

FARM AND HOUSEHOLD ITEMS.

We invite communications from all persons who are interested in matters properly belonging to this department.

Interesting Facts About the Hatching of Chickens.

The hen has scarcely set on the eggs 12 hours when we begin already to discover in it some lineaments of the head and body of the chicken that is to be born.

At the 50th hour an auricle of the heart appears, and resembles a lace or noose folded down upon itself.

At the end of 70 hours we distinguish wings, and on the head two bubbles for the brain, one for the bill, and two others—one for the fore part and the other for the hind part of the head.

At the end of 131 hours the first voluntary motion is observed.

At the end of 138 hours the lungs and stomach become visible; at the end of 142 the intestines, the loins, and the upper jaw.

The 7th day that which was slimy begins to have consistence.

At the 190th hour of incubation the bill opens and the flesh appears in the breast. At the 194th the sternum is seen; that is to say the breast bone.

At the 210th the ribs come out of the back; the bill is very visible, as well as the gall-bladder. The bill becomes green at the end of 236 hours, and if the chick is taken out of its covering, it evidently moves. The feathers begin to shoot towards the 240th hour, and the skull becomes grisly.

At the 264th hour the eyes appear.

At the 288th, the ribs are perfect.

At the 341st, the spleen draws near to the stomach, and the lungs to the chest.

At the end of 355 hours, the bill frequently opens and shuts; and at end of the 451st hour, or the 18th day, the first cry of the chick is already heard—it afterward gets more strength, and grows continually, till at last it sets itself at liberty by opening the prison in which it was shut up.

Adorable wisdom of God! it is by so many different degrees these creatures are brought into life. All these progressions are made by rule! and there is not one of them without sufficient reason.

Purifying Cistern-Water.

It is frequently the case that cistern-water becomes offensive and quite unfit for use, which in its pure state is the sweetest and wholesomest of all water. To destroy this offensiveness, lime has been recommended, a large lump or two, but this must harden the water; charcoal is frequently used with good effect; but then which is most efficient, as a correspondent in Rhode-Island assures us, is to let the supplying spout run to the bottom, of the cistern.

How to Make Shingles Last.

Silas Brown says that twenty-five years ago he dipped shingles in a large kettle of lime wash, to which the salt had been added and the whole kept boiling. A few shingles were dipped in all over one at a time, long enough to soak them well, and then thrown aside to dry.

Ten bushels of boiled potatoes, mashed and mixed with three bushels of finely ground corn meal, will make as much pork, as double the quantity fed in a raw state.

HOTELS.

PERRY HOUSE, New Bloomfield, Pa.

THE subscriber having purchased the property on the corner of Main and Carlisle streets, opposite the Court House, invites all his friends and former customers to give him a call as he is determined to furnish first class accommodations.

EAGLE HOTEL, NEW BLOOMFIELD, Perry County, Penn'a.

HAVING purchased the hotel formerly occupied by David B. Lupter, situated on North Carlisle Street adjoining the Court House, I am prepared to receive transient guests or regular boarders.

To all who favor me with their custom, I shall endeavor to furnish first class accommodations. A call is solicited.

This fine Hotel is located on Arch Street, between Third and Fourth Street, Philadelphia, Pa.

January 1, 1869.

THE ONLY RELIABLE CURE FOR DYSPEPSIA IN THE KNOWN WORLD!

DR. WISHART'S GREAT AMERICAN DYSPEPSIA PILLS AND PINE TREE TAR CORDIAL are a positive and infallible cure for Dyspepsia in its most aggravated form and no matter of how long standing.

They penetrate the secret shade of this terrible disease, and exterminate it, root and branch, forever.

They alleviate more agony and silent suffering than tongue can tell. They are noted for curing the most desperate and hopeless cases, when every known means fails to afford relief.

No form of dyspepsia or indigestion can resist their penetrating power.

DR. WISHART'S PINE TREE TAR CORDIAL

It is the vital principle of the Pine Tree, obtained by a peculiar process in the distillation of the tar, by which its highest medicinal properties are retained. It invigorates the digestive organs and restores the appetite. It strengthens the debilitated system. It purifies and enriches the blood, and expels from the system the corruption which secretly breeds on the lungs. It dissolves the mucus or phlegm which stops the air passages of the lungs. Its healing principle acts upon the irritated surface of the lungs and throat, penetrating to each diseased part, relieving pain and subsiding inflammation.

Consumption of the Lungs, Cough, Sore Throat and Breath, Bronchitis, Liver Complaint, Blind and Bleeding Piles, Asthma, Whooping Cough, Diphtheria, &c., &c.

A medical expert, holding honorable collegiate diplomas, devotes his entire time to the examination of patients at the office parlors. Associated with him are three consulting physicians of acknowledged eminence whose services are given to the public FREE OF CHARGE.

This opportunity is given by no other institution in the country. Letters from any part of the country asking advice will be promptly and gratefully responded to. Where convenient, remittances should take the shape of

All communications should be addressed to L. Q. C. WISHART, M. D., No. 223 North Second St., Philadelphia.

TO CONSUMPTIVES.

THE Advertiser, having been restored to health in a few weeks, by a very simple remedy, after having suffered several years with a severe lung affection, and that dreaded disease, Consumption—is anxious to make known to his fellow-sufferers the means of cure.

To all who desire it, he will send a copy of the prescription used (free of charge), with the directions for preparing and using the same, which they will find a SURE CURE FOR CONSUMPTION, ASTHMA, BRONCHITIS, &c. The object of the advertiser in sending the prescription is to benefit the afflicted, and spread information which he believes will try his remedy, as it will cost them nothing, and may prove a blessing.

Parties wishing the prescription, will please address Rev. EDWARD A. WILSON, 348 1/2 Williamsburg, Kings county, New York.

