LOCAL DEPARTMENT.

OUR TERMS

Are One Dollar a Year in Advance

Strawberries and Ice-Cream.

A Grand Festival will be given by the Ladies of the Lutheran Congregation for the benefit of their Sunday School on Tuesday and Wednesday evenings in the Court House yard.

Improved .- The York True Democrat came to us last week in an entire new dress. Their new type gives the paper a very clean and pretty appearance. We think they must have a new lot of ink too.

Merchants should read and make a note of the advertisement of Mr. M. B. Sphar, manufacturer of the celebrated York boots. It will be found in another column.

The First quarterly meeting of the New Bloomfield circuit, will be held in the M. E. Church at Blain, on Saturday and Sunday next. The Quarterly Conference will meet on Saturday at 3 p. m., and Doctor Hamlin will preach in the evening. The doctor will also preach on Sabbath morning, and administer the Lord's Supper,

A Singing School.-Mr. H. C. Jones proposes to form a class, in this borough, for instructions in vocal music. For this purpose a meeting will be held in the court house, on Thursday evening, when all are invited to be present. His terms are extremely low. Mr. Jones has just completed a course of instruction for a class at Landisburg, and so well satisfied are the citizens with his success that they have engaged him for another term.

A Valuable Paper. The New York Mercantile Journal is without doubt the most valuable commercial pa per published. The editorials are excellent, the selections are of the best, and the market Reports and quotations, are complete and perfectly reliable. We can hardly see how any country merchant can do without it. It is published by the New York Mercantile Journal Co. at 350 Pearl St.

Valuable Discovery.--Mr. Benjamin Chambers has discovered on his farm near the Red Bridge, east of Chambersburg, a vein of beautiful black mottled marble, also a vein of gray marble, Mr. Jas. King pronounces both kinds to be of fine quality, and the gray variety particularly well adapted for monumental purposes. Mr. King dressed a piece of the mottled variety, and it takes a very fine polish. It is not known to what extent these marbles may be found -possibly in large quantities, which will open a new enterprise.

Boring For Coal,-The directors and president of the Little Germany coal company held a meeting last Tuesday to decide whether they should continue to bore in the hole which has been started or commence at some other place. It was agreed that two more holes be sunk each 100 feet deep after which the balance of money be spent in which ever hole appeared to give the best prospects for coal. Since striking a three inch vein no more coal has been found. A committee of eight was appointed to select a place for sinking the next two holes.

State Sunday-School Convention. - The seventh annual convention of the Pennsylnir State Sabbath School Association will be held at Allentown, Pa., on Tuesday, Wednesday and Thursday, the 13th, 14th and 15th of June. All the carnest Sundayschool workers of the Keystone State are cordially invited to be present. Each Evangelical school is requested to send two or more delegates. Those who propose to attend should notify A. J. Breinig, Allentown, Pa., who is chairman of Local Committee of Arrangements, on or before the 7th of June, so that entertainment may be secured, and orders for excursion tickets procured and forwarded.

Overcome With The Heat .- On Monday of last week some fat cattle belonging to Capt. Loy of Madison twp., were driven to this borough. Part of them were for Mr. George Hoffman and while in driving them from here to his farm, two of them died about a mile and a half from this borough and another was left at Oliver Rice's so nearly exhausted that it was feared be would die. The other two were for Messrs. Reeder & Yohn at Newport, and one of them lay down about a mile this side of Newport unable to go farther. The other they succeeded in getting home and slaughtered it the next morning. We

Paid Out .- The twenty thousand dollars appropriated by the legislature to aid the sufferers by the large fire at Mifflintown has been paid out and the committee have made a report. This we publish below, as many of our readers may like to see where the money went. We hope that this action of the Legislature will not be a precedent for future appropriations,

Sorrowful Accident .- On Saturday afternoon last, our citizens were shocked and startled by the intelligence that Fairman C. Flenner, son of John Flenner, Esq., of this place, aged about eighteen years, was drowned in the dam at the mouth of the Raystown Brauch, about 24 miles below

The deceased was an apprentice in the Monitor printing office, and, in company with three other boys, started on a fishing excursion to the dam, about the middle of the forenoon. It appears that while there the boys had stripped for a bath, the water being very deep at that place and young Flenner being no swimmer, he had not gone into the deep water but was standing on the breast of the dam when his feet slipped and he fell over, and almost immediately disappeared beneath the surface, the force of the reacting current carrying him under the sheeting of the dam. Search was immediately made for the body, but it was not till Sunday morning that it was recovered and delivered to his heart-broken friends .-Huntingdon Journal.

