LOCAL DEPARTMENT.

OUR TERMS

Are One Dollar a Year in Advance

The Latest Improved Fruit Jars—Glass or Tin, from Ten to Fifteen cents, for sale by Jas. B. Clark, New Bloomfield, Pa.

Real Estate for Sale.—We call attention to the advertisement of a valuable mill property at Duncannon, for sale or rent. Also, to the advertisement of a house and lot at Roseburg, which is for sale at a bargain.

Receipts.—Persons remitting for subscriptions often ask for receipts. This is not necessary, as the alteration of the figures on the direction ticket is evidence that the money has been received, and placed to the credit of the subscriber.

Child Stolen.—In another column will be found two letters from a correspondent regarding the child that is missing from Allen's Cove. From what we can learn, it is possible the child has been stolen. The letters on the subject will give quite full particulars. The first letter was intended for last week's issue, but was received too late.

Accident.—On Wednesday evening an elderly lady, named Mrs. Barton, met with an accident which resulted fatally a short time after. While in the act of getting into an omnibus at Newton Hamilton, on the line of the Pennsylvania railroad, the horses became frightened, and she was thrown down and run over. Her injuries were of such a serious nature that death ensued the following night.

Sheriff's Sales.—The following is a list of property sold at Sheriff's sale in this borough on Friday last.

A tract of land belonging to Michael and George Foltz in Centre twp., containing 170 acres, sold to E. B. Clouser, Esq., for \$740.

A tract of land belonging to J. Bidding in Liverpool twp., containing 15 acres sold to W. A. Spenser, Esq., for \$580.

A tract of mountain land in same twp., same owner, containing 30 acres, sold to F. F. Gantel for \$161.

A tract of land adjoining Bloomfield borough belonging to Henry G. Milans, Esq., containing about 10 acres, sold to Wm. Grier, for \$388.

A tract of land in Liverpool twp., containing 60 acres, owned by Wm. Long, sold to Wm. A. Spenser, Esq., for \$1000.

A tract of land in same twp., owned by the same person and containing 30 acres, sold to same purchaser for \$200.

Camp Meetings.—The following camp-meetings to take place in this and surrounding counties, are announced:

Church of God—on the ground of Mr. John Stambaugh, near Green Park, Perry county, commencing August 17th, continuing one week.

The Evangelical Church, for Perry charge, will hold a camp meeting on the land of John Dum, one mile north-east of Elliottsburg, and about five miles north-west of Bloomfield, to commence on Thursday, the 3d of August, and will be protracted for one week.

Carlisle District Camp Meeting—at Red Barn, between Carlisle and Shippensburg, commencing August 2d.

A camp meeting of the Church of God will be held on August 24th, on the ground of last year. It will be attended by the congregations of Shippensburg, Orrstown, Newburg, Green Spring, Newville, and other towns.

Accident Caused by a Thrashing Machine.—We learn from the Mercersburg Journal, that a little daughter of Mr. S. G. Rankin, residing in the "Corner," in attempting to step over the shaft of a Thrashing Machine whilst in motion, was caught by her clothing. At the time of the accident she had another child, not quite a year old, in her arms. Both were completely stripped of their clothing before they were extricated from their perilous position. The oldest child escaped with comparative slight injuries, but the youngest, we understand, is yet in a precarious condition, but little hopes of its recovery being entertained.

Humors Rheumatic Relief is a liniment which is remarkable for its healing properties and is good for man or beast. Having once tried it, no family or horseman will be without a bottle on hand. For sale by F. Mortimer & Co., and various stores throughout the county.

You might go to Paris and not find a Custom Department better than Wanamaker & Brown's is now.

The following recent official rulings of the Post-Office Department, will be of interest to many of our readers:

A Post-master or an Assistant, has no right to open letters addressed to any other person, and if he does, he is liable to the extreme penalties of the law.

A memorandum in writing on the margin of a newspaper subjects it to letter postage.

Cloth and cakes of soap not being enumerated as mailable are subject to letter postage if sent by mail.

