CORRESPONDENCE. LETTEB FROM POTTSVILLE.

[Correspondence of the Phila. Evening Bulletin] The Natlian Murderer. POTTSVILLE, Sept. 30, 1870 .- The dry spell having had a successful run of several weeks, however, as the streams are so low that it will by which coal may be brought over its own take several days' rain to bring them up to their and the Philadelphia and. Reading road at as shadowy shores of dreamland, where golden **DUTTON'S PIANO** take several days' rain to bring them up to their nominal condition. The Schuylkill, at Potts-ille is a more thread, across which one could which it can be carried down the State at a which it can be carried down the State at a **THE LONDON INFANT**. ville, is a mere thread; across which one could by which it can be carried down the State as a almost step without troubling himself to jump, road to Wilmington. I do not understand the and not navigable for anything deeper than, a animus of the effort, but the friends of the

The dearth of news items is not yet broken by any storm of excitement; though, about a week ago, somebody did try to make a sensation by arresting the Nathan murderer in Schuylkill Haven; a full account of which was furnished by the Associated Press at the time. to notice it; and the Associated Press, after tak-ing it all back and explaining how it had been misled by a couple of detectives who had cap-tured a crazy man, also found it convenient to let the matter drop. In the same way Wilkes looth was apprehended at Tamaqua, to which place he had stolen a ride on a coal train, a few 's after the assassination of President Lin-In. It is about time this thing comes to an end, for if it is carried much farther, it will grow into a habit, and whenever an offender scapes he will be looked for in Schuylkill. quite as a matter of course. The county is bad nough, it must be confessed, and its noneoo-savory reputation abroad has much truth r its foundation; but it does not harbor all e criminals in all the country, nor does it

wish fugitives from justice to get the impression that they will find here a sure and undisthe oppressed " in any such sense. Burglars Abroad. Still, as I said, it is bad enough, and growing vorse, particularly in Pottsville itself, where shall be Governor and Mr. the thieves, who have heretofore confined their

operations to cellar robbing and sneak-thievig, are rapidly acquiring more audacity and sing to the dignity of full-fledged burglars. The latest exploit was the entering of a house urbed, left in such haste that he failed to take his gathered plunder with him. Perhaps people will take the hint and deposit their thoroughly, by burglar and fire proof as it can | object or not.

a few days, and, with six candidates already in he field, and I know not how many more climbing over the fence, it would seem as if we hoth-at-once.---Conl Matters.

In coal matters: cite Board of Trade, and the Workingmen's [hand. Benevolent Association, having met for the wayes shall be reduced on basis, 6¹/₂ per from. transformed by the joint committee. Then comes the sail rock, composed of gigantic Signed by the joint committee. nd is, moreover, as bad for the operators as it takes it to be a schooner with sails set. is for them. For the relief of the operators, illusion is complete without the aid of imaginathe Reading issues the following :

there will be paid a drawback on anthracite coal shipped from Port Richmond to points south of Cape Henry, east of New Brunswick and along the line of the Delaware and Rarin Canal, as follows: an Canai, as ionows: In lump, steamboat and broken sizes...60 cts. | through our carcass.

accepted without strikes is uncertain. A gen-eral strike is feared by some, but we shall hurrying streams dash over the cliff into the lake below, forming beautiful cascades, where know in a week or so, when the monthly pay- fantastic walls of rock, carved, sculptured and WICO. ments are made. uu:

OUR WILMINGTON LETTER. [Correspondence of the Philadelphia Evening Bulletin.] Rocks.

Another Fine Steamer. WatMINGTON, Sept. 20, 1870.—Yesterday, It is quite appropriately named. Arbold pro-montory jutting forward from the main clift, a at 4 o'clock, another fine iron sidewheel steam- | single mass of sandstone about one hundred ship was launched from the yard of the Harlan & and seventy by sixty feet, supported from the ship was launched from the yard of the Harlan & Hollingsworth Company. She is named the Hutchinson, and is built for the celebrated Morgan line, being intended to run by the "outside route" between New Orleans, Gal-veston and Indianola. Her dimensions are util the dimensions are veston and Indianola. Her dimensions are 250 feet length, 36 feet beam, and 20 feet depth of hold, and her capacity about 1,800 tons. That is, she is ten feet longer than the Wyanoke, the largest iron ship built in this country, rocky wall. One may enter the chapel, from but not being so deep is not really so large a ship. the rear, but the lake being calm, we may Her engine is a 60-inch cylinder and 10 feet | climb the rocks in front, reaching the entrance | stroke, and her wheels are 21 feet in diameter, at a height of thirty or forty feet above the with 8 feet face; so it will be seen she is a Here we are, within a temple not made with large ship, with powerful machines. This is the twenty-second steamer built by this estabisliment for Charles Morgan, Est, and they vaulted apartment, with its pulpit and altar now have on the stocks another of about all complete, that as we enter we almost expect equal size for him, but which is to be finished in a style of magnificence far surpassing that of any of its predecessors, even the much-vanued Josephine, "Queen Steamer of the chapel and in their crude way people it with ghostly forms. It only requires Grecian birth, Sulf," of which it is to be the companion, or location in the Holy Land, with a flimsy tisrunning in the same lines between Brashear | sue of monkish stories thrown about it, to rer City and Galveston. This vessel will be ready der the place classscal. to launch in about four weeks. The company will immediately lay the keel for another iron steamer on the stocks from which the Hutch-

