Dedication.—By divine permission, the new Methodist Episcopal Church, in Carroll township, near Carson Lackey's, will be dedicated to the worship of Almighty God, on Sabbath, the 4th of December. Rev. B. B. Hamlin, D. D., Presiding Elder of Juniata District, will preach the dedicatory sermon. Services to commence on Saturday evening at 6 o'clock. Ministers and people of adjoining churches are respectfully invited to be present. G. W. BOUSE, P. C.

Cattle Killed.—A few days since Jacob Stambaugh of Tyrone twp., lost two of his cattle from turning them into the corn stubble. It is supposed that eating too many of the dry husks produced death, as nothing was the matter with them previous to be turned into the field.

Dr Shoeppe's case has again been brought before the Governor. This time the application is for a pardon which is signed by the physician to the jail, the sheriff of Cumberland Co., and many citizens of Carlisle, on the ground that the Dr. is rapidly failing having had several hemorrhages from the lungs.

Fatal Accident.—James Fagan the newly elected Councilman from the First Ward, was instantly killed this morning while walking on the railroad track at the upper end of the yard. Mr. Fagan, in company with another gentleman, was going up the track, when an engine coming unexpectedly, Mr. Fagan thinking his companion in danger, in endeavoring to save him, lost his foothold, and was literally cut to pieces by the advancing engine. Mr. Fagan was a man much respected by all who knew him, and his loss will be deeply deplored.—Altoona Sun.

Singular Explosion.—On Tuesday last a vulcanizer, used by Dr. H. C. Hower dentist, of this place, in the manufacture of artificial teeth, having been allowed to remain too long on the stove, suddenly exploded with terrific violence, making an utter wreck of the stove, pipe, &c., besides smashing most of the window glass of the room. The vulcanizer being of iron and very solidly put together, offered great resistance to the gazes which caused the explosion, and produced a report like that of a small cannon. The top of the vulcanizer imbedded itself in the ceiling above.

Fortunately no one was present in the room at the time or loss of life might have ensued. For some time there was danger of a serious fire, but by prompt efforts the flames were extinguished. The stove is not worth as much as it was. There were two sets of teeth in the vulcanizer at the time, but the doctor says he does not care much about them, in fact he has not time to look for them, as they might be in the next township.—Bloomsburg Columbian.

Furs, Velveteen and a full assortment of winter goods are now on hand and for sale at low prices by F. Mortimer & Co., New Bloomfield. Every person is requested to call and examine whether they wish to buy or not.

Another Man Sold.—A Blair Co., paper says: "Another victim to the counterfeit money swindle, has been found in this county. One of those packages—price, \$31.50 per box—made its appearance at the Express office. It was addressed to a resident of the enterprising town of Williamsburg. When he made his appearance he was asked if he knew what the box contained. Said emphatically that he just did. "Hadn't he better open it in the office?" "Not much," and off he went with his precious box. He hasn't been heard from since; but as he isn't a member of the church it is fair to presume that he prayed for a short time after the fashion of Horace Greeley?"

Duncannon Items.—A freight wreck occurred on the N. C. R. R., opposite this place, on Friday last. The particulars of which, we did not learn, further than that fifteen cars were broken up.

The consumers of butter, are on a "strike" against the producers: a few weeks ago, when it was 35cts, per pound. It could not be had, but at the present price, (40cts.,) the stores are overstocked, and hucksters, travel from door to door, with wagon loads, and are sneeringly offered 10cts. per pound.

On Wednesday last, a spark from a locomotive, set fire to a stack of corn fodder standing near Mr. O. W. Ellis's barn, and consumed it, and it was only by great exertion that the barn was saved.

Mr. John Richards, resigned the leadership of the Duncannon Band, on Monday evening last, in consequence of removal to Philadelphia and received at his residence a farewell serenade, as a mark of appreciation, of its members. The Band is now led by Mr. John Harper, Jr.

Must Settle.—Mr. Geo. H. Martin of Blain gives notice to all who have accounts on his books, that such accounts must be settled either by note or otherwise before January 1st. If not settled by that date they will be placed in the hands of an officer for collection. 3t*

Clothing.—Persons wanting clothing made in a superior manner should leave their orders with F. Mortimer & Co., who having secured the services of a very superior workman from New York, are prepared to execute orders promptly, and in the best style. They also have the best assortment of cassimeres and cloths in the county. if.

For The Bloomfield Times. A Union Observatory.

Mr. Editor.—Sir, if you please, through the Times, I desire to consult the citizens of Perry, Cumberland, and Dauphin counties upon the propriety of erecting a Union Observatory on top of the Blue Mountain, which is the line between Perry and Cumberland county. I have no doubt but what an observatory somewhere along the top of the Blue Mountain would be both interesting and useful to our citizens. It would at once afford a most magnificent view of nearly all the towns, farms, and dwelling houses in Dauphin and Perry. It would also give astronomers a good chance to observe any strange phenomenon in the heavens, and if there was one on each high mountain across the county they might be used as signals to foretell the coming of rains and dangerous storms. I believe the time is coming when such a thing will be done. An observatory would not cost much, if built similar to those used in the South during the war, and known as "Look-Outs." I hope some enterprising persons will take the subject into consideration, and report their opinion of it to the Times. PROGRESS.
