being taken, if possible, to stem the tide of fire; but extraordinarily little attention was paid to the situation, and not a word was mooted as to a remedy until last evening, when the grand culminating point was reached, and Ottawa indeed experienced

A Frightful Night,

which to be appreciated must be experienced. Early the smoke had been getting very thick; at 12 o'clock, at a certain period it was barely possible to see across the City Hall square. About 6 o'clock the terrible programme began by a fierce gale springing up from the southwest, and in less than an hour the city was enveloped in a thick, blinding smoke, making it premature night of a dark yellow glare, and necessitating the use of gas all over the city. The gale increased in fierceness. The dust, lying on the streets three and four inches deep, and on which for months no rain had fallen of any consequence, was lifted in great bodies, and hurled against windows with a seething sound, while it was impossible for human being to stand before it. Pedestrians who were on the streets, affrighted and bruised, turned their backs to the gale and ran before it, or took shelter in the stores. Into the city came the smoke, rolling and tumbling in thick, dense, bitter, blinding clouds, and mingling with the dust, was dashed about the city. Windows everywhere were closed, and inside the stores, offices, and houses the inmates sat half suffocated, and with streaming eyes. Then clouds of ashes began to come into the city, and the smoke got hotter and more blinding, and soon it was known that the fierce gale had fanned the

Fires Into Frightful Proportions,

and at that moment were traveling through the country at the rate of five miles an hour. At a late hour it was learned that a district of ten miles, in the township of Gloucester, was in a blaze. The consternation seized many, and, in dread, the nervous demanded again and again to be told was there any danger of the flames getting into the city.

The City at Eight O'clock.

The scene in the city at eight o'clock was indescribable. The fierce gale was at its height, the dust and ashes hissed down the streets, while the smoke came rolling in, hot, yellow, and still more blinding. At 8 o'clock not a soul was on the streets, nor had there been for an hour. It was impossible to make way against the storm without leaning forward, as one would do to meet a hail or sleet storm. Offering the broad brim of a straw hat to the resistance of the gale, the dust and pebbles rattled fiercely against it; and every now and then as an unusually fierce squall would come up, there was no help but to face about and gasp until it was over. Proceeding on, signs creaked and swayed threateningly about, the ashes flew past, and eddied round the corners, while from the direction of Gloucester, where the ten mile fire was raging, the east end of the city was brilliantly lighted, notwithstanding the thick smoke. It was truly such a night as Ottawa had never experienced.—*World.*

CRIME IN THE MINING REGIONS.

Another Attempt at Highway Robbery.

From the Shenandoah *Herald* we learn that on Monday afternoon last an attempt at murder and robbery was made on the turnpike on the Nescopeck Mountain. Wilson Fry, clerk for Luther Hutchings, at Black Creek, was taking some money to Mifflin, and when coming down the mountain he was asked by a man whether he was going to Berwick. He replied that he was going to Mifflin. The man then asked to ride, but before Fry could answer he pulled a revolver on him and fired; the ball passed through the crown of his hat, the team then started, when the villain then fired two more shots, one of which passed through his coat sleeve and the other grazed his cheek. It is reported that the whole of Mifflin turned out to scour the mountain, but we have not learned whether any arrests have been made or not. It is safe, however, to suppose there have been none.

AN ALPINE ACCIDENT.

A Woman Falls in a Crevasse.

The *Pall Mall Gazette* says:

Another fatal Alpine accident is reported. A few days ago Mrs. George Marke fell into a crevasse in the mountains near Chamouni, and up to twenty-four hours after the occurrence she had not been found. The young lady was the daughter of the Rev. R. C. Maul of Rickinghall, Suffolk. She was married about two months ago to Mr. George Marke, son of the late Mr. Sedley Marke, of Liskeard, in Cornwall, and the newly married couple were on their wedding tour in Switzerland when the accident took place. It is supposed to have occurred on the Mer de Glace, or at some of the glaciers near.

AMUSEMENTS.

—The Walnut inaugurated the season on Saturday evening by the production of Boucicault's drama, entitled the *Flying Scud*. The season has opened auspiciously, and we hope it may be a continued success. The *Flying Scud* will be repeated every evening during the week, and a matinée performance will be given on Saturday.

—The house of Carncross & Dixey, which has been renovated, and now presents a handsome and unique appearance, was opened last evening to an overflowing audience. A full company, including many first-class performers, among whom are the favorites, Carncross, Dixey, Lehr, Moran and Lamont, is engaged. The house presented a lively scene last evening, every inch of room being occupied. When the troupe made their appearance upon the stage they were greeted with a storm of applause. An excellent bill was presented, including the burlesques *School for Scandal* and *Quiet Lodgings*. We hope that the season, which has been opened so auspiciously, will be a great success to the company.

—Fox's American Theatre, which has been open all summer and has met with much success, is now producing the *Can-Can* to large and enthusiastic audiences.

—The Sappho Operetta Company is performing with success at Duprez & Benedict's Seventh Street Opera House.

TO COUNTRY MERCHANTS AND STRANGERS.—WOLFE'S SCHIEDAM AROMATIC SCHNAPPS.—Among the complaints for which the "Schnapps" has been declared a *specific* by the eminent physicians who have corresponded with the proprietor, are dropsy, dyspepsia, debility consequent upon long-continued sickness and old age, epilepsy, asthma, gravel, colic, affections of the kidneys, and all chronic diseases. For these, and many other disorders, it is now prescribed, with great success, by more than three thousand medical practitioners in various parts of the United States.

THE DANGER attending the use of coal oil is by most people but imperfectly understood; those who have never met with an accident give themselves no concern, heedless that at any moment the most serious consequences may befall them. Ordinary refined petroleum may be safe, if very carefully used, and no account made of possible accidents; but if the oil becomes heated (and all lamps become more or less heated while burning), and the lamp is upset and broken, the flame coming in contact with the warm oil, it will ignite like the old-fashioned burning fluid. In this is one superiority of PRATT'S ASTRAL OIL; for, if a lighted lamp, filled with this oil, is upset and broken, the contents will not explode nor take fire.

The *American Agriculturist* says: "One of our associates had a glass wall-lamp, filled with this oil, fall from its fastenings last week. It broke, and the oil, with the burning wick in it, spread over the floor; but no burning of the oil occurred beyond the wick. He would not use any other oil now if this cost $5 a gallon—nor would we."

The Astral Oil is for sale at wholesale and retail by J. C. LOCKE & CO., 1010 Market street. Sole agents for Philadelphia.
