FARM AND HOUSEHOLD ITEMS

We invite communications from all persons who are interested in matters properly belonging to this department.

Cleaning Grain for Market.

It may be seen by the market reports that Canadian barley usually brings from six to ten cents per bushel more than the barley raised in the United States. Canadian barley is by no means so much better than our grain that dealers can afford to pay ten cents per bushel more for it than for the barley produced in the United States.

Curing Meat.

As the season for curing meat is at hand, we give the recipe furnished by the Germantown Telegraph, which will answer for beef or pork, and if once properly tried will not be abandoned:

To one gallon of water, take 1 1/2 lbs. of salt, 1 lb. of sugar, 1/2 oz. of saltpetre, 1/2 oz. of potash.

In this ratio the pickle can be increased to any quantity desired. Let these be boiled together until all the dirt from the sugar rises to the top and is skimmed off. Then throw it into a tub to cool, pour it over your beef or pork and let it remain four or five weeks.

A Destructive Bug.

A sort of fly, or bug, is destroying the roots of the wheat which was planted this fall in Indiana. The farmers say that if the birds were not indiscriminately and wantonly slaughtered, grain and fruit would not be subjected to this and other destructive insects.

When to Cut Fence Posts.

Two posts were lately exhibited, both of second-growth oak, cut in the same grove from trees standing near together; one cut in August, 1833, and the other was cut in March, 1852, and set in June following.

PATCH CAKE. — One and a half cups of sugar, and one cup of butter, one half cup of milk, three eggs, one teaspoon of cream of tartar, half teaspoon of soda, three cups of flour; spice to your taste.

A GREAT MEDICAL DISCOVERY Dr. WALKER'S CALIFORNIA VINEGAR BITTERS

Hundreds of Thousands Bear testimony to their Wonderful Curative Effects. WHAT ARE THEY?

THEY ARE NOT A VILE FANCY DRINK,

Made of Pure Rum, Whiskey, Proof Spirits and Refuse Liquors (doctors, spiced and sweetened to please the taste, called "Tonics," "Appetizers," "Restorers," &c., that lead the tippler on to drunkenness and ruin, but are a true Medicine, made from the Native Roots and Herbs of California, free from all Alcoholic Stimulants. They are the GREAT BLOOD PURIFIER and A LIFE GIVING PRINCIPLE a perfect Renovator and Invigorator of the System, carrying off all poisonous matter and restoring the blood to a healthy condition. No person can take these Bitters according to Direction and remain long unwell.

\$100 will be given for an incurable case, provided the bones are not destroyed by mineral poison or other means, and the vital organs wasted beyond the point of repair.

For Inflammation and Chronic Rheumatism and Gout, Dyspepsia, or Indigestion, Bilious, Remittent and Intermittent Fevers, Diseases of the Blood, Liver, Kidneys, and Bladder, these Bitters have been most successful. Such Diseases are cured by Vitiated Blood, which is generally produced by derangement of the Digestive Organs.

DYSPEPSIA OR INDIGESTION, Head ache, Pain in the Shoulders, Coughs, Tightness of the Chest, Dizziness, Sour Eructations of the Stomach, Bad Taste in the Mouth, Bilious Attacks, Palpitation of the Heart, Inflammation of the Lungs, Pain in the regions of the kidneys, and a hundred other painful symptoms, are the offspring of Dyspepsia.

They invigorate the Stomach and stimulate the torpid liver and bowels, which render them of unequalled efficacy in cleansing the blood of all impurities, and imparting new life and vigor to the whole system.

FOR SKIN DISEASES, Eruptions, Tetter, Salt Rheum, Blisters, Spots, Pimples, Itch, Scalds, Carbuncles, Ring-Worms, Scald-head, Eczema, Erysipelas, Itch, Scours, Discolorations of the Skin, Ulcers and Diseases of the Skin, of whatever name or nature, are literally dug up and carried out of the system in a short time by the use of these Bitters. One bottle in such cases will convince the most incredulous of their curative effect.

Cleanse the Vitiated Blood whenever you find its impurities bursting through the skin in Pimples, Eruptions or Sores; cleanse it when you find it obstructed and sluggish in the veins; cleanse it when it is foul, and your feelings will tell you when. Keep the blood pure and the health of the system will follow.

