THE POLICE AND THE ELECTIONS.

A Secret Circular to the Policemen.

The following is an exact copy (names of policeman and Ward and Division only omitted) of a circular that has been sent to each member of Mayor Fox's police by Hon. Samuel J. Randall, "*by order of the Democratic candidates.*" It will be observed that every policeman is expected to engage in these domiciliary visits so as to bring out the Democratic voters. On the days of registration they were also to neglect their proper duties, sit with the canvassers and "render such assistance as *the Democratic Canvasser might request*"—the italicizing being in the original.

[COPY.]

"No. 734 Sansom Street, Philadelphia, Sept. 29, 1870.—*To*——You have been assigned to canvass the —— division of the —— Ward.

"We desire it to be done in the following manner: Obtain a printed list of the registered voters of the above-named division, and with the list proceed through the division. Ask at each house the name of the man residing therein. At the same time ascertain his politics. Examine the list to ascertain whether the name given corresponds with the name upon the list. If it does not, and his name be not upon the list, and he a Democratic voter, see that he has it placed upon the registry on Saturday next, October 1st, 1870. Do not neglect this; it is *all important*.

"Mark opposite the name of each Democrat the letter D; opposite the name of each the Republican R; opposite the name of each man who has moved from the division the word "Moved;" and opposite the name of each man who is not a voter the words "No Voter."

"After you have thoroughly and completely canvassed your division, and marked the list in the manner above described, you will return it to the Democratic Canvasser of the above named division, on Friday evening next, September 30, 1870, so that he may correct any errors existing therein.

"On Saturday and Monday, the 1st and 3d day of October, you will remain at the place appointed for the sitting of the Canvassers in the division you have been assigned to, to render such assistance as the *Democratic Canvasser may request.*

"By order of the Democratic Candidates.

"Samuel J. Randall, Chairman.

"George McGowan, Secretary."

Drippings.—The conductors of the Second and Third street line travel 77 miles per diem of 17 hours, and receive therefor the paltry sum of $2. Yet the fare is still seven cents.

—The granite topping for the steps at the Receiver of Taxes' office has arrived.

—The Democracy have an idea that Gerker will succeed Lyle. Oh, hush!

—It is very evident that Bunnie's bunns will be well buttered next Tuesday.

—Who pays for the Creely placards? Not John, surely!

—When are we to have a Paid Fire Department?

—Spring Garden street is to be opened to the Delaware. But when?

—Recorder Givin is as happy as a lord since Ned Lyons has been captured.

—Chief Downey, this morning, was called upon by a colored delegation.

—The railroad conductors have gone to Cape May. May they have a good time.

—Just now the politicians are anxious to know all the reporters.

—Look out for your valuables! The New York thieves are arriving.

—The laying of the State House pavement will probably be completed about the time that the Democratic party becomes honest.

—It is said, and with some show of truth, that "Bunnie" has sold out the whole Republican ticket to promote his own success.

—One of the Democratic Fifth Ward tickets is headed with the cut of a "green eagle." Oh! Haggerty! Haggerty!

—Hon. Samuel J. Randall spends his time in directing the police force in their arrests of colored men.

—Notwithstanding the state of the weather, the workmen employed in laying the State House pavement continue their work.

—Capt. McCusker, of the Insurance Patrol, forbids his men to indulge in political discussions.

—Some people may think we are wrong, but we are in earnest in the assertion that Christmas this year will fall on the 25th of the twelfth month.

—The police lieutenant of the Fourth District gives all his cases to Alderman Quirk, despite the fact that Alderman Godbou is the committing magistrate appointed by Councils.

—The citizens of the Fifteenth Ward propose buying the apparatus of the Western and Spring Garden Engine Companies, in order that their property may be protected. N. B.—No more rioting.

—Chief Engineer Graeff is about utilizing the "suckers" that daily throng State House Row, by attaching them to a new pump to draw water from the dam. If they succeed as well as they do in drawing whisky from the candidates, there will be no farther dearth of water.

The September warrants of the policemen, except about forty, were signed by the City Controller this morning. The exceptions are for those policemen who acted as canvassers, and are held under advisement.

