LOCAL DEPARTMENT.

OUR TERMS

Are One Dollar a Year in Advance

CORRESPONDENTS will please bear in mind that letters received later than Saturday evening, or the down mail on Monday morning have to lay over until the following week.

Last Time.—Persons who send us anonymous communications are just fooling away the time they take in writing them. Send your name, not for publication, but as a guarantee of good faith.

Temperance.—Rev. Richmond will lecture on temperance, in the Little Germany church, on Sunday evening next.

Gen. James Porter died quite suddenly at the Bolton House in Harrisburg, on last Thursday night. His remains were taken to his former residence at Lewistown.

A man from the neighborhood of Millertown, named Zeigler, was arrested last week and committed to jail, in Juniata county, for horse stealing.

Need Fixing.—The furnaces in the court house need some attention, as the escaping gas gives the court room a very unhealthy air.

A Festival will be held in the basement of the M. E. Church in this place, on Wednesday and Thursday evenings next, for the benefit of the M. E. Sunday School. Proceeds to be devoted to purchasing a library. Admission Ten Cents.

Tickets for sale at the Post-Office.

Our Dutchman must have gone to Shippenburg, as we see by their local papers that the same remark was made by a Dutchman there in regard to Washington's birth day. It's queer, don't he?

Very Pretty.—All the ladies who have seen them, say the Spring styles of prints and other dry goods just opened by F. Mortimer & Co., are very pretty. Call and examine them.

On Thursday Evening Mr. David Brown, the market man, drove off the bridge at Elliottsburg, upsetting his wagon and making a sudden fall in eggs. The fall was only temporary, however.

Early.—We see several persons already at house-cleaning, and even "making garden" has been begun by some. Thunder showers have also put in their Spring appearance, one of them occurring on Sunday morning.

Delegates.—D. W. Woods, of Lewistown, and Kirk Haines, of Millertown, have been selected to represent this Senatorial District in the State Convention. They are instructed to vote for W. P. Wilson, of Bellefonte, as candidate for Surveyor-General.

Killed.—On Tuesday evening last, as the Mail train was approaching Huntington, it struck a man named John Long, killing him instantly. He had a bottle of whiskey in his possession.

Petty thieves are quite frequent in Newport. Several instances of cellars and ware-rooms having been broken into, have recently occurred.

The Bill authorizing the County Commissioners of Perry county to borrow money to build a poor house has passed, and has been signed by the Governor. There was a remonstrance containing a long list of signers sent in against it, but it came a day too late.

A Reward of \$5,000 has been offered for the apprehension of the murderers of Hofman, at Mt. Carmel—a step taken in the right direction to bring to justice the dastardly villains. It is generally believed that the reward will be increased to a much larger amount.

Severely Bitten.—On Friday last, Nellie, youngest daughter of Joseph Ogilby, residing on South Bedford street, while sweeping the pavement in front of the house was attacked by a terrier dog, belonging to a neighbor lady, and her left arm lacerated terribly. Dr. Zitzer was called in, but the little girl suffers severely from the injuries sustained.—Carlisle Herald.

A Boy Accidentally Shot.—Last week Mr. Thomas Barnard, of Beale township, loaded several chambers of the gun, a six-shooter, for some purpose, but they were not discharged. He did not remove the loads from the chambers, and a day or two after, while from home, a son about 9 years of age got the gun and was handling it in the family sitting room. A chamber was accidentally discharged, the contents of which, a half ounce ball, passed through the fleshy part of the thigh of a neighbor's son, about 16 years of age, who was in the room. It fortunately only proved to be a flesh wound. The bone was not touched. The ball lodged in the facing of a window. Dr. Sterret was called and gave the wounded boy the proper attention.—Juniata Sentinel.

Evangelical Conference.—The central Pennsylvania Conference of the Evangelical Association, representing the central part of Pennsylvania, Eastern part of Maryland, and the District of Columbia, a body composed of 92 Ministers, closed their annual session last week, which was held in their church on North Queen street, in the borough of York.

\* The stationing committee made the following appointments for the Carlisle District:

C. F. Deininger, P. E.—Perry circuit, S. W. Seibert and R. C. Bowersox; Marysville circuit, J. H. Young; Liverpool circuit, D. A. Kepner; Port Trevorton circuit, D. H. Miller; Carlisle Mission, H. R. Hartzler; Jacob Bous, member of Carlisle quarterly conference; Big Spring circuit, A. W. Kremer and G. L. Burson; Cumberland circuit, J. G. Ale, Sivengle; Bendersville circuit, J. M. Price; Conewago circuit, H. A. Deitrick; Hagerstown circuit, H. H. Ream; Middle creek circuit, S. E. Davis and S. Yearich; Troxleville circuit, S. Aurand; New Berlin circuit, A. Rearick; Union Seminary, Prof. D. Denlinger, also member of New Berlin Quarterly Conference.

The following delegates were elected as representatives of this body to the General Conference, which is to assemble in their first church in Naperville Illinois, on the first Thursday in October, 1871: Carothers, S. Smith, Jacob Young, C. F. Deininger, S. W. Seibert, Jacob Hartzler, and E. Kohr.

The General Conference is the highest representative body in this church, and assembles once in every four years, and Legislators for the entire church both in Europe and America.

