

BUSINESS NOTICES. Conrad Meyer, Inventor and Manufacturer of the celebrated Iron Frame Piano, has received the Grand Medal of the World's Great Exhibition, London, England. The highest prize awarded when and where established. Westmoreland, Pa. 1870.

CITY BULLETIN. Continued from the First Page.

JUDGE GRIER.—The remains of this distinguished jurist were yesterday privately consigned to their final resting-place at West Laurel Hill, the new cemetery above Fairmount Park, on the western side of the Schuylkill. The lot selected commands the beautiful view down the river of which a picture has recently been painted by Mr. Thomas Moran, and which is now on exhibition in Eater's gallery.

TO STRANGERS INTERESTED IN FINE CONFECTIONS AND CHOCOLATE.—We consider it a duty which we owe to our readers and strangers in the city, who are interested in fine confections and chocolate, to direct special attention to the celebrated confections and chocolates produced by Messrs. Stephen F. Whitman & Son, spouth-west corner of Twelfth and Market streets. Messrs. Whitman & Son's catalogue embraces several hundred varieties, containing the choicest productions afforded by the resources of the vegetable kingdom. A visit to the establishment, southwest corner of Twelfth and Market streets, will well repay the trouble.

THE ANNUAL GEORGIA STATE FAIR will be held this year at Atlanta, commencing on the 19th inst., and continuing eight days. The Philadelphia and Southern Mail Steamship Company have made arrangements with the railroad from Savannah whereby they will be enabled to make a liberal reduction on freight intended for exhibition at the fair, as well as to persons going in charge of such goods. For further information apply at the office, No. 130 South Third street.

THE RARE OLD PLAYERS.—This will be the subject of the new lecture to be delivered by Charles W. Brooke, Esq., on Thursday, the 23d inst., at the Academy of Music. The subject is both fruitful and interesting, and but few are able to do the theme justice. Among those few, however, we are glad to be able to name our Philadelphia lawyer and litterateur, Mr. Brooke.

A NEW FALL STOCK OF OUR Kid Gloves at the old price, 50 cents.

THE STAR COURSE OF LECTURES.—The sale of tickets for this course will begin on Monday morning, at Gould & Fischer's Piano Warerooms, No. 223 Chestnut street, at nine o'clock.

H. T. HELMBOLD'S Concentrated Fluid Extract Buchu.

THE GREAT DIURETIC.

The proprietor advertises that his remedies, by the fact of their being administered, may not be classed as patent medicines.

HELMHOLD'S FLUID EXTRACT BUCHU is a pharmaceutical preparation. The proper name is given, and it is the most active which can be made. It is endorsed as a cure by all medical works for such diseases as recommended by the proprietor.

See medical properties contained in Dispensatory of the United States, of which the following is a correct copy: BUCHU.—Its odor is strong, diffusive and somewhat aromatic. Its taste is bitterish, and analogous to that of mint.

TESTIMONY. CURE OF GRAVEL OF FIVE YEARS' STANDING—STONE PASSED AND TO BE SEEN.

Dr. H. T. Helmbold.—Dear Sir: We introduced your "Fluid Extract Buchu" in this country about eight months ago, and are happy to state that it is meeting with universal favor.

CURE OF BLADDER AND KIDNEY AFFECTION OF LONG STANDING—STONE PASSED AND TO BE SEEN.

Should any one doubt Mr. McCormick's statement, he refers to the following gentlemen: Hon. Wm. BIGLER, ex-Governor of Pennsylvania. Hon. J. C. BAKER, Philadelphia. Hon. J. C. BAKER, Philadelphia.

ONE HUNDRED DOLLARS WOULD BE GIVEN FOR A BOTTLE, IF NECESSARY.

Dr. H. T. Helmbold, Esq. DEAR SIR: I take pleasure in sending you a certificate, in addition to the many I have received, of a sufferer humanly.

THANKS TO MR. HELMBOLD. GIRARD, Penna., March 31, 1869.

ENTER COMPOSUITE: I desire, as an uncollected tribute to the merits of Helmbold's Buchu, and for the benefit of those similarly afflicted myself, to say that through the use of your "Buchu" a stone passed from my bladder about the size of a large pea and I now feel perfectly well and entirely free from the pain that I have suffered with "Buchu" I attribute my cure to your medicine entirely, and would recommend all my sons similarly afflicted to try it. I have great faith in its curative power.

