## PEACOCK, FETHERSTON & CO.

Thursday, September 15, 1870. THE SITUATION IN EUROPE. The Prussian army is slowly but surely closi around Paris, and the question must soon be decided whether the King has determined to make

ings. It is needless to say that the work of peace beneath the walls or to refuse to enter paving Broad street for two or three miles is into negotiations until he can dictate terms in the capital. It is evident that it is to be left to him to fashion his policy in accordance with his own will, for there are no indications that foreign powers will interfere until the demands of Prussia are made known; and not even are plenty of men in both branches, and ber France. It is now ascertained, almost plenty more who are not in either, positively, that Russia desired to join with will not permit any speculation on the contract Austria, Italy and England in a peremptory for paving Broad street. The people have got conclusion, but that this design was defeated to pay a large sum for the improvement of protest against prosecution of the war to such a by the cowardly refusal of England to have this grand thoroughfare, and they mean to have their money honestly spent for the very vest mything to do with it. The action of the parement that can be procured. The earlier Bladstone Government possibly represents the efforts at wooden pavements have not been feeling of the aristocratic classes of Great satisfactory, and some of the subsequent ex-Britain, for they have long inclined to sympaperiments have been miserable failures. A bad thy with the French Empire, and they can wooden pavement,-and any pavement but one of hatred. But it is certain the very best is a bad one,—will be worse than none at all, and Councils will be held to a strict there is, throughout the and fair account if any mistake is made in the middle and lower classes of the Kingdom, selection, or any "lijob" is allowed to interfere a feeling of sympathy for the Provisional with an honest carrying out of the people's government of France, and of disgust with the wish, or the expenditure of the people's money. cold-blooded indifference of the British Cabi-While we urge upon Councils the keenest net to its destruction by prosecution of the scrutiny into this important question, there war to a more bloody conclusion. This feelcannot be any proper reason for further delay ing is intensified by the reflection that the presin determining it. The special committee has ent policy of England makes the influence of had ample time, and a great deal to spare, in that power in Europe even smaller than it was which to make the fullest comparison of the before the present war. If England had joined relative merits of the different patents. If the

mous sum of money, surrender of half the too much importance to every idle rumor of French fleet and of the fortresses of Metz and favoritism or unfair dealing in such mat-Strasbourg. If the war is continued until ters as this. The committee may have thousands more Frenchmen and Prussians are found real difficulty in deciding upon the quesslain, the responsibility will rest in a measure tion of the best pavement. But if it is still in with England; and she will be not less to blame doubt, it had better state its case to Councils, if the subsequent demands of Prussia are of and lay before them the result of its investigasuch a character that the promise of forcible tions, and allow Councils and the public to interference on the part of Russia, Italy and decide. If the Nicolson pavement is not as durable as other pavements, then the earlier ex-Austria, is fulfilled. That King William will have another war periments on Broad street must not be re on his hands if he imposes harsh terms upon peated. If it is, in all respects, the best, then France is hardly doubtful. Russia has given let us have it. But let us have the matter setalmost positive assurance of her intention to the at once, and half the pavement can be laid avenge dismemberment of France, and she is | before the frost sets in. Only, gentlemen of in a position to make good her threat, supported as she is by allies, both of whom have is nothing in this gigantic wood-pile that ought abundant provocation. It is believed that not to be there. THE SAFETY SWITCH. Bismarck is anxious to accept the liberal offer made by M. Thiers. He perceives the folly of | The Convention of Railroad Master M that policy which grasps at so much that it chanics now in session in this city comprises a risks the loss of everything. But reports say | body of men to whom the lives and property of

her voice with those of the three other powers

named, it is quite possible that Prussia would
