Meeting of the Board of Aldermen. The Board of Aldermen met, this morning, in Common Council chamber, for the purpose in Common Council chamber, for the purpose of selecting Judges and Inspectors to conduct the election to be held in October next. Ald. David Beitler, President, was in the chair. Ald. Stearne moved to reconsider the resolution adopted at the last meeting, providing each party at a caucus should select the officers and hand a list to the Committee, to be by them presented to the Board.

each party at a caucus should select the officers and hand a list to the Committee, to be by them presented to the Board.

Ald. McMullin opposed this motion. He said that a committee, composed of an equal number of each political party, had been appointed to prepare a plan for this election, and the Committee had agreed to allow each party to select its own officers. He had thought that this action had been made in good faith, and he had gone into every ward in the city to see that none but honest, sober and good men had been selected, and that there were no objections to them. He hoped that the majority of this Board will not be governed by rings and candidates, and be driven from the manly position which it has taken.

Alderman Stearne, in explanation of his motion, said that he understood that the names were to be submitted to the committee to make inquiries. The committee had never seen these lists, and he knew that there are names which the committee did not approve of. He thought that the easiest way to getover the difficulty was to set aside the resolution.

The motion to reconsider was agreed to—

Alderman Kerr moved that the report be recommitted, and that if any objections are offered to names presented by the minority, that they be stricken off.

Alderman Johnson moved that the names be submitted to the board.

A motion to lay the amendment on the table was agreed to—ayes 35, nays 27.

A WAFER ON HER NOSE.—There is a manin Manayunk so forgotful of faces that his wife is com-pelled to keep a wafer stuck on the end of her nose, that he may distinguish her from other ladies; but even this does not prevent him from making occasional mistakes. A recollection of faces as well as events is highly important. Those who ence purchase their supplies of Coal from Messrs. MITCHELL & WORTH, at the northcoal from messes. Mintil & Grarb avenue, invariably remember to go again, as they furnish not only the best coal in the market, but at a lower price than the charged by irresponsible parties. THE \$15 FALL AND WINTER SUITS, Which are so popular at this time and so beautifully cut, made and trimmed, and in such vast varieties that you have only to look upon them and they will speak to youngt in an audible voice, but by a power more potent than words—they will speak to your understanding, to your pecuniary interests, to your personal appearance, even to physical powers, for they adorn you with a full chest, and broad and square shoulders. There is nothing to compete with the \$15 suits sold at the Great Brown Stone Hall of ROCKHILL & WILSON, Nos. 603 and 605 Chestnut street.

WHAT DID IT?-Lyon's Kathairon made my hair soft, luxuriant and thick, and Hagan's Magnolia Balm changed that sallow complexion into the marble beauty you now see. This is emphatically the language of all who use these articles. A fine head of language of all who use these articles. A fine head of hair and a refined complexion are the greatest attractions a woman can possess. The Kathairon and Magnolia Balm are just what will give them to you and nothing else will. The Balm is the bloom of youth. It makes a lady of thirty appear but twenty. Both articles are entirely harmless, and very pleasant. They should be in every lady's possession.