Mr. Laren refers to the following gentlemen: Colonel DAN RICE, Girard, Penna. CHARLES STOW, Esq., Girard, Penna., editor Commercial. GEORGE H. CUTLER, Girard, Penna., attorney. C. I. HINDS, Girard, Penna., attorney. Captain D. W. HUPPESON, Girard, Penna., attorney. DAVID OLIN, Girard, Penna., merchant. DAVID B. BAY, Girard, Penna., merchant. C. F. ROCKWELL, Girard, Penna., merchant. B. C. ELY, Girard, Penna., druggist.

A PERMANENT CURE OF GRAVEL OF TWELVE YEARS' STANDING—STONE PASSED AND TO BE SEEN.

Dr. Helmbold.—DEAR SIR: It is with much pleasure that I write you upon facts respecting myself. I do not know hardly how to express myself. I have been for the last ten or twelve years the greatest sufferer man could be and live, but more sometimes than others. The complaint was the "kidney" and bladder. I have been sometimes from twelve to fourteen hours, and wanted to make water every minute, and could not. Have consulted doctors, both in Massachusetts and this State, and taken pills as may be by the quart, also, however, medicines, but found no relief from any, and got worse the last six months. I was so that I could scarcely get about. I could not rest night or day. It would soon have been "all up" with me if I had not seen your advertisement in the Berkshire Courier, headed "Kidney." I read it through and thought I would try it. I purchased a bottle, but, mind you, had not much faith in it. Why should I, when I had been trying so many things and could not see much relief. Well, I began taking it, and had taken the first bottle I felt bad; but I finished it and got another. By the time I took half of the second I will get worse (apparently). When I walked it seemed as if my right kidney was falling from its place, and I felt really bad. I felt so before I had finished the second, that I had made up my mind it was of no use trying any more—and all this time the "Buchu" was doing its work, but I did not know it; so I gave it up and went to Hartford on Saturday to one of the best doctors in the city. He said it was the neck of the bladder, and he would have me undergo a cutting operation. He gave me medicine, and I went home quite downhearted. On Sunday I was unable to go to church. I had not taken any of my medicine, but on my return continued using the "Buchu" and in the afternoon I had a desire to make water, but could not. About one hour after this I tried again, with the same result, but the next time I took the vessel it was the same, but I felt it off again. It was so for three times and the third time there was something came through the passage and struck against the side of the vessel. I examined it, and it is the ugliest stone or gravel you ever saw, covered over with little pieces which curled together. It looks the color of a mud turp, and it is as hard as lead. So you see the "Buchu" was doing its work, although I was feeling so badly. I procured another bottle, thinking there might be some more behind, but since that has passed, which was eight weeks ago last Sunday, I have been as well as ever I was in my life. I have the stone securely wrapped, and those who have seen it in this place are surprised. I cannot tell you all, but this is a true story of my case, and you are welcome to make such use of my name as you think proper. I am pretty well known in Berkshire; also in Connecticut. The advertisement saved me. Why not publish more? The Springfield Republican is a wide spread paper. If any one wishes to see this wonder, they can do so. I could write all day, but think I have said enough this time, so I remain your ever well wisher, EDWARD L. HOWARD, Paper Maker, Burnside, Hartford county, Conn.

Dr. H. T. Helmbold.—DEAR SIR: On the 23d of August last I received severe internal and external injuries, occasioned by an accident on a Philadelphia Railroad car. On my arrival in New York I was attended by Dr. WILSON, of East Fifth Street, and another physician, whose name I do not remember. For three (3) days I lay in bed, and was unable to get up, and during this time I was suffering with three (3) days of YOUR EXTRACT BUCHU I felt great relief, and in a few days I was able to get up, and am happy to state that since that time I have had no return of my ailment.

Dr. H. T. Helmbold.—DEAR SIR: For the past eight months I have been suffering from Gravel. I have consulted several leading physicians, but have not received the slightest benefit from their costly medicine.

Dr. H. T. Helmbold.—DEAR SIR: I have been for the last ten or twelve years the greatest sufferer man could be and live, but more sometimes than others. The complaint was the "kidney" and bladder. I have been sometimes from twelve to fourteen hours, and wanted to make water every minute, and could not. Dr. MAOK, Burnside, Conn. Dr. WRIGHT, North Lee, Mass. Dr. BOLTON, North Lee, Mass. Dr. ADAMS, Stockbridge, Mass. Dr. SCOTT, North Manchester, Conn. Dr. JAGGER, Burnside, Conn. Dr. BEARFORD, Hartford, Conn. All of whom treated me for the disease.

Dr. KEYSER is a physician of over thirty years' experience, and a graduate of the Jefferson Medical College, and of the University of Medicine and Surgery of Philadelphia.