PIN, TAPE and other WORMS, lurking in the system of so many thousands, are effectually destroyed and removed. For full directions, read carefully the circular around each bottle, printed in four languages—English, German, French and Spanish. J. WALKER, Proprietor. R. H. McDONALD & CO., Druggists and Gen. Agents, San Francisco, Cal., and 22 and 24 Commerce Street, New York.

THE KIDNEYS.

THE Kidneys are two in number, situated at the upper part of the loins, surrounded by fat, and consisting of three parts, viz: the Anterior, the Interior and the Exterior.

The Anterior absorbs. Interior consists of tissues or veins, which serve as a deposit for the urine and convey it to the Exterior. The Exterior is a conductor also, terminating in a single tube, and called the Ureter. The Ureters are connected with the bladder.

The bladder is composed of various coverings or tissues, divided into parts, viz: the Upper, the Lower, the Nervous, and the Mucous. The upper expels, the lower retains. Many have a desire to urinate without the ability; others urinate without the ability to retain.— This frequently occurs in children.

To cure these affections, we must bring into action the muscles, which are engaged in their various functions. If they are neglected, Gravel or Dropsy may ensue.

The reader must also be made aware, that however slight may be the attack, it is sure to affect the bodily health and mental powers, as our flesh and blood are supported from these sources.

GOUT, OR RHEUMATISM.—Pain occurring in the loins are indicative of the above diseases. They occur in persons disposed to acid stomach and chalky concretions.

DEAR SIR—I have been a sufferer, for upward of twenty years, with gravel, bladder, and kidney affections, during which time I have used various medicinal preparations, and been under the treatment of the most eminent Physicians, experiencing but little relief.

Having seen your preparations extensively advertised, I consulted with my family physician in regard to using your Extract Buchu. I did this because I had used all kinds of advertised remedies, and had found them worthless, and, some quite injurious; in fact, I despaired of ever getting well, and determined to use no remedies hereafter unless I knew of the ingredients. It was this that prompted me to use your remedy. As you advertised that it was composed of buchu, cubeb, and juniper berries, it occurred to me and my physician as an excellent combination, and, with his advice, after an examination of the article, and consulting again with the druggist, I concluded to try it. I commenced its use about eight months ago, at which time I was confined to my room. From the first bottle I was astonished and gratified at the beneficial effect, and after using it three weeks, was able to walk out. I felt much like writing you a full statement of my case at the time, but thought my improvement might only be temporary, and therefore concluded to defer and see if it would effect a perfect cure, knowing then it would be of more value to you, and more satisfactory to me.

I am now able to report that a cure is effected after using the remedy for five months.

I have not used any now for three months, and feel as well in all respects as I ever did.

Your Buchu being devoid of any unpleasant taste and odor, a nice tonic and invigorator of the system, I do not mean to be without it whenever occasion may require its use in such affections.

M. McCORMICK.

Should any doubt Mr. McCormick's statement, he refers to the following gentlemen:

THE GRAVEL.—The gravel ensues from neglect or improper treatment of the kidneys.— These organs being weak, the water is not expelled from the bladder, but allowed to remain; it becomes feverish, and sediment forms. It is from this deposit that the stone is formed and gravel ensues.

DROPSY is a collection of water in some parts of the body, and bears different names, according to the parts affected, viz: when generally diffused over the body, it is called Anasarca; when of the abdomen, Ascites; when of the chest, Hydrothorax.

TREATMENT.—Helmhold's highly concentrated compound Extract Buchu is decidedly one of the best remedies for diseases of the bladder, kidneys, bladder, dropsical swellings, rheumatism and gouty affections. Under this head we have arranged Dysuria, or difficulty and pain in passing water, Scanty Secretion, or small and frequent discharges of water; Strangury, or stopping of water; Hematuria, or bloody urine; Gout and Rheumatism of the kidneys, without any change in quantity, but increase in color, or dark water. It was always highly recommended by the late Dr. Physick, in these affections.

This medicine increases the power of digestion, and excites the absorbents into healthy exercise by which the watery or calcareous depositions, and all unnatural enlargements, as well as pain and inflammation, are reduced, and it is taken by men, women, and children. Directions for use and diet accompany.