inson was launched yesterday, the new one being a large steamer for the "Old Bay Line," between Baltimore and Norfolk. iron steamer for South America, last week, and are pushing her rapidly to completion. This tion thrilled us throughout the night as we ar own people are surprised at the rapidity

though he were personally engaged in carrying forward this work of manifest desany. Hence effect Mission is no more, upon its walls we all say, " If a build so many ships a year." &e., and all join in angry contempt at the local onsy of the su-called " Metropolitan press" of New York. The Water Works. Af the inceting of City Council, last evening, the report of Wm. E. Morris, the Engineer

port on a plau for their improvement, was read. It is a lengthy and elaborate document, and wall, with a bold, lofty front, and a passagepresents three plans, each with certain advant-ages or disadvantages, by which the necessary new row beneath the vast arch. enlargement of the works may be made at a cost in the yourself in a room 400 feet in the protoco to the Post-O cost in the post Council also adopted a report recommending height from the water to the arched roof.

Animus of the effort, but the friends of the Wilmington and Reading think they do, and consider it a very bad one. Some earnest efforts are now making to seconsider it a very bad one. Some earnest efforts are now making to se-Some earnest efforts are now making to se-cure the taking of the small balance of stock necessary to the commencement of operations on the Wilmington and Western road, but I am not fully advised as to their success. So far as I am informed, however, the measure of the occasion of a public spectacle of any kind.

long-suffering and nucli-enduring Anti-Slavery Democrats have rebelled at last, and are fully determined to put an independent Democratic ticket in the field in opposition to the "family" nominations in both the lower counties. and Brother Gove in the Senate was too much for them, and they refuse the dose even if it is caucus has been held, in which the leading Democrats of Kent took part, such men as Dr. John A. Nicholson, late Representative in Congress. They mean that "Jim Pruden" on that they will find here a sure and undis-overable hiding place. It is not "a refuge for shall not be elected Governor, and that "Benny Biggs" shall not go to Congress, and of course there is but one other horn to that dilemca, and that is that Mr. Coursy shall go to Congress. They don't like this, but they would rather have it than the abstraction of a quantity of plate and other articles of value; but the robber, being Alam Meanwhile, there is consternation in the and terror in the "family circle," while the Republicans maintain a masterly inactivity which would delight the heart of McClellan as _____ • ____

-A despatch received by the American Press. Association, from Berlin, says: Official de-

spatches just received from Ferrieres, King William's headquarters' dated to-day, give particulars of an engagement began this morning. an advance position and intrenched themselve were attacked by the French in heavy force. who thought to effect a surprise. Considerable difficulty was experienced in meeting the despe rate charges of the French, owing to the sud dénness and impetuosity of the attacks. Lines of Prussians, however, soon formed, and fearful combat ensued, fighting band-in-hand

over entrenchments, and piling the pits with the slain. The French repulse was followed by the wildconfusion. They finally retreated, leave ing large numbers of dead and wounded i Bogus despatches were extensively circulated

yesterday at Valenciennes, stating that the French, after a hard fought battle, had recaptured Versailles, completely routing the army of the Crown Prince, and placing thirty thou sand Prusians hors-dy-combat, and capturing six thousand prisoners. The report, was inians remain secure in the occupation of Versailles, and the recapture of the city i improbable.

progress before Metz. The French, under Marthe Prussian lines, succeeding in winning a glo resulted to the French arms.

state the general result A large number of private documents beouging to the Emperor, which were recently

eized at the Tuileries by the officers of the new government, have been published here in the Official Journal of the Remultic- Many noted persons under the old regime are implicated in the scandals. The Provisional/Government at Paris has already dismissed M. De Vienne, President of the Court of Pardons. he having been shown to be mixed up in thescandalous transactions of the ex-Emperor and Marguerite Bellenger. The Jecker corres-Marguerite Bellenger. The Jecker corres-pondence in relation to Mexico was unearthed, implicating the Duke de Morry and others high in the Emperor's confidence. Besides, there were found letters from Persigny to Napoleon, + nor a Republican. He is the head of the semiproving the existence of a black tribunal, and royal family of the Fitz-Jameses, descendants proving the existence of a black triothal, and the proving the existence of a black triothal, and the proving the existence of a black triothal, and the proving the proving the proving the battle of Salowa, warning the Emperor against the very events now ensuing. Altogether, the discourse thus far the proving the pr made in regard to the private life of Napoleon pany with the Prince of Sagan, with the duty

