LOCAL DEPARTMENT.

OUR TERMS

Are One Dollar a Year in Advance!

Persons who receive a paper with this article marked, may know that they should mail or otherwise send the subscription price, if they wish to continue to receive The Times.

CORRESPONDENTS will please bear in mind that letters received later than Saturday evening, or the down mail on Monday morning have to lay over until the following week.

Acknowledgement is made of receipts for subscription since our last issue from each of the following persons.

Mrs. Elizabeth March, David M. Rine-smith, Annie E. Turbett, Solomon Reeder, David Hess; Wilson W. Gray; all of Perry county.

Dr. J. A. Armstrong, Waterloo; Wm. A. Stambaugh, West Unity, Ohio; Clara H. Zeigler, Carlisle; Rogers Marshall & Co., Philadelphia; Samuel B. Snowden and S. A. Watson, Rochester, N. Y.

The New School House for this borough is now being pushed rapidly along. It is an improvement we are glad to see, and one that was badly needed.

To be Pitied.—The young man who stands at the church door trying to summon up courage to ask some young lady for the privilege of accompanying her home, and the young loafer who stands around in the way to see who has the sense to seek such company. The one is to be pitied for his lack of courage, and the other for his lack of sense. They are both nuisances, however, which should be abated. Can't it be done?

A New Society called the Junior Order of American Mechanics, has been formed in this borough. We learn that the Knights of Pythias are also trying to establish a lodge here.

We really think there are plenty of secret societies here now, but believe a society of "HOB FELLOWS," with sufficient brick-layers to keep them well employed, would be of service to the borough. Will not some enterprising citizen try to establish such an Association?

The Paper so long known as the York County Star, came to us last week in an entire new dress, and with its heading changed to The Wrightsville Star. Our friends' selection of type does credit to their taste, and we hope their improved appearance will bring them many new subscribers.

Railroads.—We have received a copy of the Auditor General's report on railroads and canals, for which thanks are due Senator C. J. T. McIntire. Although some very interesting facts are therein recorded, it would be still more interesting if we could see some report regarding the Duncannon Bloomfield & Broad Top Road. By the way has any one heard anything recently in regard to the health of the commissioners for that enterprise? Any information in regard to them will be gladly received by the friends of that road.

The Difficulties in Dickinson College, at Carlisle, Pa., have been satisfactorily adjusted. The order of suspension has been recalled, and the members of the sophomore and junior classes present have resumed their college duties. As they entered the chapel Wednesday morning they were enthusiastically received. The absentees will return to examination on June 6, with their classes.

Sudden Death.—On Monday afternoon last, Catharine Stough, wife of Charles Stough, residing in West Philadelphia St., was suddenly attacked with paralysis, and almost immediately died. She was engaged in her domestic duties, in apparently good health, during the day, until some time in the afternoon, when she was taken ill and soon afterwards died.—York Press.

A Most Singular accident and narrow escape occurred in Ridgbury township, Bradford county, during the thunder storm on Tuesday evening of last week. As Michael Conklin, of that township, was driving his team from the field where he had been at work, the lightning struck the horses killing them instantly. Mr. C. was rendered unconscious by the stroke, but recovered after a short time. He naturally feels that he had a very close call.—Reporter.

Citizens of Cambria county want an injunction to restrain their county commissioners from erecting a new jail.

Death From Lockjaw.—The remains of Mr. John Blackburn, whose death resulted from rather singular circumstances, were interred last Sunday, at Trenton, N. J.—Some ten days ago he accidentally chopped off the joint of his finger with an axe while in the act of splitting some wood. On immediately replacing the disjointed member, it clung fast to its proper place, the coagulated blood holding it attached. Having tied it up in a piece of linen, he resumed his work, and foolishly imagined that nature would soon effect a perfect cure. Toward the close of last week he felt a pain in his under jaw, and a physician being consulted, the symptoms were pronounced very dangerous. His finger had become more swollen, and inflammation had set in, making further amputation necessary. His condition became gradually worse, and he died on Friday night.