—Why doesn't District-Attorney Sheppard look after the gamblers and policy men?

—The insane patients at the Almshouse were greatly delighted by a performance by Simmons & Slocum's minstrels on Wednesday afternoon last.

How Ned Lyons Was Captured.—Detective Ben Franklin returned to the city last night, after his successful hunt after Ned Lyons, the Navy Yard burglar. He states that the robbery at Smith's bank at Perry, Wyoming county, New York, was planned before the attempt was made to rob the Navy Yard here. Lyons was seen in the town, driving about, sometime before the robbery. After his release here he went to New York, in company with Jim Hope and John Hughes, who are alleged to have been concerned in robberies here. An entrance was effected into Smith's bank, and the outside door of the safe was forced open. As they were about preparing for blowing open the inner door, the robbers became frightened at the approach of citizens, who composed a sort of Vigilance Committee. The latter then discovered the attempt to rob the bank. The different roads and surrounding railroad stations were closely guarded. At one of the latter Lyons came up. The citizen on guard told him to stop, or he would shoot. Lyons refused to stop, and the citizen fired. Three shots were exchanged. Other citizens came up, and Lyons finally surrendered to the man who fired at him. His companions were captured by other squads. Near the bank were found the tracks of a horse which had worn a peculiarly shaped shoe. These tracks were traced for about seven miles, and the horse was found in a livery stable. The proprietor of the stable identified the prisoner as the man to whom he had hired the horse. In the wagon which had been used were found some oats and some tools. When Lyons was searched a memorandum that he had left a carpet-bag in Rochester was found. This valise was secured, and its contents consisted of burglar's tools. Lyons is held on two charges, attempted robbery and attempted murder, and Detective Franklin has lodged against him the requisition from Governor Geary.

Death from Burns.—Deborah Smith, aged 25 years, died last night from the effects of burns received a few evenings ago, at house No. 1244 North Tenth street. It is said that a man who was in the house was intoxicated, and threw a coal-oil lamp at a person standing in the kitchen doorway. The lamp broke, and the oil took fire. Some of the burning oil fell on the dress of Miss Smith, who was standing close by. She seized a piece of carpet and attempted to extinguish the flames, but without success. She was terribly burned, and died as above stated. The Coroner will investigate the case this afternoon.

Violating the Registry Law.—James Cox and Wm. Taylor, Canvassers of the Eighth division, Twenty-fifth Ward, and Jacob Wagner and Henry Ayers, have been held in $1,000 bail by Ald. Valles, on the charge of conspiring to illegally register the name of a man.

Fire.—About noon to-day a fire occurred at the house of Peter Smith, on Rittenhouse street, Germantown. A bed and bedding were burned. Loss about $200.

Alleged Repeaters—Arrest of Negroes.—This morning, about 7 o'clock, when the steamboat Henry L. Gaw, from Baltimore, arrived at Arch street wharf, eight negroes who were among her passengers were arrested by a squad of policemen, under charge of Lieut. Killacky and Detective Gordon. These arrests were made in consequence of a note received yesterday by Chief Mulholland. This note was signed Wm. C. Coone, Chief of the Detectives of Baltimore, and stated that he had learned that a number of negroes intended leaving Baltimore on the Gaw, for Philadelphia, for the purpose of registering and voting illegally. The men, after their capture, were taken to the Fourth District Police Station, and were locked up, and counsel who had been employed for them were denied admission to the cells. The officers concerned in the arrest refused to give any information about the matter, except "we have the evidence on them." What this evidence was it was impossible to ascertain from these officers, but in the course of a few hours Democratic politicians on the street asserted that tax receipts signed "Tatem for the Receiver of Taxes" and slips for Leeds and Bunn had been found on the persons of the prisoners. It was also said that these men had been hired to come here for the purpose of voting, and had received $5 each on the boat.

