LOCAL DEPARTMENT.

OUR TERMS

Are One Dollar a Year in Advance!

Persons who receive a paper with this article marked, may know that they should mail or otherwise send the subscription price, if they wish to continue to receive The Times.

CORRESPONDENTS will please bear in mind that letters received later than Saturday evening, or the down mail on Monday morning have to lay over until the following week.

Acknowledgment is made of receipt for subscription since our last issue from each of the following persons.

Jeremiah S. Anderson, Jacob Bear, B. Himes, Miss Margaret Fickis, R. Cathcart, J. A. McCrosky, David Warren, Samuel W. Bear, J. R. Way, John S. Baughman.

An interesting entertainment will be furnished at the Bloomfield Academy, by the Junior O. U. A. M., on Friday evening of this week. Those who wish to be pleasantly entertained, will of course not fail to be present.

A colt belonging to Mr. Sanderson, of Centre township, while tied in front of school-house No. 3, in Juniata township, on Sunday, the 24th ult., became frightened and jumped over the fence, taking the buggy with him. Fortunately nothing was broken but one shaft, and the colt was soon released from his unpleasant position.

Meteorology.—The weather for April as furnished by B. McIntire, Esq., was as follows:

Average of Thermometer at 8 A. M., 45deg. 30m. " " " Maximum, 60deg. 45m. " " " Minimum, 39deg. 50m.

Coldest day, Tuesday, the 5th, Ther. 33deg. Warmest day, Thursday, 28th, " 64deg. Snow 2 inches—Rain 5 inches and 1-centh.

Shad in the Susquehanna.—The famous fish bill, declared unconstitutional by Judge Pearson, will be argued at the May term of the Supreme Court. The unconstitutionality was declared principally on the ground that it was a violation of the chartered rights of corporations to compel them to remove or alter at great expense, dams they have erected and which obstruct the passage up the river, of shad, and other fish.

Celebration.—The celebration of the Fifteenth Amendment by the colored citizens of Harrisburg and vicinity, came off last Tuesday, and was quite a success.—Everything passed off pleasantly; speeches being made by several persons, while letters of congratulation were received from others. The procession was pronounced the largest that ever took place in that city.

New Schedule.—A change in the schedule on the Penna. R. R. went into effect on the 1st inst.

Trains from Newport now leave eastward at 4.10 a. m. and 12.14 and 1.33 and 7.53 p. m. Leave westward at 5.09 and 9.13 a. m. and 2.28 p. m. The fast line west, which has so long stopped at Newport to the accommodation of many persons, no longer stops.

The new arrangement may be exactly suited to the wants of the through travel, but the local travel will be sorry to see these changes.

Runaway and Horse Injured.—On Wednesday last, two horses attached to a wagon left standing near the railroad, on North George Street, took fright at a train of cars passing by and ran away at a frightful rate. In running along the street they came in contact with a mare attached to a light wagon. The pole of the wagon was broken and splintered, and entered the mare's right flank, making a ghastly wound from which the entrails protruded. The parts torn out were replaced and the wound sewed up. The mare may probably recover, but will be more or less crippled for life.—York Press.

Xperspiration Ode.—This disagreeable odor, which is a source of great vexation to those who are subject to it, may be easily removed. It is only necessary to procure some compound spirits of ammonia, and place about two table-spoonfuls in a basin of water. Washing the face, hands and arms with this leaves the skin as clean and fresh as one could wish. The wash is perfectly harmless and very cheap. It is recommended on the authority of experienced physicians, and it ought to be tried at least by all whose persons are so offensive in this respect.

Cut This out and Keep It.—Franklin Dyer, a highly respectable and intelligent farmer of Galena, Kent county, Md., gives the following as a secure remedy for the bite of a dog. As will be seen he has tested it with the most gratifying results.

"Elecampane is a plant well known to most persons, and is to be found in many of our gardens. Immediately after being bitten, take one and a half ounces of the plant—the green root is preferable but the dried will do, and may be found in our drug stores, and was used by me—slice or bruise, put into a pint of new milk and boil down to half a pint, strain, and when cold drink it, fasting at least six hours afterward. The next morning repeat the dose, using two ounces of the root. On the third morning take another dose, prepared as the last, and this will be sufficient. It is recommended that after each dose nothing be eaten for at least six hours. I have a son who was bitten by a mad dog eighteen years ago, and four other children were also bitten; they took the above dose, and are alive and well to this day. And I have known a number of others who were bitten and applied the same remedy. It is supposed that the root contains a principle which, being taken up by the blood in its circulation, counteracts or neutralizes the deadly effects of the virus of the hydrophobia. I feel so much confidence in this simple remedy that I am willing you should give my name in connection with this statement.