Military.—The following is a copy of a law passed at the last session of the Legislature and may be of interest to our readers:—

"Each and every person not now, or who shall not hereafter become a member of some military organization shall pay to the collector of taxes in the city, county, borough, or township in which he shall reside, the sum of fifty cents annually, the payment of which sum shall exempt him from liability to perform military service except under orders to prevent or repel invasion, or to suppress insurrection, tumult, or riot; the proceeds to be devoted to sustaining volunteer military organizations; and in any county in which there shall be no volunteer military organizations, the money received into the brigade fund, aforesaid, shall be paid by the county, at the close of each year, to the school board of the several school districts in said county, in proportion to the number of taxable inhabitants in said district, to be used for school purposes."

Coal.—The Gettysburg Compiler says we have long believed that stone coal would some day be found in Adams county, and the fact may not be far from verification. It is said that a New York party has leased the farm of Mr. John Collins, on Opossum creek, Bendersville, and that in the shaft now being sunk they are receiving additional encouragement day after day. Prospecting is also going forward near Mr. Henry Epplen's mill, where a small vein of genuine coal has been found.

Official Visit.—The commissioners of Perry county, accompanied by the directors of the poor, visited Dauphin county last Thursday for the purpose of inspecting the almshouse of that county, preparatory to commencing operations on the new poor house for Perry. In erecting the new building, they propose to profit by the experience of our neighbors.

A man in Montana "squatted" on another man's land, and built a shanty, and declined an invitation to "git." So a party went to the shanty when the family were asleep, and lifted the building on a raft without waking any one, and set it afloat. The next morning the old man stepped out doors, and did his chores and his swearing some miles down stream.

Masonic.—The Masonic Fraternity of Carlisle have a procession to-day, as part of the ceremonies towards dedicating a new hall. Quite a number from this borough have gone over to be present on the occasion.

A Protection Against The Evils of Intemperance.

The following bill passed by our late Legislators at Harrisburg, will protect deserted wives and bring erring and careless husbands to their senses:—

Section 1. That whenever any husband, from drunkenness, profligacy or other cause whatsoever, shall for two successive years desert his wife or neglect or refuse to live with her and provide for her, she shall as to every species and description of property, whether real, personal or mixed, owned by and belonging to her, have all the rights and privileges of a femme sole and unmarried.

Section 2. That it shall be lawful for any married woman, as aforesaid, to sue in her own name upon all such contracts as aforesaid, heretofore made or to be made, and to sue in her own name her husband to recover the possession of her real estate, or the value thereof, as if she were sole and unmarried.

Don't think because snuffs and strong or poisonous solutions will not cure Catarrh, that you cannot be cured. The proprietor of Dr. Sage's Catarrh Remedy offers \$500 reward for a case of Catarrh which he cannot cure. It costs but fifty cents for a package which prepares one full pint. Sold by druggists, or send sixty cents to Dr. R. V. Pierce, Buffalo, N. Y., and get it through the mail.

Incendiary Fires are again troubling the citizens of Altoona. Several have recently occurred, which it is thought are chargeable to that source.

An Insurance Agent at Cleveland, Ohio, writes: "A lumber horse ran away with a bob-tail wagon, and tipped in the street over a small woman and six elderly children. The horse began to cry and the wagon bled freely at the nose, but otherwise, the street is doing well. No insurance. If your property is not insured, go at once to Lewis Potter, Esq., and get insured in the Aetna Insurance Company, of Hartford.

All who examine the Parham machine are much pleased with it. It runs so easy and still, and makes such pretty work, that a person who wants a machine will buy no other kind, after having seen the Parham. See advertisement in another column.

DEATHS.

SHULER—Mary Junkin, daughter of John R. and Mary Eden Shuler, of New Bloomfield, died on the 19th inst., aged 9 years, 7 months and 12 days. The funeral took place from the residence of her parents at 4 o'clock P. M., on Saturday, the 21st inst. The services were conducted by Rev. A. R. Miller, of Newport, assisted by Rev. Mr. Boise of this place. The attendance and procession were unusually large, evidently manifesting great sympathy for the deeply afflicted family. Seldom have parents been called to mourn a death so sudden of a beautiful and promising daughter of ten summers. Truly, "death loves a shining mark."

MARSHALL—On the 21st inst., in Ickesburg, at the residence of James Elliott, Robert Marshall, aged about 24 years.

HALL—On the 7th inst., at Wabasha, Minn., Mr. George W. Hall, formerly of this county, in the 45th year of his age.