A Good Law .- The law to prevent frequent changes in school books has passed both branches of the legislature, and will no doubt be signed by the governor. If such a law had been passed ten years ago it would have saved the citizens of this county many a dollar, and the school directors many a cursing. Below we publish the law as passed:

Section 1. That, hereafter the board of directors of any district, the controllers in cities and boroughs or any school superintendent, shall not order or make any change in the school books or series of text books used in any school under his or their superintendence, direction or control more than once in every period of 3 years, and any laws or parts of law inconsistent herewith shall be and the same are hereby repealed.

Section 2. Any school director or su-perintendent who shall violate the provisions of this act shall be deemed guilty of a misdemeanor, and upon conviction thereof shall be sentenced by the court to pay a fine not exceeding two hundred dollars and be deprived of his office.

Tribute of Respect.

At a stated meeting of New Buffalo Lodge No, 402 L. O. of G. T. held May 31st 1871, the following resolutions were unanimously adopted.

Whereas death has come in our midst in which God, in his mysterious Providence, has removed from us our sister Adah

Middaugh, therefore.
Resolved, That in this afflicting dispensation of Providence, we are reminded of the uncertainty of life and of the necessity of a preparation for that life which is eternal; and that we so live, that when death shall come upon us we may go home with the assurance, that eternal rest and peace

shall be ours.

Resolved. That while we deeply sympathize with the husband and friends of our departed sister in this their bereavment, we rejoice that she though early taken away from earth, has, we trust and hope, found a happier home in Heaven.

Resolved. That the members of this Lodge wear the usual badge of mourning for twenty days and that the charter and hall be draped in mourning for the same

hall be draped in mourning for the same

period.

Resolved. That a copy of these resolutions be presented to the bereaved friends, be recorded in the minutes of this meeting and published in the Bloomfield Times.

WM. M. JACKSON,
WM. E. JONES,
J. B. JACKSON,

Very Pretty.-All the ladies who have seen them, say the Summer styles of prints and other dry goods just opened by F. would not fancy that kind of meat for our Mortimer & Co., are very pretty. Call and examine them.

One Hundred Dollars Reward.-The following singular letter is vouched for as being genume:

For the apprehension of Enos Tuttle, a tall man, about fifty years of age, has considerable money and a forehead, lang-faced and lantern-jawed man, a bad man with a fist like a giant, and has often beat me, and I want him to end his days in a penitentiary where he belongs, and he wears a grey coat with a very large mouth, and one blue eye, and a hideous looking man, and now living with the seventh woman, and me having one child to him brought slap up in the law with blue pants. He ought to be arrested, and has one hundred dollars of my money, and a bald-headed rascal, full of flattery and deceit, and she is a bad woman, and her little girl calls him 'papa, and is called Eliza Jane Tillis, and a boy blind of one eye, and he is not a man who has got any too much sense, nor her. And he stole a hundred dollars from me and some of my gold and silver, and ought to be caught, and I will never live with him again, no never, he is a disgrace, and I would like to him caught up and compelled to maintain me and his child, as I am his lawful wedded wife, and have the certificate of marriage in my possession.

NANCY TUTTLE. "FINLEYVILLE, April, 1871."

Arrested.-The man "Eagen," who, a few weeks since, made his exit from town, hastened by some young men armed with horse-whips, for abducting and attempting to outrage a little son of Henry Shafer's, has been arrested and held to bail on the charge. The arrest was made by Constable Messimer, who found the job no easy task, as both Eagen and the old woman with whom he is staying, made a desperate resistance. No charge had been made against him until last week, as it was generally considered that the punishment he had already received would prevent him from committing such a deed again.

A few days since, probably at the instigation of some person or persons, Eagen made a charge and procured the arrest of those implicated in administering justice to him, on the evening referred to, which is the reason why the charge and arrest is now made.

High Heels.-Dr. Pancoast, of Philadelphia, recently performed a painful operation on a little girl whose feet had been deformed by wearing high-heeled boots, and expressed his opinion that it was only the beginning of a large harvest of such cases. It so happens that extremely high heels are going out of fashion; but there is still room for much improvement in this direction.

A Large Load .- A correspondent says that last week a load of bark measuring ten cords and twenty feet, was delivered at Newport. It was drawn by two horses and four mules. It is the largest load of bark we ever heard of being hauled on a wagon, and hardly believe that it would weigh "over a ton to the cord," which one of our exchanges says should be the standard.
