OUR NEW FAMILY

SEWING MACHINE.

THE SUPERIOR MERITS OF THE "SING. ER" Machines over all others, for either Family use or Manufacturing purposes, are to well established and so generally admitted, that an enumeration of their relative excellences is no longer considered necessary. Our

NEW FAMILY MACHINE

which has been brought to perfection regardless of time, labor, or expense, is now confidently presented to the public as incomparably the BEST SEWING MACHINE IN EXISTENCE. The Machine in question is

Simple, Compact, Durable and Beautiful.

It is quiet, light running, and capable of per forming a range and variety of work never be-fore attempted upon a single Machine,—using either Silk, Twist, Linen or Cotton Thread, and sewing with equal facility, the very best the very finest and coarsest materials, and anything beinest and consest materials, and anything belween the two extremes, in the most beautiful
and substantial manner. Its attachments for
Hemming, Braiding, Cording, Tucking, Quilting,
Felling, Trimming, Binding, etc., are novel and
practical, and have been invented and adjusted
especially for this Machine.

New designs of the unique, useful and popular
Felding Tors, and Column Cares.

Folding Tops and Cabinet Cases, peculiar to the Machines manufactured by this Company, have

been prepared for enclosing the new Machine.

A faint idea, however, can at best be conveyed through the medium of a (necessarily) limited advertisement; and we therefore urge every person in quest of a Sewing Machine by all means to examine and test, if they possibly can do so, all the leading rival Machines before making a purple of the control of th purchase. A selection can then be made under standingly. Branches or agencies for supplying the "Singer" Machines will be found in nearly every city and town throughout the civilized world, where Machines will be cheerfully exhib ited, and any information promptly furnished. Or communications may be addressed to