I might, day, the European situation came under dis-cussion. The meeting was fully attended by that I have seen; but in the face of e Ministers. Mr. Bruce, the Home Secretary, urged the country, I will only speak of what took the Ministers.

importance of such action on the part of Eng-land as should associate her with Russia in the pacification of Europe, and pointing out the danger of leaving the entire initiative of what he described as inevitable interference to a Power which had much interest in denressing communication of the second state of the second st Power which had much interest in depressing and not enlarging the influence of Great Britain. Earl Granville and Mr. Cardwell, Secretary

Earl Granville and Mr. Cardwell, Secretary of War, were not indisposed to this view, but represented the impossibility of action without recognizing the French Republic, which they maintained, existed only by the irresponsible acts of the agileries of the fegislative bodies. The Duke of Argyll objected that the Re-public had been recognized formally by the United States Government, and it would be a sort of constructive discourtesy to the United States to assume that a government which ex-isted with sufficient warrant to command, American recognition, had, no sufficient stand-

Europe. The Duke of Argyll also dwelt particularly upon the importance of such questions in Eu-rope to Russia, whose policy in Asia was of so the bodies of the inhabitants calcined on their to remain unknown. War has its rigors, but it has also its rules based on the laws of honor much consequence to the present and foture uch consequence to the present and future and humanity. Those laws, you Bavarians, you | of Great Britain.

that no government exists in France which can slaughter the women and children of a vilproperly be recognized by Great Britain at this time. The advices of Lord Lyons, the British Minister at Paris, were indeed very urgent in the contrary sense, but the course of the gov-regular as the fourth and fifth ban of your ermnent could not be absolutely determined own Landwehr. You had even, in the name by reference to the views of any agent, no mat-ter how well entitled to the confidence and respect of the government. The final decision integration of your own terrible system, the right to burn Bazeilles; you killed for killing sake; you conducted yourselves like savages and not like soldiers. This, Mr. Editor, is what I feel arrived at was that nothing could now be a duty upon me to write, and to submit to the alone, as it was not expedient to recognize the judgment of all men. Most respectfully.

have already been chronicled. At the Cabinet meet At the Cabinet meeting correspondence was From St. Clair... laid before the Ministry which has just taken place between Granville and the Prussian Am-+

bassador. "Port Clinton...." Count Bernstorfl, two weeks- ago, addressed "Harriburg and Dauphin, Allentown and Alburtes..." to Earl Granville a formal complaint against the continued shipment of arms from England to France. To this Earl Granville replied that, under the

existing laws of England, nothing could be done to provent such shipments, which might be nade to one power as well as to another, and Previously this year. hat Parliament alone could change the exist-On Wednesday last Count Bernstorff ad-

dressed a second note to Earl Granville, specifically stating that the Prussian embassy had consets of arms from, Birmingham to France. ^{Naylor x Co; 1000 empty perforent oblis x out a manual point of 400 Sous.} ^{PENSACOLA}-Schr Georgetta Lawrence, Robinson-^{PASA73} feet yellow pine scantling 175,855 feet do boards W cases of arms from Birmingham to France. "This," said Bernstorff, "is certainly no nou-trality, as your Excellency's government must be perfectly aware, in the present state of af-fairs on the continent, that these arms are intended for use in the field at once against Prussia." To this note Earl Granville replied by re-questing Count Bernstorff to lay the proofs of $000 \text{ feet yellow pine scanting 105,385 feed to boarde W$ A Levring.UHABLESTON, SC-Schr E G Knight, McAllister-IMABLESTON, SC-Schr E G Knight, McAllister-IMABLESTON, SC-Schr E G Knight, McAllister-100 for sphere and the continent, bound theWASHINGTON, NG-Schr H French, Doughty-100 feet yellow pine lumber 50,000 24 inch cypresshingles 5 tailes outon Norcross & Sheets.A MENDERN, NG-Schr D H Tolly, Gosler-50,000 feet yellow pine lumber 40,000 20 inch cypress shinglesA MCSON VILLE, SC-Schr C H Tolly, Gosler-50,1000 feet yellow pine lumber 40,000 20 inch cypress shinglesNetwork States outon Norcross & Sheets.
