THE ELECTION OFFICERS

PROCEEDINGS IN THE COURT OF COMMON PLEAS.

Common Pleas-Judges Allison and Ludlow—This morning, at nine o'clock, the Court commenced the consideration of the applications to change certain election officers appointed by the Board of Aldermen, but alleged to be incompetent or ineligible. There was also an application for members of the comment the or mengible. There was also an application for a mandamus to compel the Canvassers to add certain names which were refused registration at the late session of the

Boards of Canvassers. Messrs. Thos. J. Barger, Geo. M. Dallas and Geo. W. Biddle appeared for the parties making the applications.

Mr. C. Kneass and Wm. B. Mann represented the other side.

Mr. Barger presented first an affidavit that Joseph S. Watt, Return Inspector in the seventh division, First Ward, does not live in the precinct, but when last heard from was in Vermont.

Judge Allison said that did not establish the fact that Mr. Watt has removed permanently. The case was passed for the present.
Robert Floyd, judge in the third division of the Third Ward, was objected to upon the ground that he is not qualified, having lived in the division only since January 10th.

Mr. Floyd was examined as a witness and Mr. Floyd was examined as a witness and confirmed this statement. In his place counsel suggested John H. Gore.

George W. McTague, Judge in the fifth division, Second Ward, was objected to, because he was not selected from the party which polled tile majority at the last general election. An examination of the list of votes showed there was a tie vote for Governor, but the majorities upon the other condidates.

Alexander McDonald was substituted for Jos. Martin, judge in the fourteenth division, Second Ward, who was not of the majority program the precipit

party in the precinct.

In the sixth division of the Fourth Ward, Edward Woods was proposed in the place of Francis Clarke. It appeared that Woods is a

police officer. Mr. Mann suggested that where an appointment was revoked by the Court there ought not to be a substitution until there was time for the other side to examine into the fitness of the substituted officer. This would enable the substituted quicer. I mis would characte them to prevent improper persons being placed in the election polls. Before the Board of Aldermen these parties presented as election officers the names of men who are now under indictment for frauds at elections. This would indicate the necessity for scrutiny.

would indicate the necessity for scrutiny.

Mr. Dallas said the allegation that improper persons were to be substituted was uncalled. If an improper person was suggested, it would be time enough to object.

Judge Allison said the court was willing to accept the party substituted, provided there was some assurance by counsel or otherwise that the substitute was a proper person. In justice to the court there ought to be some assurance that the person whom the court is asked to appoint is a proper person.

Mr. Dallas referred to the difficulty of getting parties into court, and counsel were com-

It was also suggested that there might be a question raised whether this was the last day for this substitution.

Mr. Biddle said, according to his reading of the law the application must be made ten days before the election, but it did not follow that substitutions must be made ten days before the election.

THE STATE HOUSE PAVEMENT.—The company which contracted for furnishing the slate for the pavement in front of the State House has commenced to deliver the same.

This slate is of very good quality, and comes from the northeastern portion of Berks county. A slate sidewalk in the city is a new idea, and it is claimed, when the pavement is laid; it will be what has been promised—a first-class one. The delay in the work is not to be attributed to the Slate Company, but to the nontributed to the Slate Company, but to the non-completion of the steps, as the pavement would be greatly damaged by moving the heavy granite slabs over it.

FATAL RESULT.-Sarah Madden, aged 22 years, who was badly burned, on the 20th inst., while attempting to fill a lighted coal-oil lamp, died this morning at the Pennsylvania Hospital. She resided at No. 9 Lincoln avenue, Fallon street, above Catharine, between Eighth and Ninth.

ANNIVERSARY.
October 1st, 1870, will bring Rockhill & Wilson into October 181, 1870, Will of the Broth of Wisson in their forty-first anniversary. On the first of October, 1829, the Tailoring and Clothing business was commenced in a small room, 15 by 24 feet. To-day they occupy the magnificent store known as the Brown Stone Clothing Hall. Nos. 603 and 605 Chestnut street and 35 South Sixth street. Then their place of business was in an obscure to the street of the stree location; to-day it is on the most popular and fashion able thoroughfore in the city. Then their capital was precisely one hundred and fifteen dollars; to-day it is sufficient to drive the heaviest manufacturing and commercial engine known in the Custom and Ready-Made Clothing business. Then their credit was limited to a very few cloth houses for their supplies; to day it is untimited both in Europe and America. Then their busi-ness amounted to but a few-hundred dollars; to-day it amounts to millions. Then they were young saplings sending forth their tender shoots in the manufacturing and commercial world; to-day they are sturdy oaks of the forest, and thousands of people are protecting them-selves under the des of their magnificent mantles. Several of our old customers, who started with us in the commencement, boast that they have never worn a garment from any other house during all that long period, and bave trained up their children in the way they should go. Thankful to our friends for past favors, we can say to them with confidence, on our forty-first anniversary, that we will start with the largest and most desirable stock of piece goods from which to take measures, and also Ready made Clothing for Gentlemen, Youths and Beys, ever offered to the public, and at prices that no one shall have to complain of.
