The structure is 40 by 90 feet, and is owned by John R. Matlack. The first and second stories were occupied by Edwin Harrington, manufacturer of enginelathes, land-lathes, upright drills, &c. The front room was occupied by Speak & Deakin, brass finishers, and manufactures, of optical and philosophical instruments, and the back room by James A. Largy, manufac-turer of pearl buttons.

The building was of frame and was built in a highly ornamental style. It belonged to Jacob C. Kiusley, who kept boats to hire. The flames were first observed by Policeman Flick, who is stationed on the Wire Bridge. He gave the alarm and the boat of the Schuylkill Harbor Police was quickly on the spot. A temporary dam will be constructed by throwing a breastwork across the meadows at this point. A portable engine will be placed at a convenient spot, and a pump brought into requisition. The pipes will connect with the Haines street water main. At the Germantown Works the water is still very low, and citizens should therefore continue to be as economical as possible in its use.

THE "WATCHERS."—This morning the counsel for the Republican and Democratic parties presented themselves in the United States Circuit Court, and stated that they were for the positions of States Circuit Court, and stated that they were ready to submit names for the positions of election watchers for the various precincts. Judge McKennan answered, that to avoid complications and delay he would prefer that both parties come to some definite choice as to the candidates, and to allow time for consultation he would postpone the matter until to-morrow at 9.30 A. CITY NOTICES. MESSRS. KENNEDY & BROTHERS' AUTUM-NAL OPENING OF MILLINERY.—We could hardly indite for the eyes of our lady readers a more agreeable cap-tion. The name of KENNEDY's has so long been associated in the minds of Philadelphia ladies with every thing new and tasteful in the Millinary Department that the mere mention of their approaching. Opening, at their splendid Emporium, No. 729 Chestnut street, will excite as deep an interest as the news of a victory. The chief autumnal opening of this popular old house is almounced to take place on Wednesday, October 5. is a foounced to take place on Wednesday, October 5. The preparations made for it are on a scale worth the name and reputation of the house. We have reason, in fact, to believe that it will exceed in elegance, design and extent any Hat, Bonnet and general Millinery opening that has ever been witnessed in this country; and we may safely chroniele it, in advance, as " a gala day

mong the ladies." An Amusing Incident.—A lady and gentleman arrived in the city, a few days ago. from the East, on their bridal tour. Promenading up Chestnut street on their bridal tour. Promenading up Chestnut street they were struck with the fine display of Boys clothing in the window of Rockhill & Wilson's, and particularly with a small suit of exquisite butz. The lady was so taken with it shat she insisted upon Nathan's purchasing the suithgiving as a reason that they should be likely to want it in three or four years, and she was certain that they could not find its equal when they did. Suffice it to say that Nathan made the purchase to the delight of Mrs. Stone. A large stock of the same styles on hand at the Great Brown Stone Hall of BOCKHILL & WILSON'S, Nos. 603 and 605 Chestnut street.

UNRIVALLED YET.—"Blood will tell!" say the horse fanciers, in estimating the endurance of a fluo animal; and the motto is a good one, outside of the sporting world. A pure article—intrinsically good—must distance all competition, eventually. The success of Udolpho Wolfe's Aromatic Schiedam Schnapps has induced the manufacture of a hundred imitations; but in the unrivalled sale of his manufacture—while others have achieved if at all but a scanty success—may be found the public appreciation of a pure and whole ome beverage.
