## The Bloomfield Gimes.

Tuesday, July 18, 1871. LOCAL DEPARTMENT.

#### **OUR TERMS** Are One Dollar a Year in Advance

Tee Many .- Two more letters regarding the large load of bark at Blain have been received the past week. We fear our readers will think we give them an "overdose of bark," if we publish any more on that subject.

Dropped Dead .- Mrs. Elizabeth Holmes residing with William Holmes, Jr., in Miller township, while sitting in her chair on Monday of last week, feil out and instantly expired. She was quite an old lady, and has now living, fourteen children-thirtysix grand-children and twenty-four great grand children.

Pic Nic .- The Methodist Sunday School will have a basket pic nic, on Wednesday the 19th inst. Addresses will be delivered at 10 o'clock A. M., and at 2 o'clock P. M., on said day by Rev. C Graham, Rev. H. C. Chester and Rev. E. Shoemaker. The School and others will meet at the Methodist Church at 9 o'clock, all invited to attend. By order of committee.

Gene to Jail .-- On Thursday last, a wo man named Kate Frank, was placed in jail on the charge of stealing \$5, and some bousehold articles from Samuel Briner, near Loysville. The woman was arrested by Constable Allen in Newport, and was committed by 'Squire Zinn of that place.

She acknowledged her guilt and gave up the articles purchased with the stolen money.

Attempted Robbery .- On Wednesday night last, some persons effected an entrance to the cellar of the residence of Mr. A. E. Mark, at Millersburg, and from their attempted to get into the other part of the house. Mr. Mark was absent but the women in the house hearing the noise made an alarm, causing the rascals to leave. This is the second attempt of the kind this summer.

Judges Salaries .- We see it stated in some of our exchanges that the salary of President Judges is to be \$5000 per annum commencing with June 1st 1871. This is a mistake. That is the salary of the Judge of the twelfth Judicial district, but all other President Judges except in the counties of Philadelphia and Allegheny, receive \$4000 per annum. Associates receive \$5. per day for each day employed, Provided that they shall not receive less than \$300 per year.

Fatal Accident.-On Thursday afternoon about 5 o'clock, the oldest son of Henry J. Rice of Tyrone twp., was almost instantly killed. Mr. Rice was hauling a load of sand from Bell's hill and the lad was sitting on the rubber bar holding the lever, when by some means he lost his hold and fell to the ground, the hind wheel passing over his breast. The boy jumped up and spoke once and then dropped down and soon expired. He was a very bright lad about 8 years of age. His death is a sad blow to the parents, who receive the sympathy of the entire community.

Barn Barned .- Shortly after 11 o'clock, on last Friday night the barn belonging to the heirs of Jacob Bernheisel, deceased, in Tyrone township, was discovered to be on fire. The neighbors responded promptly to the alarm but were unable to entinguish the flames, and all that could be done was to get out the stock and to save the house from taking fire, by throwing water on the roof. The wagon shed which was detached from the barn was also destroyed. A large amount of personal property was burned, consisting of eleven hundred dozen of wheat, thirty loads of hay, a separator, one large road wagon, all the gears, and a large number of farming implements. The stock was all saved. The fire originated in the centre floor of the barn, but in what manner is unknown. The loss falls very heavy on the sons, who were farming the place. The total loss is hearly \$5,000, on which there was no insurance. The barn

was one of the best in the county. Another One .- During the shower on Sunday afternoon the barn on the farm belonging to Peter Shafer, in Saville township, was struck by lightning, set on fire, and entirely consumed. The barn was a very good one, and had in it a large quanti-

ty of hay and grain.

Patented Land .- At a recent meeting of the Board of Property, the Surveyor General stated to the Board that there was avery considerable falling off in the payments on account of unpatented lands; whereupon the Board, having taken into consideration the Act of Assembly and the duties therein enjoined upon them, directed that the Surveyor General furnish the warantee names and other data to the Attorney General for cases in the several counties, to be proceeded upon by him under the aforsaid act, after the 1st day of December, 1871, should payment of the arrearages not have been made before that time.

The Surveyor General was requested to furnish a copy of the proceedings, by circular letter, to the County Surveyors and others, for their information. That office in accordance with these instructions sends the county surveyors the following notice.

Surveyor General's Office,

Harrisburg, Pa., July 5, 1871.

DEAR SIR : In obedience to the foregoing instructions, the action of the Board of Instructions, the action of the Board of Property in relation to unpatented tracts is furnished for the information of the own-ers of such lands. In order to save ad-ditional expense, the necessity of making ing payment of the liens due the Common-wealth, and applying for patents, is earn-estly urged upon all who may be interes-ted. ted.

Very respectfully, J. M. CAMPBELL,

### Surveyor General. Persons wishing further information on

this subject had better apply to S. H. Galbraith Esq., County Surveyor.