Dr. H. T. Helmbold.—DEAR SIR: In regard to the question asked me as to my opinion about Buchu, I would say that I have used and sold the article in various forms for the past thirty years. I do not think there is any former preparation of it I have not used, or know to be used, in the various diseases where such medicine agent would be indicated.

I value your Buchu, for its effect on patients. I have cured with it, and seen cured with it, more diseases of the bladder and kidneys, than I have ever seen cured with any other Buchu or any other proprietary compound of whatever name.

A CASE OF TWENTY YEARS' STANDING. PHILADELPHIA, Pa., June 25, 1869. Dr. H. T. Helmbold, Druggist.

Should any one doubt Mr. McCormick's statement, he refers to the following gentlemen: Hon. Wm. BIGLER, ex-Governor of Pennsylvania. Hon. J. C. BAKER, Philadelphia. Hon. J. C. BAKER, Philadelphia.

He said it was the neck of the bladder, and he would have me undergo a cutting operation. He gave me medicine, and I went home quite downhearted. On Sunday I was unable to go to church. I had not taken any of my medicine, but on my return continued using the "Buchu" and in the afternoon I had a desire to make water, but could not. About one hour after this I tried again, with the same result, but the next time I took the vessel it was the same, but I felt it off again. It was so for three times and the third time there was something came through the passage and struck against the side of the vessel. I examined it, and it is the ugliest stone or gravel you ever saw, covered over with little pieces which curled together. It looks the color of a mud turp, and it is as hard as lead. So you see the "Buchu" was doing its work, although I was feeling so badly. I procured another bottle, thinking there might be some more behind, but since that has passed, which was eight weeks ago last Sunday, I have been as well as ever I was in my life. I have the stone securely wrapped, and those who have seen it in this place are surprised. I cannot tell you all, but this is a true story of my case, and you are welcome to make such use of my name as you think proper. I am pretty well known in Berkshire; also in Connecticut. The advertisement saved me. Why not publish more? The Springfield Republican is a wide spread paper. If any one wishes to see this wonder, they can do so. I could write all day, but think I have said enough this time, so I remain your ever well wisher, EDWARD L. HOWARD, Paper Maker, Burnside, Hartford county, Conn.

Dr. H. T. Helmbold.—DEAR SIR: On the 23d of August last I received severe internal and external injuries, occasioned by an accident on a Philadelphia Railroad car. On my arrival in New York I was attended by Dr. WILSON, of East Fifth Street, and another physician, whose name I do not remember. For three (3) days I lay in bed, and was unable to get up, and during this time I was suffering with three (3) days of YOUR EXTRACT BUCHU I felt great relief, and in a few days I was able to get up, and am happy to state that since that time I have had no return of my ailment.

Dr. H. T. Helmbold.—DEAR SIR: I have been for the last ten or twelve years the greatest sufferer man could be and live, but more sometimes than others. The complaint was the "kidney" and bladder. I have been sometimes from twelve to fourteen hours, and wanted to make water every minute, and could not. Have consulted doctors, both in Massachusetts and this State, and taken pills as may be by the quart, also, however, medicines, but found no relief from any, and got worse the last six months. I was so that I could scarcely get about. I could not rest night or day. It would soon have been "all up" with me if I had not seen your advertisement in the Berkshire Courier, headed "Kidney." I read it through and thought I would try it. I purchased a bottle, but, mind you, had not much faith in it. Why should I, when I had been trying so many things and could not see much relief. Well, I began taking it, and had taken the first bottle I felt bad; but I finished it and got another. By the time I took half of the second I will get worse (apparently). When I walked it seemed as if my right kidney was falling from its place, and I felt really bad. I felt so before I had finished the second, that I had made up my mind it was of no use trying any more—and all this time the "Buchu" was doing its work, but I did not know it; so I gave it up and went to Hartford on Saturday to one of the best doctors in the city. He said it was the neck of the bladder, and he would have me undergo a cutting operation. He gave me medicine, and I went home quite downhearted. On Sunday I was unable to go to church. I had not taken any of my medicine, but on my return continued using the "Buchu" and in the afternoon I had a desire to make water, but could not. About one hour after this I tried again, with the same result, but the next time I took the vessel it was the same, but I felt it off again. It was so for three times and the third time there was something came through the passage and struck against the side of the vessel. I examined it, and it is the ugliest stone or gravel you ever saw, covered over with little pieces which curled together. It looks the color of a mud turp, and it is as hard as lead. So you see the "Buchu" was doing its work, although I was feeling so badly. I procured another bottle, thinking there might be some more behind, but since that has passed, which was eight weeks ago last Sunday, I have been as well as ever I was in my life. I have the stone securely wrapped, and those who have seen it in this place are surprised.