Those in favor and those opposed to the re-enactment of the Income Tax law, may be classed as follows:

IN FAVOR—George S. Boutwell, and his Assistants of the Treasury Department. Assessors, or the licensed Paul Prys of the Internal Revenue.

Collectors of Internal Revenue. Clerks of do do. Politicians who believe in an indefinite amount of political patronage.

Spies and informers. THOSE OPPOSED—Farmers, mechanics, merchants, mariners and laborers. Professional and scientific men. The People generally.

In this connection we may add that the tax itself, is not what is so seriously objected to, as the inquisitorial examination to which every person is liable, whom the assessor may feel disposed to call upon for a return. No matter whether the person may have an income exceeding the \$1000, or not, it does not exempt him from the annoyance of having to make an expose of the sources from which it is derived. This, and not the sum to be paid, is what creates the dissatisfaction with the law.

Warning to Girls.—Girls of fourteen to eighteen years of age, the critical time at which they all think they are women, and want "long" dresses and chignons, should be warned against destroying their own beautiful hair for all the future by wearing the masses of false hair now in vogue. If it has been kept short, as it should be until they are twelve years old, it will be of just the right length to braid and wear flowing; if it is too long for that, let them braid it loosely, and tie it up at the top with ribbons, so as form braided loops, but let them on no account mount a heavy chignon.

Old Coins.—Within the past few days a large number of old and curious coins were dug up at Trenton, N. J., and crowds of people visited the place where they were found. Eighteen gold pieces were dug up on Tuesday, one of which is valued at \$35. The Trentonians are now absorbed in speculations on the antiquity of these relics.—Many believe that the British mercenaries in the war of the Revolution buried their treasures to save them from being captured by the insurgents.

The Best in Use.—The Parham Sewing Machine is the most simple, the most complete, works with less noise and will be found the best machine in use. They may be seen at the store of James L. Diven in Landisburg, or of F. Mortimer & Co., Bloomfield. Every person who thinks of purchasing a sewing machine, should not fail to examine The Parham Machine.

Dr. D. H. Sweeney, of this borough, performed an operation for deafness, in October, 1869, for the Rev. John Wesley Derr, of the M. E. Church. The Rev. gentleman had been deaf for five years previous to his operating, and had submitted to operations by four different surgeons previous to his treatment, and reply to a note of inquiry of April 8th, 1870, he states that his hearing is restored, and his general health much improved. We refer to the gentleman, New Berlen, Pa. It*

A correspondent proposes to put a dozen live trout in the town Spring. The boys who love to fish, would approve of this idea.

If "time is money," as Ben. Franklin stated, we must have some immensely wealthy persons in this borough, judging by the time they are able to fool away.

We understand the borough Council propose to erect lamp-posts and supply lamps in front of the business places, if the occupants will provide them with oil, and keep them lighted. It is a good idea.

A Newport correspondent suggests that the law passed last winter, fining boys for jumping on trains of cars, be enforced.—He thinks it may be the means of saving some boy's life or limbs.

The Rye crop in this vicinity, promises well, judging by some which was shown us last week, by Mr. A. B. Clouser. The stalks were a little over three feet high and the heads were well formed.

CHEAP FOR CASH.—The undersigned gives notice that he has adopted the Cash Plan, and now sells goods at very low rates for Cash or Country Produce only. No deviation will be made from this rule. R. CATHCART, Millerstown, Penn'a. May 3, 1870—12t.

No Humbugging! No cheating!—A pint bottle full of Dr. Sages Catarrh Remedy is prepared from one fifty cent package and the proprietor offers \$500 reward for a case of Catarrh which he cannot cure. Sold by druggists, or send sixty cents to Dr. R. V. Pierce, Buffalo, N. Y., and receive it by mail.

A Mammoth Concern.—Wanamaker & Brown gives employment to about 1200 men and women, and do a business of nearly a million and a half at Oak Hall.

Persons wanting PHOTOGRAPHS of any style, should call on J. COBLE, Newport. He takes a good picture and his charges are moderate. Give him a call.—1t*