Highway Robbery.—On Saturday night last as Mr. Joseph Hostetter was going to his home in Juniata co., when walking along the road near the Locust Grove schoolhouse, in Milford township, he was approached by two men who presented a pistol at his head and demanded his money and watch. He told them he had no watch, but handed them his pocket-book which contained a \$10 bill and some papers.—He told them the papers were of no use to them, when they handed the papers back to him. The one who had discovered the ten dollar bill was holding it up to the light, probably to see what amount it was, when Mr. Hostetter made a grab to regain it, at the same time stabbing the fellow in the back with a pocket-knife. They both fell to the ground. The other party then came to the rescue of his comrade, when Mr. Hostetter regained his feet and ran down the road. A pistol shot was fired after him by one of the party, the ball passing through his cap. The men were both strangers to Mr. Hostetter.—Democrat and Register.

Another Improvement.—A bill has passed the House of Representatives at Harrisburg incorporating "The Perdrix Market and Manufacturing Company of Perry County." The incorporators are S. A. Black, and several others connected with the Pennsylvania Railroad Company, and the object of the bill is to enable them to establish the stock yard now at Harrisburg, above and near the junction of the two railroads at Marysville, and also to build a tannery, glue factory, and to generally utilize the offal which collects at a stock yard. The company is empowered to own land not exceeding three hundred acres, and to erect switches, turnouts, and tracks, with all necessary buildings. The stock of the company is not to be less than \$50,000 and may be increased to \$500,000.

"The Local Option Bill" which allows each ward, township or borough, to vote on the question of licensing liquor selling, has passed the House. Why any one should object to a law, which allows each locality to settle this important question by a majority of their own voters, is what we cannot understand, unless such person has some pecuniary interest at stake. We are sorry to see that one of the members from this district, Mr. Skinner, voted against it. The member from this county, Dr. Milliken, was at Washington, when the final vote was taken.

A Correspondent at Elliottsburg complains that the meetings at the Church of God at that place are frequently disturbed by young persons who run in and out during service. He wants to publish their names. How will the young people like that?

Notice to Settle.—All persons knowing themselves indebted to me are hereby notified to settle before the 1st of April. Attention to this notice will save cost. S. S. WITHROW.

Remember.—Persons who wish their post office address changed on our mailing book, should remember to mention where their paper has been sent, as well as where they wish it to go in future. Failing to do this they must not blame us if the change is not made.

Where is It!—We have heard a man ask where Independence Hall is, but we have never yet met one who did not know that the Great Oak Hall clothing house of Wanamaker & Brown is at the south east corner of Sixth and Market streets Philadelphia.

Gold closed on Saturday at 111.

"FOR EVERYBODY."—We have received the first number of a new monthly, bearing the above quaint title, and do not hesitate to pronounce it a fine specimen of newspaper typography. It is an illustrated paper, the engravings being of the finest order, and the subjects such as will, for the most part, have a lasting value. In addition to a large amount of other original and selected matter, it contains a humorous poem, entitled "Our Civil Service," written expressly for the new paper by Matilda Fletcher, so well known throughout the West as a lecturer, and one of the editorial staff of the Des Moines Daily Register. The illustrations accompanying the poem are by Stephens, late of Punchinello and Mrs Grundy, and are in his happiest vein.

The publisher wishes to obtain the largest circulation of any monthly in the country, and the plan he has adopted must certainly accomplish it, for he offers prizes direct to subscribers of such magnitude and on such plan that if they were not fully guaranteed by highly responsible houses, would seem incredible. Sample copies, containing full particulars, will be sent on receipt of fifteen cents. Address Henry H. Sage, Publisher, 26 Allen street, Buffalo, N. Y.

BALLOU'S MAGAZINE FOR APRIL.—The April number of this superb family magazine is already issued, and contains a list of contents such as will please every one, old and young. "The Rivals on the Deep," which will be found in the April number, alone is worth more than the price of the whole magazine. Thomas & Talbot, 63 Congress Street, Boston are the publishers, but "Balloon's Magazine" is for sale at all the periodical depots in the country at 15 cents per copy, or \$1 50 per year; and it is clubbed with "THE MONTHLY NOVELLETTE" for \$3 00.

NEW TAILOR SHOP.—George H. Walters has opened a New Shop in this borough, on Carlisle street, just above the Foundry. He asks a share of public patronage.—3t

WALTHAM WATCHES.

The extensive use of these watches for the last fifteen years by Railway Conductors, Engineers and Expressmen, the most exacting of watch-makers, has thoroughly demonstrated the strength, steadiness, durability and accuracy of the Waltham Watch. To satisfy that class in all these respects, it is decided the question as to the real value of these time-keepers.

More than 500,000 of these watches are now speaking for themselves in the pockets of the people—a proof and a guarantee of their superiority over all others.

The superior organization and great extent of the Company's Works at Waltham, enables them to produce watches at a price which renders competition futile, and those who buy any other watch merely pay from 25 to 50 per cent. more for their watches than is necessary.

These time-pieces combine every improvement that a long experience has proved of real practical use. Having had the refusal of nearly every invention in watch-making originating in this country or in Europe, only those were finally adopted which severe testing by the most skillful artisans in our works, and long use on the part of the public, demonstrated to be essential to correct and enduring time-keeping.

Among the many improvements we would particularly mention: The invention and use of a centre pinion of peculiar construction, to prevent damage to the train by the breakage of main-springs, is original with the American Watch Company, who, having had the refusal of all other contrivances, adopted Fogg's patent pinion as being the best, and faultless.