PAIN-KILLER.

[OPINIONS OF THE PRESS.] No article ever attained to such unbounded popularity.—Salem Observer

An article of great merit and virtue.—Cincinnati Nonpareil.

We can bear testimony to the efficacy of the Pain Killer. We have seen its magic effects in soothing the severest pain, and know it to be a good article.—Cincinnati Dispatch.

A speedy cure for pain. No family should be without it.—Montreal Transcript.

There has nothing as yet surpassed the Pain Killer, which is the most valuable family medicine now in use.—Tennessee Organ.

It has real merit; as a means of removing pain no medicine has acquired a reputation equal to Perry Davis' Pain Killer.—Newport, (R.I.) Daily News.

Its wonderful power in removing the most severe pain has never been equalled.—Huntington Sentinel.

It is one of the few articles that are just what they pretend to be.—Ironsides Telegraph.

Our own opinion is that no family should be without a bottle of it for a single hour. In flesh wounds, aches, pains, sores, &c., it is the most effectual remedy we know of.—New, St. John, Canada.

After many years' trial of Davis' Pain Killer, we advise that every family should provide themselves with so efficient and speedy a PAIN KILLER.—Advertiser, (N. S.) Gazette.

The Pain Killer of Perry Davis & Son we can confidently recommend. We have used it for a length of time and invariably with success.—Canada Dispatch.

The Pain Killer is for sale by medicine dealers generally. Dr. M. B. Strickler, New Bloomfield, Pa.—Dec. 7-1868.

Cure for Consumption.

WHAT THE DOCTORS SAY: AMOS WOOLEY, M. D., of Kosciusko county, Indiana, says: "For three years past I have used ALLEN'S LUNG BALSAM extensively, in my practice, and I am satisfied that there is no better medicine for lung diseases in use."

ISAAC A. DORAN, M. D., of Logan county, Ohio, says: "ALLEN'S LUNG BALSAM not only sells rapidly but gives perfect satisfaction in every case within my knowledge. Having confidence in it and knowing that it possesses valuable medicinal properties, I freely use it in my daily practice, and with unbounded success. As an expectorant it is certainly far ahead of any preparation I have ever yet known."

NATHANIEL HARRIS, M. D., of Middlebury, Vermont, says: "I have no doubt it will soon become a classical remedial agent for the cure of all diseases of the Throat, Lungs, and the Bronchial tubes."

Physicians do not recommend a medicine which has no merits. What they say about

ALLEN'S LUNG BALSAM

Can be taken as a fact. Let all afflicted test it at once.

Sold by all Medicine Dealers.

Prepared by Dr. M. B. Strickler, New Bloomfield, Pa.—Dec. 7, 1868—1869.

SHRINER'S BALSAMIC COUGH SYRUP

Will cure the ASTHMA, BRONCHITIS, BLOOD SPITTING, DIFFICULTY OF BREATHING, PAIN AND WEAKNESS IN THE CHEST, TROUBLESOME COUGHING AT NIGHT, &c. It will effectually remove the Cough that frequently follows Measles, and any affection of the respiratory organs, no matter of how long standing, or whatever the age of the person. It acts as a specific, is purely vegetable, and is pleasant to the taste. Its effect is soothing, allaying the violence of the cough, facilitating expectoration, quieting the nerves and exhilarating the system.

Mothers, Save Your Children!

No child need die of CROUP, if this Syrup is used in time: this is a fact demonstrated by experience. No family should be without this Syrup, as that fatal disease, CROUP, comes like a thief in the night, to steal away your little ones, when regular medical aid cannot be obtained.

Prepared only by DAVID E. FOUTZ, Baltimore, Md.

TO OUR FRIENDS!

THE undersigned have this day formed a Co-Partnership under the name of

SIDDALL & MARKLEY,

and will continue the WHOLESALE DRUG BUSINESS,

At No. 119 Market Street, Succeeding to the well-known house of WRIGHT & SIDDALL.

Trusting to receive a continuance of the favors so liberally bestowed on the old firm, We are yours, Respectfully,

FRANCIS H. SIDDALL, One of the Firm of Wright & Siddall. ARTHUR D. MARKLEY, M. D., Philadelphia, January 1, 1870.

Communication, Mileage, Season, School and Excursion Tickets to and from all points at reduced rates.

Baggage checked through, 100 pounds allowed each passenger. G. A. NICOLLS, Gen'l Sup't.

FOUTZ'S CELEBRATED Horse and Cattle Powders.

This preparation, long and favorably known, will thoroughly reinvigorate broken down and low-spirited horses, by strengthening and cleansing the stomach and intestines.

It is a sure preventive of all diseases incident to this animal, such as LUNG FEVER, GLANDERS, YELLOW WATER, HEAVERS, COUGHS, DISTEMPERS, FEVERS, FOUNDERS, LOSS OF APPETITE AND VITAL ENERGY, &c. Its use improves the wind, increases the appetite—gives smooth and glossy skin—and transforms the miserable skeleton into a fine-looking and spirited horse.

To keepers of Cows this preparation is invaluable. It is a sure preventive against Rinderpest, Hollow Horn, &c. It has been proven by actual experiment to increase the quantity of milk and cream twenty per cent, and make the butter firm and sweet. In fattening cattle, it gives them an appetite, loosens their hide, and makes them thrive much faster.

In all diseases of Swine, such as Coughs, Ulcers in the Lungs, Liver, &c., this article acts as a specific. By putting from one-half a paper to a paper in a barrel of swill the above diseases will be eradicated or entirely prevented. If given in time, a certain preventive and cure for the Hog Cholera.

DAVID E. FOUTZ, Proprietor, BALTIMORE, Md.

For sale by Druggists and Storekeepers throughout the United States, Canada and South America.