A Truant Husband.-The Harrisburg State Journal says :

On Monday evening a week a deserted wife made her appearance at the Mayor's office, and claimed his efforts in order to secure trace of her husband, Tine Gordon, who had abandoned her in an unceremonious and heartless manner. From her statement it appears they resided in Franklin county, near Chambersburg. Her husband left her a few days since, to go to that place, where he professed to have business, promising to return the same day. Becoming uneasy and alarmed at his prolong-

Fire In Newville.-Singular Origin.-On Wednesday afternoon of this week, while threshing on the premises of P. Ahl, Esq. Newville, the straw from the machine ignited, and so rapidly did the flames spread, that the straw, grain stacks and machine were entirely consumed, and only by the greatest exertions were the surrounding buildings saved from destruction. The fire originated as stated above, either from the heated journals, or from friction caused by saud in the grain. Fires from these causes, though somewhat rare are not unknown as we read of a similar cumstances last season.-Shippensburg Acus.

#### For The Bloomfield Times. President Judge.

Mr. Editor, Sir-In your issue of the 11th inst., with reference to the President Judgship of this district, you ask why is there no candidate offered by Perry county. The reason is obvious. There is a well-known principle of law, called "title by prescription," which may be thus stated : Where persons or a community have exercised, and claimed to exercise a right for a great length of time, (formerly sixty years) great length of time, (formerly sixty years) "Whereof the memory of man runneth not to the contrary," the right cannot be successfully resisted. Now, ever since the organization of Perry county, fifty-one years ago, the President judge has come from Carlisle, and even for twenty years before, making in all seconty-one years— whereby it is clear that Carlisle is entitled to the indexability by presenting and no to the judgeship by prescription-and no man can be lawfully chosen from any other part of the district. Besides it is doubt-ful whether any legal mind *could* be educa-ted up to the judicial standard elsewhere, part of the district. Besides it is doubtfor the location, air, and surroundings of that place are highly favorable to the growth of jurisprudence ; and as no one could succeed to the Aaronic Priesthood, excould succeed to the Aaronic Priesthood, ex-cept he came of the tribe of Levi ; so none can reach this judgeship unless from Car-lisle. Herod inquired of the wise men where Christ should be born, and they said in Bethlehem of Judea. So when the quiet voter inquires of you whence say the law and the prophets (profits) the judge of the ninth judicial district shall come, you may safely reply, "From Carlisle of Cum-berland." Yours, conditionally, JIM HEFFLETINGER,

who is studying law, but feels doubtful of the place; may remove to Carlisle.

### For The Bloomfield Times.

Eshcol, Perry Co., Pa. July 10th 1871. Eshcol, Perry Co., Pa. July 10th 1871. Ed. "Times;"—The Post-Master Gen-eral has appointed John D. Baker, Post-Master of Roseburg P. O., changing the name and the site to Eshcol, (Perry Co., Pa.,) The name is from the Valley or Brook of Eshcol in the land of Canaan. Eshcol, is situated about three miles east of Islanding in a little dell three miles east

of Ickesburg, in a little dell, through which passes a sparkling brook, inhabited by speckled trout; its banks festooned by a rich drapery of grapevines, which suggests the name,—the book of the cluster of grapes,—or Eshcol. The use of a name is to distinguish that which is named, from other things. The less resemblance a name has to another, the better is it adapted to

has to another, the better is it adapted to its use. It will be seen by inspecting the list of post offices in the U. S., that many names are very similar. There are— "burgs" and "towns"—innumerable; and —"dells" and "dales"—without limit. A long list of names begin with "Oak," another with "Chestnut" &c. &c. Esheol is like itself, and stands alone in the world, unless "'Ain Eshkale," two miles north of Hebron, in the Holy Land is an excep-tion. W. E. B.

#### Sunday School Convention.

Mr. Editor - A paper of last week contained an item proposing a County Sun-day School Convention. On behalf of our Sunday school superintendent, Wm. Willis, Sunday school superintendent, Wm. Willis, Esq., and myself, I would say, God speed the proposal. If the week day schools are benefitted by the annual meetings of their institute in the Court House here, much more might the Sunday school be benefit-ted by exchanging ideas on teaching, use of Sunday schools, helps, etc. Joins EDGAR, Pastor of the Presbyterian Church in New Bloomfield.

Arrived there, she ascertained that he had gone to Harrisbug, and with a woman's devotion, followed him hither only to learn that she was too late, and that he had extended his journey westward. From this point a telegram was forwarded by the Mayor to Altoona ordering his arrest, and if not found there to send the dispatch to Pittsburg. A dispatch was received from the chief-of-police of the latter city, stating that he had been arrested, but through some informality was subsequently discharged.
