ALL KINDS OF JOB PRINTING Neatly executed at the Bloomfield Times Steam Job Office.

A GREAT MEDICAL DISCOVERY

Dr. WALKER'S CALIFORNIA VINEGAR BITTERS

Hundreds of Thousands Bear testimony to their Wonderful Curative Effects. WHAT ARE THEY?

THEY ARE NOT A VILE FANCY DRINK,

Made of Pure Rum, Whiskey, Proof Spirits and Refuse Liquors distilled, aged and rectified to please the taste, called "Tonics," "Appetizers," "Restorers," &c., that lead the tippler on to drunkenness and ruin, but are a true Medicine, made from the Native Herbs and Herbs of California, free from all Alcoholic Stimulants.

FOR FEMALE COMPLAINTS, whether in young or old, married or single, the cause of "menstruation" or "the turn of life," these Bitters have no equal.

FOR INFLAMMATORY AND CHRONIC RHEUMATISM and Gout, Dyspepsia, or Indigestion, Bilious, Remittent and Intermittent Fevers, Diseases of the Blood, Liver, Kidneys, and Bladder, these Bitters have been most successful.

DYSPEPSIA OR INDIGESTION, Headache, Pain in the Stomach, Cough, Tightness of the Chest, Distension, Sour Eructations of the Stomach, Bad taste in the Mouth, Bilious Attacks, Papillation of the Heart, Induration of the Lungs, Pain in the regions of the Kidneys, and a hundred other peculiar symptoms, are the offspring of Dyspepsia.

They invigorate the Stomach and stimulate the torpid liver and bowels, which render them of unequalled efficiency in cleansing the blood of all impurities, and imparting new life and vigor to the whole system.

FOR RASH, ERYTHEMA, Eruptions, Tetter, Salt Rheum, Patches, Itch, Pimples, Furuncles, Boils, Carbuncles, Ring Worms, Scald-Head, Bare Eyes, Erysipelas, Itch, Scabs, Discolorations of the Skin, Humors and Diseases of the Skin, of whatever name or nature, are literally expurgated and carried out of the system in a short time by the use of these Bitters.

Cleanse the Vitiated Blood whenever you find its impurities breaking through the skin in Pimples, Eruptions or Sores; cleanse it when you find it obstructed and stagnant in the veins; cleanse it when it is foul, and your feeling will all go well. Keep the blood pure and the health of the system will follow.

PIN, WARTS and other WORMS, impeding in the system of so many thousands, are effectually destroyed and removed. For full directions, read carefully the circular around each bottle, printed in four languages—English, German, French and Spanish.

J. WALKER, Proprietor, R. H. McDONALD & CO., Druggists and Gen. Agents, East Fremont, Cal., and 33 and 34 Commerce Street, New York.

SOLD BY ALL DRUGGISTS AND DEALERS.

1780 TAKE NOTICE. 1871

Are You Afflicted or Sick? USE FAHNEY'S BLOOD CLEANSER OR PANACEA!

AN Alternative and Cathartic, or Tonic and Purge, for diseases arising from bad blood. This preparation was established in 1870, and has been prepared in liquid form for more than 18 years.

The Trade Mark of the oldest and genuine, is printed in green on a yellow wrapper, having also the signature of P. Fahrney, M. D., Chicago.

Dr. P. Fahrney's Health Messenger gives the history and uses of the BLOOD CLEANSER, testimonials, and other information, sent free charge. Address DR. P. FAHNEY'S BROTHERS & CO., Waynesboro, Franklin County, Pa.

Sold everywhere and in New Bloomfield by F. MORTIMER & Co., only.—518

FOR EVERYBODY!

ONE of the most useful articles ever invented, IS KENNEDY'S Novelty Flexible HAND-PRINTING PRESS.

With this little Press every man can do his own printing at a trifling expense, as the price of a machine is no greater than the cost of printing a lot of Cards or Envelopes. Every one who sees it says it is Just the Thing, and should be owned by every business man.

These presses are for sale by the subscriber who is now canvassing this vicinity with specimens, soliciting orders. JOHN O. MOORE, New Bloomfield, Pa.

Why Keep That Cough?

When a bottle of Rohrer's Lung Balm will cure it. It is pleasant to take, and more effective than any other cough medicine. Try it for sale by F. Mortimer & Co., New Bloomfield, and most other stores in the county.

CONSUMPTION. ITS CURE AND ITS PREVENTIVE.

By J. H. SCHENCK, M. D.

Many a human being has passed away for whom death there was no other reason than the neglect of known and indisputably proven means of cure.

DR. JOSEPH H. SCHENCK'S SIMPLE TREATMENT, and availed themselves of his wonderfully efficacious medicine, they would not have fallen.

The Sea-Weed Tonic and Mandrake Pills are the first two weapons with which the chronic disease of Consumption is assailed.

The Mandrake Pills are one of Nature's noblest gifts—the Pterodiplum Meltatum. They possess all the blood-purifying, alterative properties of calomel, but without its deleterious effects.

THESE TWO STING REMEDIES. The work of cure is now beginning. The vitiated and impure blood in the bowels and in the alimentary canal are cleared.