When publishers enclose a hand-bill with their newspapers in violation of the law the duty of the postmaster is plain. He should rate-up such packages with letter postage according to the weight of the same, and if not paid by the party addressed, it should be returned to the mailing office to prosecute the sender in the penalty of \$5 in each case.

Potatoes, apples, peaches, and other fruit are not mallable matter, and should be excluded from the mails.

There is no law authorizing the forwarding newspapers from one office to another, unless they are prepaid at the mailing office, at the rate of two cents for each 4 oz. or fraction thereof.

Winter-green leaves, sage leaves, and herbs for medicinal purposes, are subject to letter rates of postage.

Under no circumstances, should letters bearing the endorsement of the Pension Office or its agents, and addressed to pensioners, be delivered to an attorney, claim agent, or broker.

It is not lawful to deposit in a post-office, to be sent by mail, any letters or circulars containing lotteries, so-called gift concerts, or other similar enterprises offering prizes of any kind, on any pretext whatever. Such matter should be immediately forwarded to the Dead Letter Office; and at the same time, but separate from the package, a letter should be sent to the Third Assistant Postmaster General, advising him of their transmission.

When publishers send their papers to persons who do not take them out of the office, give the notice required by sec. 292, Postal Regulations, and dispose of the papers as required by sec. 291. If the parties addressed allege that they are not subscribers request the postmaster at the mailing office that the publisher take the oath prescribed by section 210.

If a postmaster chooses to erect boxes in his office at his own expense the rents returned will be taken into account in readjusting his salary.

Pension papers are to be delivered to the person addressed, or to a member of his or her family, or to a legal guardian of the pensioner, and to no other parties.

A Little Girl Missing.

MARYSVILLE, Pa., July 17, 1871. Mr. Editor—On Friday the 14th inst., a daughter of Mrs. Kronch, living in Allen's Cove, aged ten years, was missing, and although the neighbors from far and near have been unremitting in their searching for the child, no tidings have as yet been found, up to this writing—12½ o'clock, p. m., on Monday. It is supposed that two hundred people have been on the mountain on Sunday. The mother lives quite on the mountain, but the child was familiar with every road, path, etc., and to have gone astray would be almost out of the question. The child is a mute, but very sensitive in other respects; weighs over one hundred pounds. Some persons are of the opinion that the child has been kidnapped or foully dealt with; but this is only supposition. The mountain has been so thoroughly searched that it is impossible for her to be on the mountain. Yours, &c., X X X

MARYSVILLE, Pa., July 22, 1871.

In addition to what I have already written in regard to the lost child, there is one item which I did not mention, and which is now almost conclusive as to her fate. This idea forced itself upon the mind of your correspondent from the first, but a great many laughs at it, so that no mention was made of it.

On Thursday evening previous (July 7) to the date of the missing child, two men came to the house of Christian Derrick, living a short distance from Mrs. Kronch's house, and dressed as soldiers. These men took supper with Mr. D, after which they took to the fields and kept in between the Railroad and the mountain, passing near the residence of the child's mother. On Friday, sometime in the afternoon, these same men were still in the neighborhood and were seen by several parties, only about one mile from Mrs. K's house.

On Tuesday, (July 11th) report had it, that two men crossed the N. C. R. R. Bridge during the night, with a little girl of the description of the one lost. Some men followed as far as Pino Grove, where they were informed that the men passed with the girl. From the latter place, other men have gone in pursuit, but with what success, we have not yet heard. One thing is certain, that the interest in the matter is not as great as it should be, from the fact that the woman is poor and unable to offer a reward for the recovery of the child. X X X

Our worthy Register and Recorder left town on Monday morning dressed up remarkably. Rumor says that not satisfied with the office of Register, he is now a candidate for matrimony. A Philadelphia subscriber writes us that he has corn in his garden with stalks 14 feet high and with ears 3 feet from the ground. That beats the country, and will do first rate "for high."

On Thursday morning last Mr. David Beator of Markleville while on his way to Newport with some marketing, had his wagon upset by his horse getting scared. Fortunately he was but little hurt, but the decline in the value of his eggs was very great.