Shortly before two o'clock this afternoon the men were taken to the Central Station, and then the statements which had been made by Democratic politicians several hours before were repeated by the officers, when closely questioned about the matter. The names of the prisoners, as recorded on the slate at the Central Station, are: William Hall, Thomas Bowen, Frank Washington, James Spiddle, Samuel Fisher, Charles Smallwood, alias John Hall, Jeremiah Highland and Frank Williams. Hall, Fisher, Smallwood and Williams are alleged to have had tax receipts in their pockets.

The Paving of West Walnut and Spruce Streets.—In the proceedings of City Councils, yesterday, it was stated that a petition from property-owners on Walnut street, between Sixteenth and Seventeenth, and on Spruce street, between Fifteenth and Sixteenth, asking for the removal of the Belgian blocks with which the streets are paved, and the substitution therefor of the old style cobble-stones, had been presented. The petition was not from property-owners, but from the contractors who laid the pavement. It seems that for one property on Walnut street and six on Spruce street the bills have not yet been paid, and the contractors desire to take up the blocks in front of these houses, and put the streets in those spaces in the same condition in which they were found—paved with cobble-stones.

Attempted Escape.—John Moon was locked up in the Seventeenth District Police Station for drunkenness, last night. During his imprisonment he attempted to escape. He tore away the sink and pipe connected with it. This made quite a big hole. He squeezed himself through this opening and then found that he was between the floors. He stuck fast, and, finally, was obliged to call for assistance. Moon was extricated by the turnkey, and this morning was sent to prison by Alderman Bousall.

Returns of Our Aldermen.—The following sums have been paid to the City Treasurer as the receipts of our Aldermen for the month of September:

Ald. L. Godbou	$36 00
Ald. W. S. Toland	29 00
Ald. T. Dallas	35 00
Ald. C. M. Carpenter	49 00
Ald. Wm. Neil	46 00
Ald. J. P. Thompson	188 90
Ald. C. E. Pancoast	44 00
Total	$423 90

Horse Stealing.—Anthony Hale, who was convicted of horse-stealing yesterday, was again arrested and taken before Alderman Dougherty. He is now charged with the larceny of a horse, saddle and bridle, the property of Caleb Patterson, of Birdsboro, on the 9th of June. After great difficulty Lieutenant Thomas succeeded in recovering the horse. Hale was held in $1,400 bail for trial.

A Big Lump of Silver.—The Brown Silver Mining Company of Colorado have just received by express from their mines in Colorado, and have on exhibition at the store of Messrs. Bailey & Co., Twelfth and Chestnut streets, the silver mentioned in the telegraphic despatches of the 27th and 28th ult. The weight is 1,541 pounds troy, and valued at $25,000.

Highway Robbery.—Johnson Kelley was before Ald. Kerr, this afternoon, upon the charge of having attacked and robbed G. W. Bailey of a silver watch and pocket-book containing $23, near Musical Fund Hall, on Monday night last. He was held in $5,000 bail for a further hearing.

White Rice.—A sample of white rice, raised on the plantation of Mr. J. Bennett Bissell, on the Cambahee river, S. C., was exhibited at the Commercial Exchange by Mr. Thomas Clyde. The quality of the rice is superior to anything ever brought to this market.

Larceny.—A boy named Charles Smith was arrested yesterday upon the charge of stealing the property of several storekeepers along Delaware avenue. He was committed by Ald. Quirk.

Double Assault.—Thomas Loon, a resident of Miller street, Germantown, has been held in $1,000 bail by Ald. Waterhouse, on the charge of assaulting his wife and son.

General O. O. Howard at the Academy of Music.—This evening the citizens of this city will have a fine opportunity to hear the Christian hero of the late war. The address and meeting will be under the auspices of the Republican Invincibles. Tickets can be had at this office and other places, as stated in the advertisement.

The Nilsson Concerts.—The Nilsson Concert Troupe will appear at the Academy of Music on Wednesday, Friday and Saturday evenings of next week. The sale of tickets will begin on the morning of Saturday, the 8th inst., at the Academy. Season tickets for the three nights will be sold for nine dollars.

We call attention to a very valuable farm for sale, advertised in another column. By applying at Stephen Robbins' Rolling-mill, Beach, below Vienna street, parties will learn full particulars of terms, &c.