A SUFFICIENT DOSE OF GOOD BLOOD. The Sea-Weed Tonic, in conjunction with the Pills, permeates and assimilates with the blood by its function is now progressing without its previous tortures.

THE SECOND THING IS, the patient must stay in a warm room until they get well; it is almost impossible to prevent taking cold when the lungs are diseased, but it must be prevented.

Many years ago I was in the last stages of consumption; confined to my bed, and in my despair, physicians thought that I could not live; I was, then, like a drowning man catching at straws, I heard of a cure, and I tried it.

DR. JOHNSON, HOLLOWAY & COWDEN, 602 Arch Street, Philadelphia, Wholesale Agents. 5 23 1/2

English Roofing Felt

Is found to stand well in all climates, being extensively used for Roofing Houses, Out-Buildings and Sheds; for Laying Flat Roofs, Gutters, Lining Granaries, Storehouses, or Walls, (either outside or inside), and for placing under Slates or Tiles.

THREE-PLY FELT FOR ROOFING. In Rolls, 26 inches wide, by 50 feet in length; each roll will cover a surface 10 feet square, or 100 square feet.

It is to be laid across the roof, shingle fashion, with a lap of two inches, and secured by nailing the edges with 3d nails and tin caps.

When laid, the Felt is to be painted with Mastic Roof Coating, and Sanded. The Mastic Roof Coating is mixed, ready for use, and is applied with a brush.

Use extensively for Sheathing Houses, and for Tar and Gravel Roofing, also for placing under Slate, Tin and Shingle Roofing.

It is used in packing Woolens and Furs to protect them from moths. Put up in rolls weighing 45 pounds each. 15 pounds Felt will cover a surface of 100 square feet.

TWO-PLY FELT, For Sheathing Houses, Roofing Temporary Buildings, making Water-Tight Floors, and for placing under Slate and Shingles.

HUMOROUS.

A Braggart of a Joke, in a letter to the Sun, says: I entered a barber's shop, and I asked the boss, "could he shave a note for me?"

He said, "No." So I got shaved. He used ice cream for lather; it's an improvement on the old style, because when you get a dab in your mouth it tastes much better than soap.

I saw a queer sight on his back window. It was a fellow bobbing up and down. The barber said it was a man who three months ago jumped off a six-story building. He had on thick soled India rubber shoes. He struck on the pavement, and had been bounding up and down ever since.

He told me that they fed him by filling rubber balls with hash, and he catches them on the bound. I told him that was a good quality of rubber, and I asked him how many stories his building had; he said, "Five." "Well," said I, "you had better add the one you have told me, and you will have six."

"These ladies are like birds that are on the wing," said a humorous clerk to his employer, as a bevy of shop damsels left the store. "Why so?" asked the proprietor. "Because it takes them a long time to settle upon their purchase," (perches,) replied the clerk.

Two Irishmen were going to fire off a cannon, just for fun; but being of an economical mind, they did not wish to lose the ball, so one of them took an iron kettle in his hand to catch it in, and stationing himself in front of the loaded piece, he exclaimed to the other, who stood behind, holding a lighted torch, "Touch it off aisy."

A little girl came into my house one day, and some apple parings lay on a plate on the table. After sitting awhile she said: "I smell apples." "Yes," I replied, "I guess you smell those parings on the plate." "No, no," said she; "it ain't them I smell; I smell whole apples."

A Liverpool pilot adrift in the Irish Sea, during a dense fog, and unable to find the entrance into the river Mersey, is said to have ferreted out two lines from a well-known hymn: "That Mersey I to others showed, That Mersey show to me."

In Howard county, Ind., the churches are in an uproar because a minister complains that he has been compelled to preach with only two cents in his pocket. Well, how much money does a minister want to lug around with him, any way.

A servant girl who was employed to pickle her master's cabbage, took the opportunity to cabbage the master's pickles. She is the same woman who was happy and careless when she was young, and cappy and hairless when she was old.

"Who is that foreign lady with the extremely low-cut dress?" asked a gentleman of a bystander at a party the other day. "That is Miss Chemisoff, a Russian lady," was the reply. Who can improve on that name?

A Warsaw man saw a war among the wives and widows of Warsaw, and remarks that "of all the wars we ever saw, we never saw a war like the war we saw among the wives and widows of Warsaw."

"Mother, what are blood relations?" "Why, they are near relatives, my son." "Then, mother," replied the boy, after musing awhile, "you must be the bloodiest relation I've got."

A correspondent says he has a friend who is growing weaker and weaker every day, and that he has already arrived at that point where it is with the greatest difficulty that he can raise five dollars.

"Pat, where's yer brother?" "Och, thin, me darlint, he's dead, sir." "But how did he die?" "Well, sir, you see, he fell off the scaffold one day when the priest was talkin' to him."

The hay crop must be a failure in Laconia, N. H., for the local journal says "that grasshoppers have got lame trying to hop from one blade of grass to another."

A young man who was sent to Maine to examine the condition of a mill after a late freshet, reported by due course of mail as follows: "I find a dam by the mill-site, but no mill by a dam-site."

Josh Billings says: "Never do any work before breakfast. If it is necessary to work before breakfast have your breakfast first."
